Background

Last year, the 88th Texas Legislature directed TABC to:

1. conduct a study of the privileges granted to winery permits and other issues relating to the wine industry, and
2. submit a report containing the findings of the study to the Legislature no later than Aug. 31, 2024.

After conducting a thorough study of these issues, TABC has developed a draft report and is giving stakeholders a chance to review the report, ask questions, and provide input before the agency finalizes and submits it to the Legislature.
