COMMENTS OF THE CITY MANAGER AND COUNCIL PERSONS AND GENERAL DISCUSSION:

ADJOURN:

MARYSVILLE CITY COUNCIL MEETING MINUTES
June 9, 2025 at 7:00 P.M.
Council Chambers – 209 S. Main Street – 2nd Floor

This meeting is available to watch by clicking here

President Boerger called the meeting to order at 7:00 p.m.

PLEDGE OF ALLEGIANCE: The Pledge of Allegiance was led by President Boerger.

INVOCATION: The invocation was given by President Boerger.

CITY COUNCIL MEMBERS PRESENT: Donald Boerger, Henk Berbee, Steven Wolfe, Mark Reams, Scott Hunter, Zack Bordner and Julie Kramer.

CITY ADMINISTRATION PRESENT: *City Manager* Terry Emery, *Law Director* Tim Aslaner, *Assistant Finance Director* Sandy Hoover, *Police Chief* Tony Brooks, *Fire Chief* Nate Burns, *Public Service Director* Jeremy Hoyt, *City Engineer* Kyle Hoyng, *Planning and Development Manager* Ashley Gaver, *Director of Human Resources* Tara Maine, *Director of Economic Development* Eric Phillips and *Clerk of Council* McKenzie Proudfoot.

ADDITIONAL PERSONS PRESENT: *Marysville Journal Tribune* Mike Williamson, Brett Tossey, Dick Roggenkamp, Peggy Murgatroyd, Bob Bailey, Dan Fitzgerald, Nancy Davis, Ron Boylan, Suzanne Boylan, Bart Barok, Aaron Underhill, Paige Ritter, Bryon S., Bob Hammond, Crista Miller, Ron Miller, Nieca Nowels, Mary Ann Haynes, Adam Darst, Amber Darst, Justin Nahvi, Mary Clemans, Larry Clemans, Joel Haynes, Beverly Cotton, David Cotton, Kevin Boerner, Jon Alexander, Megan Keighley, Beverly Low, Tim Shier, Ann Aquillo, Chie Matthews, R.M. Rausch, Lynn Miller, Allison Pade-Green-Tossey, Christin Clark, Kristy Clark, Trisha Haynes, Sue Devine and Micah Haynes.

APPROVAL OF MINUTES: Councilman Bordner moved to approve the May 27, 2025 City Council Meeting Minutes as presented; voice vote in favor was unanimous.

CHARTER REVIEW BOARD SUBMITTAL OF PROPOSED CHARTER AMENDMENTS: Justin Nahvi, who served as Chairman of the Charter Review Board, presented amendments from the Board to be certified by City Council, and given to the Board of Elections, as shown in Exhibit A.

Councilman Hunter moved to certify the amendments to the Board of Elections to be submitted to the electors at the next regular municipal election on November 4, 2025, and the question put, stood:

Mr. Berbee YES; Mr. Boerger YES; Mr. Hunter YES; Mr. Reams YES; Ms. Kramer YES; Mr. Bordner YES; Mr. Wolfe YES.

Vote 7-0; Motion carried for the amendments from the Charter Review Board to be certified to the Board to elections and then submitted to the electors at the next regular municipal election on November 4, 2025.

ADMINISTRATIVE REPORT: Manager Emery provided the following updates:

- The Touch A Truck event saw approximately 650 attendees. It was a fantastic turnout and he thanked all City employees who participated in last week's event.
- The next Friday Night Uptown event, Wine Fest, will occur on June 13th from 6:00 p.m. – 10:00 p.m. Music will be given by Shucking Bubba Deluxe and Rock this Way. The event is sponsored by Honda Marysville.
- City offices will be closed Thursday, June 19th in observance of Juneteenth. On Juneteenth, the City will be hosting a Juneteenth Celebration and Community breakfast at 8:30 a.m. at Partners Park. Breakfast will be provided by McKinley's Grille and Yeasty Boys Bakery & Delicatessen. Music will be presented by the MHS Jazz Band, remarks will be given by City Council President Donald Boerger and there will be a presentation by Judge Robert W. Parrott.

Director Hoyt provided the following update from Maintenance and Operations:

- Streets: City Crews are performing routine maintenance on US 33.
- Parks: City Crews are preparing for this weekend's Uptown Friday Night, PrideFest and Farmer's Market. City Crews are also performing athletic field maintenance and young tree pruning.
- Water: City Crews continue to perform restoration work at Park Avenue. The average water usage was 4.2 million gallons per day, (MGD) with a peak of 5.0 MGD last week. This is about 20% higher than our winter usage.
- Wastewater: City Staff have selected Hazen and Sawyer to perform the design work for the upcoming Tertiary Filter upgrade project.

Engineer Hoyng provided the following updates from Engineering:

- The traffic cabinet artwork project started last week with the traffic cabinet at Partner's Park. Artwork will continue to be installed on the remaining traffic cabinets in the Uptown throughout the summer, weather permitting.
- Colemans and Industrial Roundabout: Construction continues. The intersection of Industrial Parkway and Coleman's Crossing will be closed for approximately 90 days. Staff continues to monitor traffic along the detour route and make any necessary adjustments to the traffic signal schedules.
- Chestnut Waterline Improvements: Chestnut Street waterline work is complete. Our contractor will be paving Chestnut Street between 6th Street and 7th Street this week.
- Carriage Acres and Cherry Street Sanitary Improvements: Sanitary work is scheduled to begin on June 9th. During the first phase of this project, N. Cherry Street will be closed to thru traffic, between E. 4th Street and Lakeview Drive.
- Reservoir Connector Trail, Phase 2: Construction continues this week.
- Walnut Street Sidewalk Improvements: Construction continues this week.

Lastly, Manager Emery provided an update regarding the Transportation Innovation Award that the City received. Two pictures were shown as provided in Exhibit B. Accepting the award from the City was City Engineer Kyle Hoyng, Transportation/ Mobility Engineer Brian Mullaney and Economic Development Administrator Inge Witt. The City of Marysville and DriveOhio were honored with the Award in the Pilot and Testing category at the 2025 Transportation Innovation Forum. This award was co-sponsored by the Mid-Ohio Regional Planning Commission and Smart Columbus. This award recognizes Marysville's exceptional work on the Connected Marysville initiative, and its significant contributions to mobility solutions in the Columbus Region. The forum celebrates innovative transportation systems that are shaping the future of the area.

Councilman Reams said when driving on 5th Street and passing cross roads without any traffic, in the past, it seems like he would have had a red light, but it has stayed green. He asked if that is a part of this project. Manager Emery said yes, it is a piece of this project. Councilman Hunter congratulated the City on this award, it is great to be a part of a City that is at the forefront of this technology. As someone who works in the automotive industry, a goal is to live in a zero fatality society from vehicles. Not only is it about vehicles being safer, but it is also about our infrastructure being safer. Manager Emery said more information regarding this program will be presented at a Work Session in the future. Some information was also reviewed with the Public Safety/ Service Committee earlier in the evening.

REPORT OF CLERK OF COUNCIL: Clerk Proudfoot provided an update regarding the City's plans for the America 250 celebration to occur in 2026. She said Council passed a Resolution in 2025 which stated the City's intent to participate in events to commemorate America's 250th birthday. Karen Eylon, Director of Union County Tourism, and her team have been leading initiatives County-wide, and representatives from the City have been meeting with other County representatives on a bi-monthly basis. Internal City meetings have also been occurring on a bi-monthly basis. Plans have not been finalized yet, but Council will see more information in the 2026 Budget for review and approval. President Boerger said this could mean flags and banners in the Uptown, and coordination between municipalities across the County. For the City, an event will likely occur around the 4th of July.

REPORT OF ECONOMIC DEVELOPMENT: None.

PARKS AND RECREATION COMMISSION REPORT: Councilman Wolfe stated that the May Parks and Recreation Commission meeting was cancelled. The next meeting is scheduled for June 17th at 6:00 p.m. and is scheduled to occur with City Council.

HEARING OF CITIZENS: None.

RESOLUTIONS:

Res. A 1st Reading Introduction — TO ACCEPT THE CITY OF MARYSVILLE IAFF LOCAL 3032 COLLECTIVE BARGAINING AGREEMENT JULY 1, 2025 – JUNE 30, 2028 AND TO DECLARE AN EMERGENCY

Administration: Manager Emery said before Council is legislation requesting to approve the Collective Bargaining Agreement (CBA) for the Fire Division. Director Maine said the CBA is a result of seven negotiation meetings, and the process followed terms as they are outlined in the Ohio Revised Code. The terms of employment have been evaluated to meet the economic needs of our workforce, and ensure the Fire Division is equipped and supported to serve the needs of the citizens. Manager Emery said the desire is to have the updated agreement in place by July 1st. As a result, there is a request to add an Emergency Clause and to waive the Third Reading.

Council: Councilman Berbee asked for a summary of the changes from this CBA to the CBA that is currently in place, Director Maine said she can provide that comparison.

Councilman Berbee moved to pass the Emergency Clause and the question put, stood:

Mr. Boerger YES;	Mr. Hunter YES;	Mr. Reams YES;	Ms. Kramer YES;
Mr. Bordner YES;	Mr. Wolfe YES;	Mr. Berbee YES.	

Vote 7-0; Motion carried, Emergency Clause passed.

Councilman Berbee moved to waive the Third Reading and the question put, stood:

Mr. Hunter YES; Mr. Reams YES; Ms. Kramer YES; Mr. Bordner YES;
Mr. Wolfe YES; Mr. Berbee YES; Mr. Boerger YES.

Vote 7-0; Motion carried, Third Reading waived.

To be back for Second Reading, Public Hearing, and Vote, on June 23, 2025.

ORDINANCES:

Ord. A 3rd Reading Vote — TO ACCEPT THE ANNEXATION OF CERTAIN TERRITORY CONTAINING 243.94 ACRES IN PARIS TOWNSHIP, UNION COUNTY TO THE CITY OF MARYSVILLE, OHIO, KNOWN AS MARYSVILLE NORTH

Administration: None.

Council: None.

Councilman Reams moved to pass the legislation and the question put, stood:

Mr. Reams YES; Ms. Kramer YES; Mr. Bordner YES; Mr. Wolfe NO;
Mr. Berbee ABSTAINED; Mr. Boerger YES; Mr. Hunter YES.

Vote 5-1; Motion carried for the passage of Ordinance 018-2025.

Third Reading, Vote, of Ord. B was tabled to 06/09/25 on 04/28/25

Ord. B 3rd Reading Vote — TO APPROVE PLANNING COMMISSION'S RECOMMENDATION TO APPROVE THE PLANNED UNIT DEVELOPMENT ZONING FOR THE MARYSVILLE NORTH PLANNED UNIT DEVELOPMENT

Administration: None.

Council: Councilman Bordner thanked Bart Barok of Rockford Development Investments, for his transparency in the process. Many meetings have taken place and concessions were made, he appreciates his due diligence and support. Councilman Hunter said for a development of this size between Routes 4 and 31 to come through without a single citizen comment, surprised him. While at the same time, this development reflects a number of entrances and exits, it will have a New Community Authority in place to pay for infrastructure needs and overall, the development is well thought out and planned. President Boerger said this project has been about two-and-a-half years in the works, at least. We have City Planning Staff to ensure we are always building better today than we did yesterday. When comparing newer developments to older developments in Marysville, you can see the level of improvement and expertise we have made, and that will continue.

Councilman Bordner moved to pass the legislation and the question put, stood:

Ms. Kramer YES; Mr. Bordner YES; Mr. Wolfe NO;

Mr. Berbee ABSTAINED; Mr. Boerger YES; Mr. Hunter YES; Mr. Reams YES.

Vote 5-1; Motion carried for the passage of Ordinance 019-2025.

Ord. C 3rd Reading Vote

TO APPROVE AMENDMENTS TO THE AGREEMENT TO CREATE THE MARYSVILLE-JEROME TOWNSHIP JOINT ECONOMIC DEVELOPMENT DISTRICT, AUTHORIZING THE INCLUSION OF CERTAIN ADDITIONAL PROPERTY WITHIN SAID DISTRICT, KNOWN AS THE KIA EXPANSION AMENDMENT

Administration: None.

Council: Councilman Border explained that the Joint Economic Development Agreement (JEDD) with the City of Marysville and Jerome Township allows the City to collect a portion of the income tax imposed on the properties within the JEDD. This is an economic driver and revenue resource for the City, which is a good thing.

Councilman Bordner moved to pass the legislation and the question put, stood:

Mr. Bordner YES; Mr. Wolfe NO; Mr. Berbee YES; Mr. Boerger YES; Mr. Hunter YES; Mr. Reams YES; Ms. Kramer YES.

Vote 6-1; Motion carried for the passage of Ordinance 020-2025.

Ord. D 3rd Reading Vote

TO AUTHORIZE SUPPLEMENTAL APPROPRIATIONS FOR VARIOUS PURPOSES AND TO AMEND THE 2025 ANNUAL OPERATING BUDGET

Administration: None.

Council: None.

Councilman Berbee moved to pass the legislation and the question put, stood:

Mr. Wolfe YES; Mr. Berbee YES; Mr. Boerger YES; Mr. Hunter YES; Mr. Reams YES; Ms. Kramer YES; Mr. Bordner YES.

Vote 7-0; Motion carried for the passage of Ordinance 021-2025.

Ord. E 3rd Reading Vote

TO SET COMPENSATION FOR CITY COUNCIL IN 2026 AND 2027

Administration: None.

Council: Councilman Hunter said the City Charter outlines that City Council shall vote on the salary of future the Council. These increases allow the salary of City Council Members to be slightly above the minimum required annual salary to qualify for OPERS benefits. As a City Council Member, he is not in it for the money, and he does appreciate the collaboration with City Staff regarding this.

Councilman Hunter moved to pass the legislation and the question put, stood:

Mr. Berbee YES; Mr. Boerger YES; Mr. Hunter YES; Mr. Reams YES;

Ms. Kramer YES; Mr. Bordner YES; Mr. Wolfe NO.

Vote 6-1; Motion carried for the passage of Ordinance 022-2025.

Ord. F 3rd Reading Vote — TO SET COMPENSATION FOR THE CITY LAW DIRECTOR FROM 2026 - 2029

Administration: None.

Council: Councilman Reams said the reason for this Ordinance is the same as with Ordinance E, the salary for the future is required to be set prior to the November election.

Councilman Hunter moved to pass the legislation and the question put, stood:

Mr. Boerger YES; Mr. Hunter YES; Mr. Reams YES; Ms. Kramer YES;
Mr. Bordner YES; Mr. Wolfe YES; Mr. Berbee YES.

Vote 7-0; Motion carried for the passage of Ordinance 023-2025.

Second Reading, Public Hearing, of Ord. G was tabled to 06/09/25 on 05/12/25

Ord. G 2nd Reading Public — TO ACCEPT THE ANNEXATION OF CERTAIN TERRITORY CONTAINING 306.96 ACRES IN PARIS AND DOVER TOWNSHIPS, UNION COUNTY TO THE CITY OF MARYSVILLE, OHIO, KNOWN AS MARYSVILLE EAST SECTION IV

Administration: Manager Emery said this Ordinance states the City has the ability to serve this area if it passes. Councilman Reams said it is important to keep in mind that comments for this Ordinance should be limited to the City's ability to serve this area from a utility, police, fire, etc., perspective. Comments regarding the zoning of this land should be held for Ordinance H. Director Aslaner added that this Ordinance also contemplates whether the City desires to redraw its corporate boundaries and to accept this land into the City.

Citizens: Amber Darst said while she doesn't live within the limits of the City of Marysville, she has called Marysville home for more than 40 years. She and many neighbors have several hundred feet of shared property line with this annexation. We support the local schools, library, grocery stores and other local resources. Many of us have businesses in Marysville. She spoke to a recent Marysville Matters poll and cited responses related to the perception of local residents as it relates to growth being well thought out, trust in City leaders, both elected and employed, etc., and the poll was not favorable for the City. She asked City Council if they are going to listen to the will of the people? Also, she implored City Council Members to serve the residents, as opposed to being wooed by the New Albany Company. She said bringing in annexations in smaller increments is a dirty tactic that is being applied. She challenged City Council to remember the referendum that passed on a development a few years ago, and said the same will happen again if this Ordinance passes. She said we may be looked at as non-residents, but we consider this community our home. We will fight for Marysville, and for our neighbors, even if you won't.

Joel Haynes said all humans need to survive is food, shelter and water. He spoke to concerns with aquifer depletion around the globe, and cited a survey that showed significant decline in the United States since 1980, with the most damaging year

being 2022. He spoke to concerns with aquifer depletion for the land proposed to be annexed as a result of the proposed development. Aquifer depletion can cause land sinkage, which causes infrastructure changes and wells to run dry. He said arsenic occurs naturally in nature, and when clay compresses down it gets higher in concentration.

Mary Clemans asked Council Members if they live in homes where they are near other homes similar to their own or have mixed housing options, and/or are near business, churches, etc. Further, she asked Council Members if they chose to live in their home because of what is nearby. Then, she asked Council Members if they live where annexation or rezoning could have a direct impact, and asked if they would like to live within feet of an industrial complex, where many different industries could emerge, and you have no idea what will move in. She asked Council Members to imagine that scenario and being powerless, feeling like there is nothing you can do about it. She asked for this Ordinance to be paused to allow time for town hall meetings to occur with residents, City, Township and County Commissioners, so that everyone can come together to have a real conversation regarding the proposed annexation and zoning. Doing so would allow those most affected by this to have their voices heard in a meaningful way. She said she heard that some of this land is in a conservation and she doesn't see how the developer can ask for that to be removed. If we are not good stewards of the land today, what does that leave for the generations to come? No number of walking trails and designed green space can replace the natural environment. It is important for the City to consider these things before hastily annexing more and more, at the request of an outside developer, when we will continue to live here with the consequences.

Ron Miller said he is a Marysville High School graduate and a long time active community member. He asked that City Council pause or stop this annexation to offer town hall meetings before taking their vote. He desires to maintain the rural environment where he lives. He said he expected Marysville to grow toward his home, but he expected that growth to be residential. He asked that City Council Members vote to stop or table this annexation because we cannot go back once this is finalized. We need to ensure we have the best plan in place moving forward. He spoke to concerns with the constant noise he will have to live with, and asked City Council Members to show they care about their neighbors.

Mary Ann Haynes said Marysville is her hometown. Just because these annexations are occurring in stages doesn't make it right. There have already been other annexations with the same project by the same developer. When the zoning for other parts of Marysville East came though, we were under the impression that the land was going to be residential. Now that is changing. She asked for town hall meetings to allow everyone to be able to speak and discuss this topic further. Additionally, she asked that the area along Jolly Road remain in conservation. She said it appears that Manager Emery may have a conflict of interest since he serves as Chairman of the Beta District and that is what Innovation Park is all about.

Director Aslaner said it is pertinent that comments are related to this annexation. If comments involve land use, they need to wait until the next Ordinance. It is important that the two are distinguished.

Krista Miller said her father also spoke, and his home is one of her favorite places to be. She spoke to her previous involvement on the Parks and Recreation Commission and as Paris Township Trustee. She also asked for a pause on this annexation to allow the opportunity for town hall meetings. She said the Comprehensive Plan doesn't mention the north side of Watkins Road being annexed to include oversized box buildings. She asked if Marysville needs 800 acres of more industrial park, which is larger than the size of Innovation Park, and still has vacancies. She asked Council Members not to consider if they could allow this annexation, but if they should allow this annexation.

Kristy Clark asked why the City needs to annex this land, because the City doesn't need to develop anymore. Marysville needs to slow down to give the Schools, first responders, Health Department, etc. time to catch up. She also asked for a pause on this annexation to allow time for town hall meetings. The City doesn't need the jobs, the pollution or the noise.

Councilman Reams clarified that annexations are not initiated by the City. This is a request to annex from land owners. Ms. Darst added that their land will not be annexed, but will abut the land proposed to be annexed.

Council: President Boerger said he understands that when information is submitted to City Council it can feel like voices are not heard, but that is not true. Letters and emails do not fall on deaf ears. Councilman Hunter said the process of annexation involves property owner(s) who seek to have their land brought into the corporation limits. The City must then assess if we have the ability to service that land and provide emergency response. He said he is more than willing to talk to people and to hear comments. When considering annexation, there can be negative consequences, and he is trying to take all matters into consideration. He said he didn't run for City Council on yes growth or no growth, he ran on responsible growth.

To be back for Third Reading, Vote, on June 23, 2025.

Ord. H 2nd Reading Public Hearing — TO APPROVE PLANNING COMMISSION'S RECOMMENDATION TO APPROVE A ZONING AMENDMENT APPLICATION TO REVISE THE PLANNED UNIT DEVELOPMENT FOR THE MARYSVILLE EAST SECTION I PLANNED UNIT DEVELOPMENT (PUD)

Administration: None.

Citizens: Lynn Miller said she lives on one of the most impacted properties of this development, and has 600 feet of frontage adjacent to it. She said she met with the New Albany Company (NACO) last Thursday to discuss concerns regarding an industrial park. She said she is asking for a 400 foot buffer and a height limit of 40 feet next to homes. Additionally, she said she asked for restrictions on the types of businesses that can locate next to residences. She said she is concerned with AES and their ability to service this development, and also spoke to concerns with the aquifer. This development will have a negative impact on property values, and there will be noise and light pollution. Additionally, she spoke to concerns with water run-off and the flood plain that is in the area. She asked who will maintain the mounding, trails, etc., when the developers leave? She said she hopes that City Council will pause their vote on this Ordinance to allow more time for concerns to be heard and

for questions to be answered. Developers will come and go, and we deserve representatives that will keep our best interest in mind.

Amber Darst said having the Annexation and Zoning Ordinances aligned shows the community that the intent is to vote yes. We are talking about zoning for land that isn't in the City yet. Annexations and zonings shouldn't run concurrently anymore. Residents shouldn't have to meet with developers by ourselves to make these deals. It should be the townships, the City and the County setting the ground rules ahead of time, so that when developers come in, they can be told the rules they are to abide by. If that were the case, this conversation wouldn't need to happen. She asked for this legislation to be paused so that the community can have a say. This is more than just a 300 acre parcel, which is about 15% of the current size of Marysville. She thanked City Council for all they do and said she appreciates City Council Members listening.

Councilman Bordner said we hear you, and just because you didn't vote for me or for the rest of this body, you are our neighbor. When Marysville East Section II came in, he met with the neighbors in Buxton Meadows to understand their perspective, and so did NACO. When the time for a vote came, the room was empty because they were able to come to a consensus. He said he fully expects the same outcome with this Ordinance.

Mary Ann Haynes said Marysville is her hometown. She said she didn't show up for Marysville East Section I previously because she thought it was going to be residential. Now, it is being switched to industrial. She said she and others feel like a fast one has been pulled on them. She asked who is going to pay for the new wells that will have to be drilled when our wells go dry, and who pay for the generators when we have rolling blackouts because of data centers? The air quality will become dangerous. She asked that data centers be removed from the permitted use list. Additionally, she said she is concerned with how Marysville will look when coming into the City from Dublin. Land is still available in Innovation Park. She said she is requesting town hall meetings to allow for public input. She cannot see how the grass will be greener in the future in Marysville.

Nancy Davis said if rezoning is occurring in the country, the surrounding property owners should be the only ones that have a vote.

Joel Haynes said he is from Marysville and has smelled the smells of Marysville his entire life. Smoke stacks and data centers should no longer be allowed. Brown outs do occur, and there are 28 cities screaming right now because they wish they had known the resources that are used by data centers. The City needs to be considerate of the neighbors that will be depleted.

Council: President Boerger thanked everyone who had the courage to come and speak this evening. We listen and hear you. Notes were taken and we will continue to discuss your concerns moving forward. Councilwoman Kramer said she heard it said that the only way to have meaningful participation is with town hall meetings. However, she said the public participation tonight *is* meaningful. People have written to us and shown up, your love for the community is apparent. This is meaningful, and the more we can exchange and share fact-based information, the better. This is important. Councilman Reams said he knows there was public participation when

this was presented to the Planning Commission as well, and he plans to go back and listen to that meeting. Councilman Hunter asked about the process of businesses drilling wells within City limits. Director Hoyt said for the most part in the City, there aren't businesses that utilize wells. That is a reason to annex into the City, to have access to public drinking water. Councilman Hunter said regarding the comments as it relates to the Schools catching up, this is the type of zoning that would be advantageous. We have to consider if we are overdoing it on residential development. Serving residents adds more of a cost to the City. Generally, when businesses come in, that is what brings revenue to the City. There are advantages to incorporating areas for businesses, and the growth of businesses in the City allows the services the City provides to be better funded. Further, he asked if there is a plan to continue the dialogue. Dick Roggenkamp, Managing Director at NACO said they met with residents last Thursday to hear concerns. They wanted to take the opportunity to hear concerns tonight as well. He said they expect to meet with residents again prior to the final vote of this legislation. Councilman Bordner said it is important to ensure that the dialogue continues. There are concerns with water, noise, pollution, light, property values, etc. We need to make sure residents are comfortable with plan before the 3rd Reading can occur. Councilman Wolfe said he shares many of the same concerns heard this evening. The comments heard do carry weight and he has been critical of developments coming into the City. Councilman Berbee said at the First Reading, it was our understanding that more information regarding Permitted and Conditional Uses would be presented to us this evening, and he asked for an update. Aaron Underhill said getting information together took longer than expected, but we will be prepared with that information at the next meeting, along with the request that was mentioned by Councilman Bordner at the First Reading regarding comparisons of proposed changes.

Councilman Berbee asked if there should be consideration of tabling this legislation, given all of the outstanding items to be considered. There was extensive dialogue and Mr. Roggenkamp, Mr. Barok and Mr. Underhill committed to notifying the City Administration, City Council and the leader of the community members that have spoken, Amber Darst, ahead of the Third Reading on June 23rd, if they intend to request, at that meeting, to table the Third Reading and Vote until July 14th. Director Aslaner explained that if this Ordinance is amended, which requires six votes in favor from Council because this Ordinance is a recommendation from Planning Commission, then the Ordinance will automatically go back to Second Reading, Public Hearing, and there will be the opportunity for citizens to speak regarding the amendments as a result.

To be back for Third Reading, Vote, on June 23, 2025.

Ord. I 1st Reading Introduction

TO AUTHORIZE THE ISSUANCE OF NOTES IN THE AMOUNT OF NOT TO EXCEED $1,435,000 IN ANTICIPATION OF THE ISSUANCE OF BONDS FOR THE PURPOSE OF (I) DESIGNING, ENGINEERING, AND CONSTRUCTING VARIOUS STREET IMPROVEMENT PROJECTS, WITH SITE AND CURB IMPROVEMENTS RELATING THERETO, (II) CONSTRUCTING VARIOUS IMPROVEMENTS TO PARKS AND RECREATION FACILITIES, WITH RELATED SITE IMPROVEMENTS AND APPURTENANCES THERETO, (III) CONSTRUCTING AND IMPROVING VARIOUS STREET RESURFACING AND PAVING PROJECTS THROUGHOUT THE CITY, (IV) ACQUIRING VARIOUS FIRE, POLICE AND EMS EQUIPMENT, WITH RELATED IMPROVEMENTS AND APPURTENANCES, (V) ACQUIRING, DEVELOPING, DESIGNING, IMPROVING AND INSTALLING INFORMATION SYSTEMS

AND RELATED INFORMATION TECHNOLOGY, AND (VI) PAYING COSTS ASSOCIATED WITH DESIGNING, CONSTRUCTING, FURNISHING, AND EQUIPPING A NEW FIRE STATION, WITH RELATED SITE IMPROVEMENTS AND APPURTENANCES THERETO; AND RETIRING NOTES PREVIOUSLY ISSUED FOR SUCH PURPOSE; AND AUTHORIZING AND APPROVING RELATED MATTERS

Administration: Assistant Director Hoover said this is a recurring piece of legislation that allows us to issue the note for the current 2024B when it becomes available. This isn't the set-in-stone amount that we will need to pay down, and we will be able to evaluate what makes the most sense when the time comes.

Council: Councilman Berbee said determining the payment is somewhat fluid, will we want to use all of the liquidity we have to pay off the note or do we wait? In another four weeks, we will have a better idea of the answer to that question.

To be back for Second Reading, Public Hearing, on June 23, 2025.

COMMENTS OF THE CITY MANAGER AND COUNCIL PERSONS AND GENERAL DISCUSSION:

Manager Emery had no further comments for the evening.

Councilman Bordner thanked everyone who came and spoke.

Councilman Wolfe had no further comments for the evening.

Councilman Berbee congratulated the Economic Development team for their hotel occupancy rates, which he read about recently in Marysville Matters. He said he enjoyed the Touch A Truck event. The water hose had the longest line, kids seemed to really have a good time.

Councilwoman Kramer had no further comments for the evening.

Councilman Reams wished everyone a great week.

Councilman Hunter thanked everyone who attended the meeting, and thanked those who also participated. He said this week starts Buckeye Boys State, which brings together the best young men across the State. He thanked Director Aslaner for guiding City Council through various topics this evening. He also thanked the Charter Review Board Members for their service to the City bringing forward the proposed Charter Amendments. He understands the Board Members spent a lot of time considering the changes, and City Staff spent a lot of time answering their questions. Much time and effort went into the process.

President Boerger said the National Low Income Housing Coalition released information that says if you spend more than 30% of your income on housing, you technically qualify for affordable housing. He spoke to how much money people need to earn per hour, or hours they would need to work per week, earning minimum wage, to afford a one- or two-bedroom apartment. He said their report highlights how far wages have fallen behind compared to the cost of housing. Local governments are being pushed everyday to do more and more because the State and Federal government isn't doing enough. If property taxes disappear in Ohio, localities will be stripped of funding, causing a larger burden on Ohio residents. He said he appreciates everyone that attended the meeting, and he will continue to engage with citizens to make Marysville a place where people want to live.

POTENTIAL TO ADJOURN TO EXECUTIVE SESSION TO DISCUSS THE SALE OF PROPERTY: At 9:19 p.m., Councilman Reams moved to adjourn to Executive Session to discuss the sale of property, Councilman Wolfe seconded, and the question put, stood:

Mr. Hunter YES; Mr. Reams YES; Ms. Kramer YES; Mr. Bordner YES; Mr. Wolfe YES; Mr. Berbee YES; Mr. Boerger YES.

Vote 7-0; Motion carried.

At 9:38 p.m., Council adjourned to Open Session.

ADJOURN: There being no further business to bring before Council, Councilman Bordner moved to adjourn the meeting. Affirmative voice vote in favor was unanimous. The meeting adjourned at 9:38 p.m.

CHARTER REVIEW BOARD

CERTIFICATE OF COMPLETION

We, the duly appointed members of the Charter Review Board, have framed the following proposed Charter Amendments, and by majority vote for each amendment, hereby submit the same to the Marysville City Council at their June 9, 2025 regularly scheduled Council meeting.

CHARTER ITEMS RECOMMENDED FOR AMENDMENT:

1. To amend Section 7.02 to allow the Director of Finance to appoint assistants without City Council approval, as the assistants report directly to the Finance Director, and not to City Council or the City Manager. (Attachment A)

2. To amend Section 8.02 to allow City Council by majority vote to fill the vacancy of the Law Director position with a qualified citizen of the State of Ohio in the event no qualified elector of the City runs for the office or if the Law Director position becomes vacant. (Attachment B)

3. To amend Section 9.03.01 by eliminating the limit of two (2) consecutive four (4) year terms imposed on Planning Commission Members and to set the terms at five (5) years with the continued requirement that members be appointed by a majority vote of Council. (Attachment C)

4. To amend Section 10.04 by requiring the City Finance Committee at the annual advertised public hearing on the appropriation budget and ordinance to report to City Council on the feasibility of creating, removing or amending an income tax commuter credit. (Attachment D)

SECTION 7.02. – DIRECTOR OF FINANCE, POWERS AND DUTIES

Summary of Amendment:

To amend Section 7.02 to allow the Director of Finance to appoint assistants without City Council approval, as the assistants report directly to the Finance Director, and not to City Council or to the City Manager.

Proposed Amendment: Sec. 7.02. Director of Finance, powers and duties.

The Director of Finance shall: (a) serve on the Board of Control; (b) serve on the Treasury Investment Board; (c) serve the City Manager and Council as financial advisor in connection with municipal affairs and shall keep the financial records of the municipality; (d) be responsible for the collection of all taxes and assessments and shall disburse the same as may be required by ordinance or resolution and by-law; (e) maintain a general accounting system for the municipality and for each of its officers, departments and agencies; (f) keep books for and exercise financial budgetary control over each office, department and agency; (g) keep separate accounts for the items of appropriation contained in the municipal budget, each of which accounts shall show the amount of appropriation, the amounts paid therefrom, the unpaid obligations against it, and the unencumbered balance; (h) require reports of receipts and disbursements from each receiving and spending agency of the municipality to be made at such intervals as the Director of Finance may deem expedient; (i) compile a schedule of anticipated income for the next succeeding year and submit the same to the City Manager and Council by May 15 of each year; (j) assist the City Manager in the preparation of the budget, and (k) perform other powers and duties prescribed by the general laws for City auditors and treasurers and such other duties that may be prescribed by ordinance.

The Director of Finance may: (a) appoint assistants ~~with the approval of Council~~ to assist in carrying out the above duties; (b) institute systems of central purchasing for all departments, offices, and agencies of the City; (c) perform audits on the financial records of any departments, office or agency of the City or hire with approval of Council outside auditors.

SHALL SECTION 7.02 BE AMENDED AS RECOMMENDED BY THE CHARTER REVIEW BOARD?

SECTION 8.02 – VACANCY OF OFFICE

Summary of Amendment:

To amend Section 8.02 to allow City Council by majority vote to fill the vacancy of the Law Director position with a qualified citizen of the State of Ohio in the event no qualified elector of the City runs for the office or if the Law Director position becomes vacant.

Proposed Amendment: Sec. 8.02. Vacancy of office.

In the event of the death, resignation or recall from office of the Law Director, no qualified elector of the City runs for the office, or ceasing of the Law Director to qualify for such office, Council shall fill the vacancy by appointment of a qualified ~~person~~ citizen of the State of Ohio. The appointment shall be made by a majority vote of Council members. If Council fails to fill the vacancy within 30 days, the President of Council shall make the appointment within 15 days of Council's failure to do so. The appointee shall fill the vacancy until the next regular municipal election. If this election falls in the middle of the term of said Law Director's position, said position shall be filled for the unexpired term.

SHALL SECTION 8.02 BE AMENDED AS RECOMMENDED BY THE CHARTER REVIEW BOARD?

ATTACHMENT C

SECTION 9.03.01 – PLANNING COMMISSION

Summary of Amendment:

To amend Section 9.03.01 by eliminating the limit of two (2) consecutive four (4) year terms imposed on Planning Commission Members and to set the terms at five (5) years with the continued requirement that members be appointed by a majority vote of Council.

Proposed Amendment: **Sec. 9.03.01. Planning Commission.**

The City Planning Commission shall consist of seven (7) citizen members appointed by a majority vote of all Council members. Members shall ~~be limited to two (2) consecutive~~ serve five (5) ~~four (4)~~ year terms. The Chairperson and Vice-Chairperson shall be elected by the members. The power and duties of the City Planning Commission shall be set by ordinance.

SHALL SECTION 9.03.01 BE AMENDED AS RECOMMENDED BY THE CHARTER REVIEW BOARD?

SECTION 10.04 – PUBLICITY AND HEARING ON APPROPRIATION BUDGET AND ORDINANCE

Summary of Amendment:

To amend Section 10.04 by requiring the City Finance Committee at the annual advertised public hearing on the appropriation budget and ordinance to report to City Council on the feasibility of creating, removing or amending an income tax commuter credit.

Proposed Amendment: **Sec. 10.04. Publicity and hearing on appropriation budget and ordinance.**

Upon receipt of the City Manager's annual appropriation budget and message, the Council shall fix a date and place for a public hearing thereon. A notice of this hearing shall be published once in a newspaper of general circulation at least seven days before the hearing date setting forth a summary of the proposed appropriation budget and ordinance and indicating the same are on file in the office of the City Clerk for public inspection during usual office hours. A sufficient number of copies of such annual appropriation budget and ordinance shall be provided to enable interested citizens to inform themselves as to the contents before such public hearing. At the public hearing, the Council shall afford reasonable opportunity for interested citizens to present their views. Furthermore, at this public hearing, the Finance Committee shall report to City Council on the feasibility of creating, removing or amending an income tax commuter credit. The Council may continue such hearing from day to day as may be necessary.

SHALL SECTION 10.04 BE AMENDED AS RECOMMENDED BY THE CHARTER REVIEW BOARD?

RESOLUTION _____

TO ACCEPT THE CITY OF MARYSVILLE IAFF LOCAL 3032 COLLECTIVE BARGAINING AGREEMENT JULY 1, 2025 – JUNE 30, 2028 AND TO DECLARE AN EMERGENCY

WHEREAS, the Administration desires to enter into a Collective Bargaining Agreement with International Associate of Firefighters (IAFF), Local 3032, for a period from July 1, 2025 through June 30, 2028, which is attached and incorporated herein as Exhibit A; and

WHEREAS, the City Manager and Fire Chief have provided tentative agreement on all articles regarding the content of the attached Collective Bargaining Agreement; and

WHEREAS, Local IAFF 3032 has also provided tentative agreement on all articles regarding the content of the successor Collective Bargaining Agreement; and

WHEREAS, the Agreement is in the best interest of both the City and the Local IAFF 3032, now therefore;

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF MARYSVILLE, OHIO, That:

Section I. The City of Marysville Local IAFF 30232 Collective Bargaining Agreement July 1, 2025 – June 30, 2028 is hereby accepted, and the City Manager is hereby authorized to sign said agreement.

Section II. The current Collective Bargaining Agreement ends on June 30, 2025. It is imperative that the new Collective Bargaining Agreement is in full force and effect by July 1, 2025, so that the City's Firefighters are working under an active contract. This Resolution is hereby declared to be an emergency measure necessary for the preservation of the public peace, health and safety of the City and its inhabitants.

ARTICLE 1
AGREEMENT

This Agreement entered into by the City of Marysville, (hereafter referred to as the “City”), and the International Association of Fire Fighters, (Local #3032) (hereafter referred to as the “Local”) provides the following:

It establishes the equitable and peaceful adjustment of differences that may arise; and to establish wages, hours, and other terms and conditions of employment as provided for herein.

ARTICLE 2
MANAGEMENT RIGHTS

Except as specifically limited herein, the City shall have the exclusive right to manage the operations, control the premises, direct the working forces, and maintain efficiency of operations. The City's exclusive management rights include, but are not limited to:

A. To determine matters of inherent managerial policy and procedure (PPM), which include but are not limited to, areas of discretion or policy such as functions and programs, standards of services, budget, use of technology, and organizational structures;

B. To direct, supervise, evaluate, or hire employees;

C. To maintain and improve the efficiency and effectiveness of governmental operations;

D. To determine the overall methods, process, means, or personnel by which government operations are to be conducted;

E. To suspend, discipline, demote, or discharge for just cause, or lay-off, transfer, assign, schedule, train, or retain employees;

F. To determine the adequacy of the work force;

G. To determine the overall mission of the employer as a governmental unit;

H. To effectively manage the work force;

I. To take actions to carry out the mission of the public employer as a governmental unit;

J. To determine work schedules and the methods and process by which such work is performed; and,

K. To promulgate and enforce reasonable work rules.

The Local recognizes and accepts that all rights and responsibilities of the City not modified by this Agreement or, ensuing agreements shall remain the rights, responsibilities and function of the City.

ARTICLE 3
AUTHORIZATION

SECTION 1. BARGAINING RIGHTS

The City recognizes the Local, as the exclusive bargaining agent for any and all matters pertaining to wages, hours, terms and other conditions of employment, and the continuation, modification or deletion of an existing provision of this Agreement and for the administration of this Agreement for all employees in the bargaining unit hereinafter described. The bargaining unit consists of all full-time firefighters, and lieutenants.

If a new position is created within the Fire Division, management determines if the position is included or excluded from the Local 3032. If Local disputes the determination, the parties shall meet and attempt to resolve the disagreement. If the parties do not agree, Local reserves the right to seek determination from the State Employment Relations Board.

SECTION 2. AUTHORIZATION

A. The City shall deduct a uniform amount for the Local dues from the pay of those employees in the bargaining unit who individually request in writing such deductions from their pay. Such deduction authorization must be forwarded to Human Resources before deduction is withheld by the City. The amount to be deducted shall be certified to the City by the Local and the aggregate deductions together with a list of employees from whom deductions were made shall be direct deposited into the Local's bank account not later than thirty (30) days following the deductions. The parties agree that the City assumes no obligation, financial or otherwise, arising out of the provisions of this article regarding the deduction of Local dues. The Local hereby agrees that it will indemnify and hold the City harmless from any claims, actions or proceedings by an employee from deductions made by the City pursuant to this article. Once the funds are remitted to the Local, their disposition thereafter shall be the sole and exclusive obligation and responsibility of the Local. Deductions shall be for the length of this Agreement and any extension thereof.

B. The parties recognize that any member may elect to not join the Union and/or may revoke their participation in the Union. In the event that the employee elects not to join the Union or continue membership, written notice shall be forwarded to Human Resources. The City would accept any such notice. The City must approve of the wavier that IAFF intends to use.

C. The City must also obtain "clear and affirmative consent before any money is taken" from an employee's wages for fair share fees. This consent must be in the form of written authorization. The employee must voluntarily, intelligently, and knowingly waive his or her right to not fund union advocacy or voluntarily consent to such fair share fee deduction

D. The City recognizes that if the current law changes regarding "fair share" union dues, that Sections B and C would no longer apply and that "Fair share" would be administered under this paragraph. The amount of the fair share fee shall be determined by the Local, but shall not exceed the dues uniformly required of the members of the Local who are in the bargaining unit. Such fair share fee shall be certified by the Local to the City as necessary, and forwarded to Human Resources. Such payment is subject to internal Local rebate procedure and the Local represents that its internal rebate procedure is in compliance with all requirements of State and Federal Law. For the duration of this contract, when such fair share fee shall be is deducted, it will be done automatically by the City from the payroll check of each member who is not a

member of the Local. This deduction shall be made each pay period. The City agrees to make a direct deposit of the aggregate amount of the fair share fees deducted to furnish the Secretary of the Local once each pay period a check for the aggregate amount of the fair share fees deducted for that pay period, together with a listing of the members for whom said deductions were made.

E. The parties agree that the City assumes no obligation, financial or otherwise, arising out of the provisions of this article. The Local hereby agrees that it will indemnify and hold the City harmless from any claims, actions or proceedings by an employee from the deductions made by the City pursuant to this article. Once the funds are remitted to the Local, their disposition thereafter shall be the sole and exclusive obligation and responsibility of the Local. Deductions shall be for the length of this Agreement and extension thereof.

SECTION 3. DUES CHECK-OFF RELIEF

The City shall be relieved from making such individual "check-off" deductions upon an employee's: (1) termination of employment; (2) transfer to a job other than one covered by the bargaining unit; (3) lay-off from work; (4) an unpaid leave of absence.

SECTION 4. INSUFFICIENT WAGES-DUES CHECK-OFF

The City shall not be obligated to make dues deductions from any employee who, during any month when dues are involved, failed to earn sufficient wages to make all legally required deductions in addition to the deduction of the Local dues.

SECTION 5. REPRESENTATION ACCESS

Bargaining unit representatives will be permitted to enter the premises of the City at reasonable times for individual discussion of working conditions with employees or otherwise to assist in carrying out the terms of this Agreement, provided that authorization is first obtained from the Fire Chief, or his designated representative.

Such authorization by the Chief shall not be arbitrarily denied. The Local agrees neither to abuse this privilege nor to interfere with the normal operations of the Fire Division. Any alleged abuse by either party may be the subject matter of a labor/management meeting.

SECTION 6. BARGAINING TEAM

The Local shall designate its bargaining team members in writing prior to bargaining sessions, which may include outside council and expert witnesses as the Local deems necessary.

SECTION 7. UNION ROSTER

The Union will provide to the Fire Chief and Human Resources a written roster annually, via email of its Union representatives and will include name and Union position held. Local will also notify the Fire Chief and Human Resources any time a representative changes.

ARTICLE 4
UNION TIME

SECTION 1. REPRESENTATION TIME

The Local is entitled to a total of seventy-two (72) hours per year of this Agreement without loss of pay to be used among Local officials or grievance representatives to attend local, state and/or international union related activities. The time shall be paid at the member's regular rate, 53-hour for shift personnel or 40-hour for day-shift personnel. The Local President shall decide which bargaining unit members may use the time, and shall maintain a log in Telestaff, which shall be provided to the City upon request.

SECTION 2. USE OF REPRESENTATIVE TIME

Any employee wishing to use such Local Time shall request the permission of his supervisor, and permission will not be unreasonably withheld.

SECTION 3. NON-INTERFERENCE

Such activities shall not interfere with the performance of duties of other employees or with the operational needs of the City.

ARTICLE 5
NON-DISCRIMINATION

SECTION 1. NON-DISCRIMINATION

Neither the City nor the Local shall discriminate against any bargaining unit employee on the basis of age, sex, race, color, creed, religion, military/veteran's status, sexual orientation or other protected class. Local membership or non-membership, political affiliation, national origin or such employee's good faith filing of or pursuing a grievance.

SECTION 2. GENDER

All reference to employees in this Agreement designate both sexes, and where the male gender is used, it shall be construed to include male and female employees.

ARTICLE 6
PERSONNEL FILES

SECTION 1. FILES

The City shall maintain one official personnel file on every employee within the bargaining unit. These files will be kept in Human Resources (HR). Marysville Fire Division management will not keep additional files on personnel that pertain to disciplinary issues. Upon appropriate request by an employee, the employee shall be permitted to examine his/her official file at any reasonable time in the presence of a representative of the City, and may copy documents in his file. Additionally, the personnel files are subject to review by the Local representatives if prior written approval is submitted by the employee, but must be reviewed in the presence of a representative of the City.

The IAFF and the members recognize that the City may be required to disclose information from a member's personnel file pursuant to State or Federal laws and that any disclosure made pursuant to such laws does not constitute a violation of this contract. All parties are subject to state records retention and disclosure provisions as set forth in Chapter 149 of the Ohio Revised Code and local records retention schedules.

SECTION 2. FILE CONTENTS CONTEST PROCEDURE

Should any employee have reason to believe that there are inaccuracies in documents contained in his/her personnel file, he/she may write a memorandum to the City Manager or his/her designee explaining the alleged inaccuracy. If the City Manager or his/her designee concurs with the employee's contention, he/she shall remove the faulty document; however, if the City Manager or his/her designee does not concur, he/she will attach the memorandum to the disputed document. Any complaint concerning the accuracy, timeliness, relevance or completeness of information in a member's file shall be processed in accordance with Section 1347.09 of the Ohio Revised Code. Nothing in this section shall prevent an employee from filing a grievance seeking expungement of alleged faulty documents.

Employees are given the chance to acknowledge their evaluation form in the MUNIS/ESS system. All comments will be directly sent to their supervisor and reviewed by HR.

ARTICLE 7
CORRECTIVE ACTION

SECTION 1. DISCIPLINE

The tenure of every bargaining unit employee shall be during good behavior and efficient service. No employee shall be progressively disciplined, reduced in pay or position, suspended, discharged or removed except for just cause. Probationary employees are in at will status per City Civil Service Ordinance. The employer shall give copies of all written disciplinary actions that are placed in his/her personnel file to the affected member.

SECTION 2. DISCIPLINE PROCEDURE

Whenever a supervisor conducts a disciplinary meeting with a member of the Local and the member reasonably suspects disciplinary action may result, the employee shall be permitted to have a Union representative present.

In the event that an employee is to be given disciplinary action for behavior that is of such nature as to call for removal or suspension, a personal pre-disciplinary conference between the employee, the Fire Chief, Human Resources (HR), and the City Manager will be arranged. This pre-disciplinary conference will take place no earlier than twenty-four (24) hours and no later than five (5) working days from the time the employee is notified. The five (5) work day time limit may be waived when agreed to in writing (email suffices) by the employee and a City representative (normal HR). A Local 3032 representative shall be present at the conference unless the employee denies access. The notice to the employee will be in writing to include charges and alleged violations of policy and/or procedure.

When the nature of the offense is such that immediate disciplinary action is required, the City may take immediate action by this provision; however, an employee may be conditionally suspended with pay pending a conference on the matter.

SECTION 3. PROGRESSIVE DISCIPLINE

The City agrees that the principles of progressive corrective action will be followed with respect to minor offenses; that is, an oral warning for the first offense, a written reprimand for the second offense of similar nature. More severe disciplinary action may be taken for subsequent offenses. Mitigating or aggravating circumstances may be considered for each offense. If the offense is of a more serious nature, a different sequence is permitted which is appropriate in light of the nature of the objectionable conduct.

SECTION 4. DURATION OF RECORDS

A. Oral Warning: When unsatisfactory performance/behavior is recognized, the supervisor addresses the employee as soon as possible. The manager and employee should discuss the concern and the expectations for improvement. This process may require more than one discussion with the employee and regular feedback. The oral warning is documented in the employee record with a simple memo stating the date, employee's name, supervisor's name, and quick topic of the warning. Route the warning to HR for filing. This warning stays in record for 12 months. The discussion should include the following:

- Clear statement communicating that this is an Oral Warning
- Reasons why the performance or behavior does not meet expectations.

- Expectations for acceptable performance or behavior.
- Actions the employee can take to improve performance or behavior.
- Next steps if the employee does not improve to meet expectations.

B. Written Reprimand: If the performance/behavior does not improve as a result of step one or when the nature of the situation warrants starting at this level of discipline, the manager prepares a written reprimand. Prior to presenting the written reprimand, the manager will meet with HR to review the document. The manager will meet with the employee to review the written reprimand. The employee is expected to sign the written reprimand and receive a copy. If the employee refuses to sign the written reprimand, the manager requests a third-party presence (usually HR) to witness the employee's refusal to sign. This is noted on the document by the third party, along with the date of the meeting. The manager informs the employee that the written reprimand is placed in the employee's personnel record by HR and remains there for 24 months. For all reprimands associated with suspensions, the record is maintained for 24 months. Harassment complaints must be retained for six years, or as applicable by law. The reprimand will document:

- Dates of previous discussions/actions and descriptive history of the issue(s).
- Explanation of how the employee's performance or behavior does not meet expectations.
- Expected performance or behavior and actions necessary to improve.
- Date when the performance or behavior will be reviewed.
- Consequences if the employee does not improve performance or behavior to an acceptable level.

C. In any case in which a reprimand, suspension or dismissal of an employee is disaffirmed through the grievance procedure, the personnel record relating to such employee shall be purged of the same. In addition, unfounded or not sustained allegations or complaints of misconduct made against an employee shall not be placed in the employee's personnel file and shall not be considered in future corrective action or promotional considerations, nor shall they be shared outside the Division. The only exception to this provision is when an unfounded allegation is documented in a formal internal investigation (not otherwise contained in the personnel file) that is requested by a party under the Ohio Sunshine Law.

D. At no time will there be a direct reference to "Oral Warning," "Written Warning," or "Written Reprimand," in any employee annual evaluation.

SECTION 5. RELEASE OF FILES

Only those items allowed by law or ordered by a court of competent jurisdiction shall be released to the public. Disclosure of information from personnel files pursuant to state and/or federal law or by order of a court of competent jurisdiction will not be considered a violation of this contract.

SECTION 6. LAST CHANCE AGREEMENTS

The City may utilize the last chance agreement (LCA) process in cases where employee behavior or performance resulted in a suspension, but a termination was strongly considered. In these cases, the employee is retained, but must sign an LCA with specific policies sighted in the LCA. If the employee violates any of the policies listed in the LCA, the employee violates the LCA and is terminated. LCAs normally remain in file for the length of the suspension (2 years), but the City reserves the right to extend the LCA beyond the 2-years when the

behavior/performance issue gives rise to another discipline. Then, the LCA is extended for the duration of that new discipline. These behavior or performance based LCAs are structured differently than the LCAs for substance abuse situations (refer to Policy 715, Substance Abuse/Drug-Free Workplace).

ARTICLE 8
WORK RULES

The Local recognizes the City's right and obligation to promulgate written policies, procedures and directives to regulate the personal conduct of employees at work, for the conduct of the City's services and programs and for such other purposes, as it may deem necessary.

The City acknowledges the employee's right to know the standard of conduct expected by the City and therefore agrees to promulgate written work rules for the efficient conduct of the operations of the divisions covered by this Agreement.

The City agrees that, where possible, work rules shall be reduced to writing and provided to all covered members and posted conspicuously in advance of their effective date. The City will provide Local copies of any revised or new work rules, and Divisional directives 20 work days in advance of their intended effective dates. The 20-work day notice is waived when the rule deals with a safety or security issue and/or when an emergency is declared by the City.

Any disputes regarding work rules promulgated under this article must be addressed under the grievance procedure outlined under Article 10.

ARTICLE 9
LABOR/MANAGEMENT MEETINGS

SECTION 1. PURPOSE

In the interest of sound personnel relations, a joint committee from each party of their representatives will convene from time to time, as may be requested by either party, for the purpose of discussing subjects of mutual concern. The committee shall not act on but may discuss the general causes of grievances and methods for removing those causes. It shall be the express purpose of this committee to build and maintain a climate of mutual understanding and respect in the solution of common problems.

Labor/Management meetings shall normally be scheduled during working hours. Meetings may be cancelled by mutual consent. The parties shall make arrangements for the keeping of minutes of these meetings. Upon mutual agreement, non-participants may be included in meetings if they are thought to have information or resources that could assist in the resolution of agenda issues. Employees may be required to report to any emergency during any Labor/Management meetings. Meetings shall be rescheduled as soon as practicable.

SECTION 2. AGENDA

Both parties will work in good faith to attempt to reach consensus of the best means of resolving issues. The success of the Labor/Management cooperative process will depend upon the strength of the commitment made by the City and bargaining unit. The parties agree that these meetings are not designed to renegotiate any part of the Agreement, and agree to normally limit discussion to the following:

A. Discuss the administration of this Agreement.

B. Notify the Local of changes made by the Employer that affect bargaining unit employees.

C. Discuss grievances that have not been processed beyond the final step of the grievance procedure when the parties mutually agree to such discussions.

D. Disseminate general information of interest to the parties.

E. Give the Local representatives the opportunity to share the view of their members and/or make suggestions on subjects of interest to their members, including interpretations of the Agreement where such discussion may prevent the necessity for filing a grievance.

F. Discuss ways to increase productivity and improve efficiency.

G. Consider and discuss health and safety matters relating to employees.

H. Any other matters mutually agreed on by the parties to be discussed.

ARTICLE 10
GRIEVANCE PROCEDURE

SECTION 1. GRIEVANCE DEFINED

A grievance is defined as an allegation that there has been a breach, misinterpretation, or improper application of any term or terms of this Agreement.

SECTION 2. QUALIFICATIONS

A grievance may be filed (using current HR-Form 23) by bargaining unit member(s) or by the Local as exclusive representation to enforce its rights under the Agreement or on behalf of a group of bargaining unit members who are affected by the act or condition giving rise to the grievance in the same or similar manner. The Local shall not process a grievance on behalf of any member without the member's knowledge or consent.

The Local reserves the right to be present at every step of this procedure. Either party may call witnesses.

A bargaining unit member has the right to present grievances and have them adjusted without intervention of the Local, as long as the adjustment is consistent with the terms of this Agreement and as long as the Local is present at the adjustment.

SECTION 3. GRIEVANCE MOVEMENT

All grievances must be processed at the proper step defined in this article in order to be considered at subsequent steps. Any employee may withdraw a grievance at any point by submitting in writing a statement to that effect, or by permitting the time requirements at each step to lapse without further appeal. Any grievance, which is not processed by the employee or the Local within the time limits provided, shall be considered resolved based upon Management's last answer. Any grievance not answered by Management within the stipulated time limits shall be considered resolved based upon the remedy (remedies) defined in the grievance. All time limits on grievances may be extended upon mutual written consent of the parties.

The grievance response time uses the term "work day," which means normal business day/hours for City offices excluding Saturdays, Sundays and legal holidays identified in Article 17. The act or event that gives rise to the grievance, the first day is excluded from computation and the last day is included.

SECTION 4. GRIEVANCE CONTENTS

All grievances (HR Form-23) must contain the following information to be considered and must be filed using the grievance form mutually agreed upon by both parties. The grievance will stipulate the exact article and section of this agreement to which the grievance pertains and the precise remedy for the grievance.

1. Aggrieved employee's name and signature.
2. Aggrieved employee's classification.
3. Date grievance was first discussed with his supervisor.

4. Date grievance was filed in writing.
5. Date and time grievance occurred.
6. The location where the grievance occurred.
7. A description of the incident(s) giving rise to the grievance.
8. Specific articles and sections of the Agreement.
9. Desired remedy to resolve the grievance.

SECTION 5. GRIEVANCE PROCEDURE/STEPS

Delivery of the City's response to the Grievant, at all steps, will first be via direct delivery by handing the grievance to the grievant. If direct delivery cannot be completed, then direct delivery will be to the Local President. In the absence of the Local President, delivery may be made to any Local Officer on duty. If no Local Officers are on duty then a copy of the response is placed in the Local President's inter-office mailbox with direct phone contact to the President. Voice mail constitutes direct phone contact.

An employee having a grievance may first attempt to resolve it informally with their lieutenant and/or the Battalion Chief.

Step 1 - Fire Chief:
The employee may then present the written grievance form to the fire chief, or designee, within twenty (20) work days of the event(s) giving rise to the grievance, or within twenty work days from when they reasonably should have been discovered by such employee.

The Chief will meet with the Grievant and respond in writing within five (5) work days of receipt of the grievance. If the Grievant does not refer the grievance to Step 2 of the grievance procedure within ten (10) work days of the Chief's response, the grievance shall be considered to be satisfactorily settled. In the absence of the Fire Chief or designee, the grievance "clock" may be stopped by the City for no more than ten (10) work days, then the grievance is referred directly to Step 2. City will coordinate this process with the grievant.

Step 2 – City Manager or His/Her Designee: The employee shall refer the grievance and all relevant material concerning the grievance to Human Resources (HR) within ten (10) work days from the response in Step 1. Referring the grievance is defined as the Grievant handing the hard/paper copy to an HR employee. The City Manager or his designee shall convene a hearing into the cause of the grievance. The City Manager or his designee shall conduct a fair and impartial hearing on the grievance. The City Manager or his designee shall render in writing the City's findings as quickly as possible, but no later than ten (10) work days after the hearing and shall forward such findings, and all supporting data, to the Grievant and the Local. This date is not delayed due to the Grievant's absence from work for any reason.

Step 3 – Arbitration: Should the Grievant not be satisfied with the City Manager or his designee's response to his grievance at Step Two (2), he/she shall notify the Local of their desire to proceed to arbitration.

Should the Local proceed to arbitration with the grievance, the Local shall notify the City by written notification. This written notification shall be delivered by hand or mailed (postmarked) to the City Manager or his designee within ten (10) work days after the Grievant's and/or Local's receipt of the Step Two (2) written response. If the Grievant does not refer the

grievance to Step 3 of the grievance procedure within the ten (10) work days, the grievance shall be considered to be satisfactorily settled.

A. Selection of Arbitrator: Within ten (10) work days following the receipt of the Local's written notification of the Local's intention to proceed to arbitration, the City Manager, or his designee, will consult and attempt to select an impartial arbitrator by mutual agreement with the Local. The arbitrator will be a resident of the State of Ohio. In the event the City and Local cannot reach agreement on an arbitrator, by a joint letter the parties will request the Federal Mediation Conciliation Service (FMCS) to submit a panel of seven (7) arbitrators from which the City and the Local shall select one by mutual agreement. Prior to the acceptance of the list, either party shall have the option to completely reject the list of names and request another list from the FMCS, but only one such request by each party in this process. If a mutual agreement cannot be reached from that list, the first party to strike a name in the selection process is determined by the flip of a coin and then striking one name, followed by the other party striking a name, and so on until one name remains.

B. Authority of Arbitrator: The arbitrator shall conduct a fair and impartial hearing on the grievance hearing testimony and evidence from other parties, unless the parties mutually agree to submit their dispute on written stipulations. The arbitrator shall not have the authority to subtract from, modify, change or alter any provision of this Agreement. The arbitrator shall expressly confine himself to the precise issue(s) submitted for arbitration and shall, absent mutual agreement of the parties, have no authority to determine any other issue not so submitted to him. The arbitrator shall not issue observations or declarations of opinion that are not directly essential in reaching a decision on the issue(s) in question. The arbitrator shall not establish any new or different wage rates not negotiated as part of this Agreement. In disciplinary cases, the arbitrator shall have the authority to affirm, disaffirm, or modify said discipline. Either party may raise the question of arbitrability of a grievance before the arbitrator hears the merits of the grievance. If a question of arbitrability is raised, the arbitrator may either rule on this issue or reserve ruling on the same or hear the merits of the grievance before issuing a ruling on this question. The decision of the arbitrator shall be final and binding upon the Local, the Grievant, and the City.

C. Arbitration Costs: The costs of the services of the arbitrator, the cost of any proofs produced at the direction of the arbitrator, the fee of the arbitrator and rent, if any, for the hearing rooms, shall be borne by the losing party. In the event the arbitrator's decision fails to grant the requested award of either party and represents a "split decision", the cost and fees shall be shared by both parties. The arbitrator shall be requested to rule on the assignment of costs at the time of the presentation of the award. The expenses of any non-employee witness shall be borne, if at all, by the party calling them. The fees of the court reporter shall be paid by the party asking for one; such fees shall be split equally if both parties desire a reporter or request a copy of any transcript. Any bargaining unit member whose attendance is required for such hearing shall not lose pay or benefits to the extent such hearing hours are during his or her normally scheduled working hours on the day of the hearing.

D. Arbitrator's Award: The arbitrator's decision will be in writing and should be mailed to the Local and the City within a timely fashion from the date the hearing record is closed.

ARTICLE 11
VACANCY, PROMOTION, AND SHIFT TRANSFER

SECTION 1. VACANCY PROCEDURE

The City and Local utilize the rules and regulations of the Marysville Civil Service Commission for the appointments and promotions in all positions governed by this agreement. However, the parties agree, with respect to original appointments, that the Civil Service Commission shall provide the City with the complete list of all applicants who took and successfully passed the Civil Service examination. The Local agrees that the City shall have the right to choose from the entire list of eligible applicants.

SECTION 2. TEMPORARY AND PROVISIONAL APPOINTMENTS

Nothing in this Article shall be construed to limit or prevent the City from temporarily filling a vacant position pending the City's determination to fill the vacancy on a permanent basis. A provisional appointment is defined as an opening that constitutes a promotion. In both cases of a temporary appointment to a vacated position or a provisional appointment, the appointment will not exceed 180 days. The City reserves the right to temporarily appoint a Part-time Firefighter to a full-time position when manning levels cannot otherwise be maintained due to extended leaves of absences (Military Leave, Injury Leave, etc.). All Part-time Firefighters could be considered for a temporary appointment to include an EMT-Basic that is enrolled in EMT-Paramedic school. This temporary appointment (without vacancy) will not exceed a single 180 calendar days in duration.

SECTION 3. VACANCY APPOINTMENTS

Once the City has determined that a vacancy exists, due to a new position, retirement, resignation, transfer or any other reason; it will utilize Civil Service Commission rules and regulations to fill the position. Once the City receives written notice from an employee to vacate, the City will notify Local 3032, in accordance with Civil Service hiring process and through the internal/external notifications, within 60 days prior to the separation from employment. If the City chooses to temporarily fill the position, as provided for in Section 2 of this Article, the City agrees to compensate the employee temporarily filling the higher position at the base rate of pay for that position. The City further agrees to fill the position at the earliest possible date, not to exceed 180 calendar days.

SECTION 4. SHIFT TRANSFERS

When Management elects to transfer a Local member/employee, management will normally give the employee 20 work days' notice of the shift transfer. This 20 work day notice is waived for transfers that meet an operational need that requires immediate action. Operational need is defined as addressing an issue that deals with the safety and/or security of a firefighter and/or staffing level issues. In addition, the affected employee(s) may also waive the notification period by providing prior approval of the transfer.

All previously approved leave of an employee that is later transferred shall be considered as approved and allowed to be taken after the transfer. In the event of an employee requesting a shift transfer, all previously approved leave will not be considered approved

If the shift transfer requires a switch on station assignment, the vacancy is filled using Section 5 of this Article.

SECTION 5. STATION ASSIGNMENTS

A. Firefighters are assigned by the Fire Chief to specific Fire Stations with consideration to skill sets. A ratio of at least 2:1 EMT-P to non-EMT-P should be maintained at each station. This ratio does not supersede Article 25, Section 1. The Chief will also take into consideration the desires of individual Firefighters who want to be at a specific station.

B. In the event of a full-time temporary transfer, then those vacancies are filled voluntarily based on seniority. If no one accepts the temporary transfer then the vacancies will be filled at the discretion of the Shift Commander. All transfer assignments shall be distributed in a fair and reasonable manner.

C. At no time shall the number of part-time firefighters equal or outnumber the number of full-time staff at any station, regardless of certification.

SECTION 6. 53-HOUR TO 40-HOUR CONVERSION:

Employees that are permanently transferred after July 1, 2019 to either 40-hour from 53-hour; or 53-hour to 40-hour assignment shall have all of their paid time off converted or bought out per the applicable Articles 18 and 20 of this agreement.

In the event the employee is to be reassigned from either 40-hour from 53-hour; or 53-hour to 40-hour for a period longer than 3 months, conversion will take place upon the initial assignment and return to position. Employees will be notified of this in writing.

ARTICLE 12
SENIORITY

SECTION 1. SENIORITY

Seniority means the total length of uninterrupted continuous full-time service with the City of Marysville Fire Division.

The following situation shall not constitute interruptions of continuous service:

A. Absence while on approved leave of absence.

B. Absence while on approved sick or injury leave.

C. Military leave.

D. A lay-off of less than one (1) year's duration.

E. A resignation where the employee is re-employed or reinstated within one (1) year.

F. Family and medical leave.

SECTION 2. LOSS OF SENIORITY

Seniority is lost due to the following:

A. A discharge for just cause.

B. Retirement.

C. Lay-off of one (1) year or more.

D. A resignation other than that designated in Section 1 (E) above.

ARTICLE 13
LAYOFF AND RECALL

SECTION 1. LAYOFF NOTIFICATION

Whenever the Employer determines that a lay-off is necessary in any classification, the Employer shall notify the affected employees at least twenty (20) workdays in advance of the date of lay-off or job abolishment.

SECTION 2. LAYOFF PROCEDURE

The Employer shall determine in which classification(s) layoff or job abolishment will occur. Layoff shall be in order of seniority, beginning with the least senior and progressing to the most senior up to the number of employees that are to be laid off. All city funded temporary intermittent, part-time or seasonal employees in the Division of Fire shall be laid off prior to any bargaining unit employees.

SECTION 3. BUMPING

Regular, full-time bargaining unit employees who are placed on lay-off may apply their Divisional seniority to displace an employee with less agency seniority in any lower classification in which displacing employee holds classification seniority. Displacing employees shall be placed on the wage scale of the classification into which they bump at the appropriate step based on their Divisional seniority.

SECTION 4. VACATION BUYOUT

Employees who are placed on lay-off may request to receive payment for earned but unused vacation benefits. Such payment shall be made within sixty (60) days of the request. If the member obtains other employment and submits resignation, then they will receive buyout according to CBA.

SECTION 5. RECALL PROCEDURE

Employees on lay-off will be given a fourteen (14) calendar day notice of recall by certified mail to their last known address as shown on the City's payroll records. Recall from lay-off will be made in reverse order of lay-off, that is, the employee placed on lay-off from a classification shall be the first to be recalled. Employees who refuse recall to a classification from which they had been laid off shall lose seniority and employment rights in accordance with Article 12, Seniority.

SECTION 6. RECALL RIGHTS

Laid-off employees shall retain their recall rights for twenty-four months from the time of their actual lay-off. However, laid-off employees shall maintain a current address and phone number for notification with City Human Resources. Failure to do so forfeits recall rights.

ARTICLE 14
PROBATIONARY PERIODS

SECTION 1. PROBATION – NEW EMPLOYEES

Every newly hired employee will be required to successfully complete a probationary period. The probationary period for new employees shall begin on the first day for which the employee receives compensation from the City and shall continue for a period of one (1) year. The probationary period may be extended six months, at the discretion of the Fire Chief. A newly hired probationary employee may be terminated any time during his probationary period and shall have no right of appeal to the grievance procedure over such removal.

SECTION 2. PROBATIONARY PERIOD – PROMOTIONS

A newly promoted employee will be required to successfully complete a probationary period in his newly appointed position. The probationary period for a newly promoted employee shall begin on the effective date of the promotion and shall continue for a period of six (6) months. A newly promoted employee who scores an overall marginal (or less) during their performance evaluation may be returned to his former position and former rate of pay any time during his probationary period or may be placed on a performance improvement plan at which point the probation is extended an additional six months.

ARTICLE 15
NO STRIKE/NO LOCKOUT

SECTION 1. NO STRIKE

The City and the Local recognize that a strike would create a clear and present danger to the health and safety of the public and this Agreement provides machinery for the orderly resolution of grievances. The parties, therefore, agree to the following:

During the term of this Agreement, the Local shall not authorize, cause, engage in, sanction, or assist in any sick call work stoppage, strike, sympathy strikes, or slow down which affects the Employer or its operations. Should any employee(s) engage in a sick call work stoppage, strike, sympathy strike or slow down, the Local will promptly do whatever it can to prevent or stop such unauthorized acts, including the preparation of a letter addressed to the Employer stating “the strike action is not sanctioned and all employees should return to work immediately" signed by the ranking officer of the Local. Nothing in this Article shall be construed to limit or abridge the City’s right to seek other available remedies provided by law to deal with any unauthorized or unlawful strikes.

SECTION 2. NO LOCKOUT

During the term of this Agreement, the City shall not cause, permit or engage in any lockout of its employees unless those employees shall have violated Section 1 of this Article. Compliance with federal, state or city policies regarding a pandemic or other health and safety situations, such as a quarantine or isolation, does not constitute a lockout.

ARTICLE 16
WORKING OUT OF CLASSIFICATION

Anytime a member is assigned by the Chief or their designee to rank above their classification, that member will be paid at the 5% below the current year Lieutenant rate of pay for the members current classification for that position while so acting.

The out of classification position will be filled by an assigned firefighter on the shift with the vacancy, that meets the current performance plan job requirements/qualifications for the position and accepts the assignment. In the event that no qualified firefighters are on shift, the Fire Chief shall designate the Acting Officer in Charge (AOIC) at his/her discretion. All assignments shall be distributed in a fair and reasonable manner.

ARTICLE 17
HOLIDAYS

Each member who works a fifty-three (53) hour scheduled work week, shall receive twelve (12) days straight time wage credit per year as compensation for duty performed on holidays throughout the year. This constitutes "Holiday pay". The pay will be at the regular rate of pay (base hourly rate) times ten and a half hours (10.5) for each holiday they were employed during the year. The twelve (12) days represent the following holidays:

New Year's Day	January 1 (or date observed)
Martin Luther King Day	3rd Monday in January
President's Day	3rd Monday in February
Good Friday	Friday before Easter
Memorial Day	Last Monday in May
Juneteenth	June 19th (or date observed)
Independence Day	July 4 (or date observed)
Labor Day	1st Monday in September
Veteran's Day	November 11th (or date observed)
Thanksgiving Day	4th Thursday in November
Day after Thanksgiving Day	4th Friday in November
Christmas Day	December 25th (or date observed)

In addition, all employees shall receive straight time compensation (ten and a half (10.5)) for any day or time period specified by the City Manager or his designee as a "City Holiday" or "Offices Closed" where any City employee is compensated.

Payment for such holidays shall be made in the second pay period in November in a separate check. Any fifty-three (53) hour work week employee, who terminates employment during a given year, shall be entitled to a prorated portion of the holiday pay they would otherwise be entitled to receive. The proration shall be determined by using regular rate of pay at the time of separation multiplying the number of holidays specifically listed herein which have occurred during the current year prior to termination times ten and a half hours (10.5).

Any employee changing ranks during the year, would be paid for each holiday listed above by using the pay range they occupy for each applicable holiday during the year. All holiday pay is done at the step rate during the date of computation.

Members on a forty (40) hour work week will observe the above holidays in accordance with City Policy 500- *Holidays,* and city schedule. These members shall receive eight (8) hours of Holiday pay or straight time based on regular workdays, as applicable, for each of the designated qualifying holidays. Payment for shall be at the members regular rate of pay and paid during the pay period in which the holiday occurred. Holidays are credited as time worked, up to 8 hours for overtime computation under the 40-hour scheduled member.

Bargaining-unit members shall receive time and one half pay ("Holiday Duty Pay") as compensation for duty performed on any holidays mentioned above or a time period specified by the City Manager or Designee as a "City Holiday" or "Offices Closed" where any city employee is compensated. This does not apply when the City recognizes one of the above mentioned twelve (12) holidays on the nearest business day for a holiday that lands on a weekend. Hours worked are still used to compile overtime computation. Hours working in overtime and holiday duty pay are paid at 2.25 times the normal rate.

Employees voluntarily on duty and /or off on a shift trade are paid per the above process. Any employee voluntary/ forced in required to work on a holiday which is not the employee's normal shift shall receive an overtime rate of two and one half (2.5) times their normal hourly rate for such overtime hours. During that pay period, these hours count as hours worked and also count as overtime paid hours for that pay period. Hours worked on the above holidays shall be the hours between 0700 hours the day of the actual holiday until 0700 hours of the day after the actual holiday.

It is agreed that there is no stacking of holiday time and call-in time.

ARTICLE 18
ACCRUED, EARNED AND ACCUMULATED LEAVE OTHER THAN SICK

SECTION 1. DEFINITION

This leave is defined as all Personal Leave, Vacation Leave, and Compensatory Time.

SECTION 2. ACCRUAL OF LEAVE

A. Personal Leave: Fifty-three (53) hour employees will receive forty-eight (48) hours of personal leave, forty (40) hour employees will receive forty (40) hours or if transferred or hired after 7/1/2019 they will receive thirty-two (32) hours of personal leave—with pay, each anniversary year. All employees covered under this agreement are entitled to this personal leave upon their date of hire.

B. Vacation Leave: The employee is first eligible to use vacation leave as it is earned per pay period and shall earn vacation allowances as of their first day of employment and be credited and eligible for future vacation leave per pay period thereafter.

Employees working the 24-hour shift schedule earn vacation on the following schedule:

Months of Service	Hours Per Month
0 ≤ but, ≥ 60 months of service	14 hours per month
60 ≤ but, ≥ 144 months of service	21 hours per month
144 ≤ but, ≥ 228 months of service	28 hours per month
228 or more months of service	42 hours per month

Employees working the 40-hour workweek schedule earn vacation on the following schedule:

Years of Service	Hours Per Month
0 ≤ but, ≥ 60 months of service	8 hours per month
60 ≤ but, ≥ 144 months of service	12 hours per month
144 ≤ but, ≥ 228 months of service	16 hours per month
228 or more months of service	20 hours per month

*Conversion Note: Vacation time for employees permanently changing from 53-hour to 40-hour will have vacation bought out above the max level able to transfer to their new position at current wage on the day prior to the new assignment date.

C. Compensatory Time**:** Compensatory time shall be accumulated, at the option of the employee, at the rate of 1.5 hours for each hour of overtime worked. The maximum number of hours that may be accumulated at any one time shall be 240 hours and the maximum amount carried over from year to year, is 144. Any hours over that amount shall be paid at the overtime rate during the pay period they were earned.

*Conversion Note: Compensatory time for employees permanently changing from 53-hour to 40-hour or 40-hour to 53- hour will be bought out (to zero) at current wage on the day prior to the new assignment date.

SECTION 3. SCHEDULING/APPROVAL/CARRYOVER

A. Personal Leave: All personal leave shall be approved subject to the operational requirements of the Division. Personal leave may 30-minute increments. Personal leave for up to one 24-hour shift may be taken without advanced notice provided that operational requirements of the division are met. If personal leave is used in conjunction with vacation leave or compensatory time that totals more than 3 total days/shifts, it must be scheduled with 2 weeks advance notice as in the vacation leave section. Personal leave days do not accumulate from anniversary year to anniversary year

Advanced scheduling of personal leave shall be allowed and followed as per the vacation leave scheduling below.

B. Vacation Leave: All vacation shall be approved subject to the operational requirements of the Division. Requests for up to a single shift day may be made on the day requested subject to the department staffing requirements. Requests for two (2) or three (3) consecutive shift days shall be made forty-eight (48) hours in advance. Vacation requests longer than three (3) shift days will be made in writing two (2) weeks before the start of such vacation. Leave requests for the following year shall be in writing and filed by November 30 each year, and shall be scheduled based on seniority. Starting at the November 30th date and counting back for each member to be given 3 calendar days to complete their leave requests. Starting with the highest seniority and then passed to each individual member accordingly in order of seniority. Should such an approved leave be cancelled at the applicant's request, the applicant shall move to the bottom of the vacation seniority list, and the time period assigned to the next person in seniority. Vacation leave shall be used in the same increments for personal leave. Personnel may request vacation in Telestaff that is as of yet, not earned, but may not take the actual vacation time if it is not already earned.

After November 30, leave requests shall be scheduled on a first applied, first approved basis subject to all other requirements of this article.

C. Vacation Carryover: The maximum accruement (or vacation bank) for all employees is two (2) and one half (1/2) times their current annual accumulated vacation hours (see tables for accrual rates). Vacation cannot be accrued above that amount and will automatically be deleted (or not banked). Employees are urged to utilize MUNIS/ESS to self-manage all paid time off.

D. Compensatory Time: Compensatory Time leave for up to one 24-hour shift may be taken without advanced notice provided that staffing requirements of the division are met. Requests for two (2) or three (3) consecutive shift days shall be made forty-eight (48) hours in advance. If compensatory time leave is used by itself or in conjunction with vacation leave or personal leave that totals more than 3 total days/shifts, it must be scheduled with 2 weeks advance notice as in the vacation leave section. A maximum of 144 hours of compensatory time may be carried over from year to year. Compensatory time shall be used in the same increments for personal leave. Compensatory leave may not be scheduled until the time has been accrued.

SECTION 4. CALL TO DUTY

Employees called back to work while on approved leave other than sick will have all unused leave restored (employees cannot be ordered back off sick leave). Employees ordered to work while on approved leave other than sick are paid one and a half times the straight time hourly rate for all hours worked. During that pay period, these hours count as hours worked and also count as overtime paid hours for that pay period.

SECTION 5. END OF SERVICE BUY-OUT

Employees ending service to the City of Marysville are entitled to leave other than sick buy-out at the employee's current wage at time of separation. Employees with less than twenty-six (26) continuous pay periods of service with the City who are dismissed for just cause shall not be entitled to payment for vacation leave.

ARTICLE 19
LEAVE OF ABSENCE FOR MILITARY TRAINING

The City of Marysville provides eligible employees military leave for active military duty or reserve training with any branch of the United States Armed Forces. Military leave is issued in accordance with Federal and State law.

ARTICLE 20
SICK LEAVE

SECTION 1. ACCRUAL AND USE

Sick leave shall be accrued at the rate of six and 9/10 (6.9) hours of sick leave every pay period for employees working 24-hour shifts and at a rate of four and 6/10 (4.6) hours of sick leave for employees working 8-hour shifts. Employees will be compensated at their regular hourly rate for all authorized sick leave. Sick leave is taken in thirty (30) minute increments.

*Conversion Note: For employees permanently changing from 53-hour to 40-hour or 40 hour to 53- hour sick time will be divided by 1.5 or multiplied by 1.5 respectively at the date of assignment. All time will be rounded to half an hour.

Employees may only use sick leave that has been accrued. Sick leave may be used for the following reasons:

1. Personal injury, illness, physical incapacity, or doctor's appointment(s).
2. Illness, injury or doctor's appointment for the employee's immediate family, to include significant other, requiring employee's personal care and attendance. Such leave may be up to 30 days to make appropriate longer-term arrangements.
3. Enforced quarantine of the employee.

Upon request of the City, an employee requesting sick leave must provide such medical or other documentation as will prove the need for the leave when said leave exceeds 2 consecutive 24 hour shifts or 3 days (40-hour personnel) or when sick leave abuse is reasonably suspected*****. The City may require the employee to be examined by a medical professional of its choosing, and at the City's expense. If the opinion of the employee's treating caregiver and the City's chosen medical professional conflict, the City may require a third opinion at the City's expense, and the City will abide by the third opinion in its determination.

*****For the purposes of clarification, suspicion of sick leave abuse may include (but is not limited to) the following:

1. Excessive sick leave taken over the course of a month or year.
2. Sick leave repeatedly taken on the same day of week.
3. Sick leave repeatedly taken in conjunction with scheduled days off.

SECTION 2. RETIREMENT PROCEDURE

Employees retiring under a State regulated retirement system shall receive payment of accrued but unused sick leave on the basis of one hour's pay for each four (4) hours of accrued sick leave. Said payment is intended not to exceed four hundred eighty (480) hours regardless of the number of sick leave hours accumulated. Payout is done at the time of separation. Employees must provide a minimum of 60-day notice for a retirement to complete the final buy-out process. Failure to meet the 60-day notice will delay the final buy-out.

SECTION 3. SICK LEAVE INCENTIVE BUY-OUT PROGRAM

On October 1st of each calendar year, employees may participate in the sick leave incentive buy-out program as detailed in this section. Provided the firefighter maintains 480 total hours (40-hour employees) or 672 total hours (24-hour shift), the employee may choose to sell sick leave hours at the current hourly rate. The City will buy out a maximum of 40 hours (40-hour employees) or 53-hours (24-hour shift) of the sick leave hours annually. Total hours sold for any year is calculated by subtracting hours used that year from 40 (for 40-hour personnel) and from 53 (for 24-hour personnel). The program year is defined as the day after the second pay day in November until the date of the following year's second November pay date. Bereavement leave is counted against employee sick leave account, but not counted against the sick leave buy-out incentive. Employees may use up to 8 hours of sick leave annually for wellness program-related use and it will not be counted against the sick leave buy-out incentive, so long as the employee has participated in the wellness incentive program and noted the sick leave as such. Such payment shall be made in the last pay period in November of each year. The employee will send the written request through the appropriate chain of command to Finance by October 1st for the payment to take effect.

Due to Firefighter/EMT employees' excessive exposure to many sicknesses as part of their official duty, MFD employees may also submit for sick leave buy-out incentive by April 1 of each year, at half the above rates. A 40-hour employee may submit for 20 and a 24-hour employee may submit for 26.5 (minus usage for that period (start of 2nd pay in November of previous year through March 31st of that year). The employee will send the written request through the appropriate chain of command to Finance by April1st, but payment will not be made until the last pay period in November of that year. When the employee elects to utilize the mid-year April 1st period, the subsequent October 1st submission would be for the other half of the annual entitlement (April 1st through end of 1st pay period in November).

SECTION 4. BEREAVEMENT LEAVE

In the event of death in the immediate family or significant other (defined as live-in, adult relationship), an employee shall be entitled to two (2) twenty-four (24) hour working days (53-hour employees) or five (5) eight (8) hour working days (40-hour employees) to make funeral arrangements, attend funeral services and/or interment, if needed for such purposes. Immediate family for these purposes shall be defined as a mother, father, father-in-law, mother-in-law, sister, brother, sister-in-law, brother-in-law, spouse, child, or step-parent, half-brother, half-sister, step-brother, step-sister, or step-child.

In the event of the death of other family members including grandparent, grandchild, grandparent-in-law, the employee shall be entitled up to one (1) twenty-four (24) hour working day (53-hour employee) or up to three (3) eight (8) hour working days (40-hour employees) to attend the funeral and tend to family needs. Credit for such funeral leave shall be taken against the sick leave balance of such employee. Additional sick leave may be granted at the discretion of the Fire Chief.

SECTION 5. FAMILY AND MEDICAL LEAVE

Family and Medical Leave will be granted in conjunction with Federal law and City policy.

ARTICLE 21
INJURY LEAVE: ON-DUTY & OFF-DUTY

SECTION 1. INJURY LEAVE (ON-DUTY) POLICY

It is the City of Marysville's policy to pay all regular Fire Division employees injured in the line of duty (work related) injury leave (or wage continuation) for a period not to initially exceed thirteen (13) work weeks. At the 13-week mark the employee will enter the Bureau of Workers Compensation (BWC) lost wage system. For injuries where medical authority strongly believes back–to-work status will happen within another 13 weeks, management may extend the injury leave as outlined in this article. Injury leave is granted only for an injury incurred in the performance of official duties with the City, provided the procedures of this article are followed. This article is used in conjunction with the MFD Wellness and Fitness Initiative Program. Where there is a conflict between the two products, this article takes precedence.

SECTION 2. INJURY LEAVE (ON-DUTY) PROCEDURES:

1. When injured in the line of duty, the employee will complete the accident/injury form and shall report such injury to the Division management immediately, but not more than forty-eight (48) hours after the employee was injured, or as soon as practicable if extenuating circumstances prevent the employee from complying with the filing requirement.

2. In the event that time off from work is required by the injured employee, they will be granted injury leave from the first day of injury if the proper documentation is submitted to HR. This documentation will include, but is not be limited to, a statement from a physician, and any necessary BWC forms and other documents as may be required by the City. In the event that the BWC determines that the injury is not employment related, at any time the employee is or has been absent from work, that time shall be deducted from the accrued sick leave or other earned leaves.

3. The C-55 is required for all lost-time claims where the employee cannot work for more than seven (7) calendar days. The C-55 must be signed by the employee by the seventh (7^{th}) day. The C-55 will not cover more than 45 calendar days. A subsequent C-55 is required prior to the start of any additional time period beyond the 45 days.

4. During the period of time an injured employee is being paid under injury leave, all normal benefits given to regular full-time Fire Division employees shall remain in force with no deductions to earned sick leave and/or vacation time. Injury leave is the normal payment the employee would have received if on a normal schedule.

5. In all cases where more than thirteen (13) weeks have been used by an employee, the City Manager may extend such leave by an additional thirteen (13) weeks, if such necessity is determined to his satisfaction. Each employee requesting such an extension under this policy may be required to furnish a current affidavit from a licensed physician stating the need for the extension. The City reserves the right to have a physician of its choice examine the employee prior to deciding. The City Manager's decision shall be final and binding and not subject to the grievance procedure. All cases will be dealt with on an individual basis, and the City's decision on each case will be without prejudice or precedence.

6. After the employee is in the BWC lost wage system they have the following 3 options:

a. Receiving temporary total (TT) alone from the BWC.

b. Receiving TT from the BWC and using City sick leave as a "supplement" to their lost wages. The amount of sick leave used is calculated by subtracting the TT amount from the average wage used during the wage continuation period. The employee uses the amount of sick leave needed to bring the 66 and 2/3rd% wages up to the average.

c. Using City sick leave as a "replacement" for TT. The employee must notify the City on or before the last day of the wage continuation of their choice. If the sick leave option is selected, the employee will notify the BWC that they are receiving sick leave in "replacement" of TT.

Bargaining unit members who are placed on TT, as provided per the section, will continue to accumulate all paid leaves and be entitled to the appropriate insurance as stipulated within this agreement.

7. While an employee is on injury leave and/or TT, that employee will report to work every 15 days and update management on their medical status. This status report will be in person or via phone if medical necessity prevents. The City may, at any time the employee is on injury leave, direct the employee for medical evaluation. Failure to report status or show for medical evaluation may result in the employee moving from injury leave to BWC wage loss status. Failure to report status or show for a medical evaluation while on TT may result in discipline.

SECTION 3. TRANSITIONAL WORK AND LIGHT DUTY:

Employees injured in the line of duty may be offered by management the opportunity for transitional/light duty as indicated by their medical professional. Employees shall not be required to return to work on transitional/light duty unless and until their medical professional authorizes such a return. Employees that are medically cleared for transitional/light duty, but fail to report to work are subject to discipline for failing to report and/or may be moved from injury leave to the BWC wage loss system

Management will offer light duty to employees on a case-by-case basis with priority given to work-related injuries. Employees with non-work-related injuries may be offered light duty with consideration of: the nature of the events giving rise to the injury/illness; the medical provider's recommendation; availability of light duty; ability to define dates, times and duration; not to conflict with physical therapy or other return-to-work process, and other performance and/or behavioral issues.

SECTION 4. NON-WORK-RELATED EXTENDED INJURY/ILLNESS PROCESS

Employees injured in non-work-related incident or accident, which limits the ability to be fit for duty, may use the following process. The below process is in place to identify steps, set expectations, create milestones, and provide options where possible. This 12-month maximum mark process is only available to an employee once in their career. A second (or more) major injury/illness for that employee will result in just FMLA and paid time off coverage benefits. Additionally, MFD can only utilize this process for a maximum of three employees at one time. If a fourth employee has a major injury/illness, it will also result in just FMLA and paid time off coverage benefits.

1. Employees will utilize the FMLA process in accordance with City Policy in the event of a serious medical event (injury/illness) and the employee cannot work.

2. Employees first utilize sick leave in accordance with Article 20 of this agreement for non-work-related injuries/illness and in conjunction with FMLA.

3. If at some point, either during the FMLA or afterwards, the employee runs out of sick leave, they may use any and all other paid time off (other PTO: vacation, personnel, and compensatory time) to provide paid leave in accordance with this section. The usage of PTO, may continue up to 12 months from the initial time of injury/illness.

4. If the injury or illness extends past the FMLA 12 weeks mark, the employee will provide a doctor's note regarding the reasons for the extended absence and a projected return to work date, if possible. This note and all notes referred to in this process will be filed in the employees' HIPPA compliant medical record. Supervisor may request updated certification/doctors' notes periodically, but no more than one report every 30 days, to document the absence.

5. During the FMLA 12 weeks and beyond, the employee will check-in (telephone or meeting) with their supervisor bi-weekly to keep their supervisor informed regarding any return to work progress and their medical condition, along with verification of employee timecard with PTO usage.

6. If at some point before the 12-month mark, the employee runs out of all other PTO, they may apply for sick leave donation per City Policy. Sick leave donation may last up to 480 hours.

7. If sick leave donation runs out before the 12-month mark or is not made available, the employee may apply for short-term disability in accordance with City policy. Short term disability may last up to 13 weeks.

8. If the employee is not otherwise determined to be medically able to return to work after exhausting FMLA, all forms of PTO, sick leave donation and short-term disability, and the 12-month mark has not been hit; a determination point is reached. The employee would be examined by Occupation Health. They would determine the feasibility of a return to work and provide a projected date of return. The employee agrees to release a record of that visit to the City of Marysville. If the employee can feasibility return to work on or before the 12-month mark from date of injury/illness, the employee may apply for leave without pay per City Policy for the remaining time to extend to the 12-month mark. At the 12-month mark, the employee must successfully pass a functional capacity evaluation, at City's expense, for a full return to duty or the employee is medically retired.

9. In all cases, if the employee is still not medically able to return to work at the end of the 12-month mark from the date of the initial injury/illness; the employee is medically retired by the City on the calendar day after the 12-month mark.

10. If at any point in the above process the employee is made aware that a medical doctor has determined they will never be able to return to duty (they have reached a maximum medical improvement [MMI] status) or a medical doctor projects that the employee cannot reasonably return within one year from the date of injury/illness, that employee must notify

their supervisor within one calendar week from the notice. After this notice, the employee has 12 weeks or the 12-month mark (whichever is sooner) to utilize PTO available until they are medically retired. At this point of MMI, MFD is authorized to backfill the position.

11. At any point in the above process, the City reserves the right to have the employee be examined by Occupational Health at the City's expense. The employee agrees to release a record of that visit to the City of Marysville.

12. In all cases, the employee must present medical approval for a full return to duty. The City, at City's expense, may have the employee examined by Occupational Health and/or have the employee successfully pass a functional capacity evaluation for a full return to duty. The employee agrees to release a record of such visit to the City of Marysville.

ARTICLE 22
SPECIAL LEAVES

SECTION 1. SPECIAL LEAVE

In addition to other leaves authorized herein the City may at its sole discretion authorize a special leave of absence with or without pay for purposes beneficial to the member and the City.

SECTION 2. JURY DUTY LEAVE

A member while serving upon a jury in any Court of Record will be paid his/her regular salary for each of his workdays during the period of time so served. Upon receipt of payment for jury service, the member shall submit jury fees to the Chief who will then deposit such funds with the Director of Finance. Time so served shall be deemed active and continuous service to all purposes.

SECTION 3. EXAMINATION LEAVE

Time off with pay shall be allowed for members to participate in Civil Service tests or to take a required examination, pertinent to their City employment before a State or Federal licensing board.

SECTION 4. COURT TIME

Time off with pay shall be allowed members who are required to attend any Court of Record in the State of Ohio in civil or criminal matters relating to duties performed for the City of Marysville. Upon receipt of payment for witness service, the member shall submit fees to the Chief who will then deposit such funds with the Director of Finance. The employee shall be allowed to keep incidental expense fees (meals, parking, mileage) from the reimbursement due the City. In addition, the employee is entitled to keep all remaining fees in excess of his/her City salary for same period of time.

SECTION 5. ADMINISTRATIVE LEAVE

Members may be placed on or provided paid administrative leave at the discretion of the City Manager. The member will be paid at their regular rate for the time that they are assigned to administrative leave.

ARTICLE 23
WAIVER IN CASE OF EMERGENCY

SECTION 1. EMERGENCY PROCEDURE

In the case of a publicly declared emergency that interferes with normal day to day operation and defined as acts of God, or civil disorder declared by the President of the United States, the Governor of the State of Ohio, the City Manager of the City of Marysville, the Federal or State Legislature, the following conditions of this Agreement may be suspended by the employer:

A. Time limits for replies on grievance; and

B. All work rules and/or agreements and practices relating to the assignment of all employees.

C. Extension of temporary and provisional appointments, not to exceed 12 months from the time of appointment.

SECTION 2. GRIEVANCE PROCEDURE

Upon termination of the Emergency, should valid grievances exist, the grievances shall be processed in accordance with the provisions outlined in the grievance procedure, and shall proceed from the point in the grievance procedure to which they {the grievance(s)} had properly progressed.

ARTICLE 24
HEALTH, SAFETY, AND DRUG-FREE WORKPLACE

SECTION 1. SAFE WORKING CONDITIONS

Safety must be a prime concern and responsibility of both parties. Therefore, the City accepts the responsibility to provide safe working conditions and working methods for its employees. The employee accepts the responsibility to maintain his tools, equipment, and work area in a safe and proper manner and accepts the responsibility to follow all safety rules and safe working methods set forth by the City. NFPA 1500, 1582 and 1583 shall serve as a general resource and guide. The local shall appoint a health and safety liaison to assist in assuring a safe working environment.

SECTION 2. PROCEDURE UNSAFE CONDITIONS

All working conditions an employee believes to be unsafe must be reported to the employee's supervisor in charge in writing as soon as said unsafe working conditions are known and shall be followed by written notification within twenty-four (24) hours of discovery. The supervisor will investigate all reports of unsafe working conditions, and will make every effort to correct any which are found and see that the safety rules and safe working methods are followed by his employees.

SECTION 3. COMMUNICABLE DISEASE PROCEDURE

The members of any emergency squad unit or fire employee shall notify the chief or his designee of any communicable disease encountered while rendering EMS services. The Fire Chief or his designee will determine, with consultation of a physician, what action if any is necessary to protect the health of affected employees. The City agrees that if medical attention under this section is required which is not covered by the employee's hospitalization plan or workers compensation that the City shall reimburse the employee for those necessary but uncovered expenses incurred.

SECTION 4. SAFETY DISCUSSIONS

The City and the Local shall consider and discuss safety and health related matters and explore ideas for improving safety at the regularly scheduled City safety meetings.

SECTION 5. DRUG-FREE WORKPLACE PROGRAM

In concert with our Drug-Free Workplace Program (DFWP), the City of Marysville believes that employees share responsibility for a safe work environment and that it is reasonable for employees to avoid usage of alcohol and other drugs that affects their performance and safety at work. Our primary interest is in preventing all accidents and injuries. The City will administer the drug-free workplace policy in accordance with City Policy 715.

ARTICLE 25
EDUCATION AND TRAINING

SECTION 1. EDUCATIONAL REQUIREMENTS:

A. All line personnel hired after January 1, 2001, must maintain their EMT certification as a condition of employment. All firefighters hired after January 1, 2013, must hold a current and valid state of Ohio paramedic certification (EMT-P) as a condition of employment for their length of employment with the City of Marysville. Additionally, no Firefighter (those hired before January 1, 2013) can drop any EMT-P certification after holding it for six years, if that action takes the Fire Department below a 50% rate of certified full-time Firefighters**.** The individual may voluntarily drop their certification after this 6-year period provided the member voluntarily dropping their certification gives at least a 20-calendar day notice to the Fire Chief. Line personnel hired after January 1, 2001 that drop their certification as a paramedic must maintain their EMT certification as a condition of employment.

B. Any current employee that starts paramedic school after January 1st, 2001 will be required to maintain that certification under the same stipulations stated above.

SECTION 2. TRAINING

The City will provide all required training at no cost to the employee when the Chief determines the training benefits the citizens and improves the operation of the Division. Employees submit requests for training to the Fire Chief for approval. Employees shall be granted leave with pay to attend approved training. For the purposes of overtime, it shall be paid to the employee for City mandated training only. Time off is granted as follows:

- One-Day Class:
  -- Within 100 miles (one way) from Station 271: On a duty day, take training and return to work. If not on duty, take the class.
  -- Over 100 miles: Overnight stay is authorized with travel after 1630 the day before. After the training on a duty day, return to the station. After training on a non-duty day, return home.

- Two-Day Class: Leave as in above (one-day).

- Three-Day Class: Take the shift off during class.

- Four-Day Class: Take one shift off -except as follows;
  -- If duty day is first day of class-take that day off and return to duty after class on the fourth day, unless the class is out of town and return to work is unreasonable.

- Five-Day Class: Take two shifts off as follows;
  -- Sunday-Wednesday-Saturday shifts take first two days off.
  -- Monday-Thursday or Tuesday-Friday shifts take those days off.

- Six and Seven-day Classes: Two shifts off with additional time off given at the Fire Chief's discretion.

- Two-Week Class: Take four shifts off.

Once training is approved the employee attends the class. If, however, the Fire Division incurs overtime (due to staffing issues) while the employee is at training, the employee may be required to return to duty at the Chief's discretion if within commuting distance (100-mile radius from Fire Station). Also, the employee may be placed on a 40-hour work week for classes that are one-week in duration or longer-at the discretion of the Fire Chief.
If the individual is in a city vehicle, and when multiple members are on training and are required to return to work the remainder of their shift, then the member in closest proximity to Station 271 will be ordered back regardless of training or seniority. If the training is continued on the next day, the junior member will be mandated to return to duty regardless of distance.

Employees that attend Union County or MFD hosted training events disconnected from their regularly scheduled hours of work or Overtime shift work, will be paid at 1.5 times their hourly base rate. These hours are paid as they are worked and are paid at an overtime rate; they are not included in the consecutive hours to calculate Overtime. The Fire Chief has the final determination on what training events fall under this category.

ARTICLE 26
TUITION REIMBURSEMENT

SECTION 1. POLICY AND ELIGIBILITY

The City of Marysville sponsors a tuition reimbursement program, in order to assist employees in obtaining job-related skills and knowledge. All regular full-time (non-probationary) employees completing at least one year of service prior to the start date of the course(s) are eligible.

SECTION 2. LIMITS AND PROGRAM CRITERIA

A. The program provides for a maximum tuition reimbursement of $3,500 for undergraduate courses or $6,500 for graduate courses over the span of one calendar year. **This includes tuition, fees and books.** The City maintains the right to further set limits on reimbursement based on the City's financial state. When an adverse financial situation necessitates the City discontinuing a previously approved employee program, the City will notify the employee as soon as possible and make every effort to pick-up the program in place the next calendar year.

B. The coursework must directly relate to the employee's job or career path as determined by management.

C. Employees will take course(s) at an accredited college, university, community/junior college or business/commercial school.

D. The City will reimburse for certification courses if the courses are required and relevant to the employee's current position. The employee does not need to take all the courses in the certification program to be eligible for reimbursement.

SECTION 3. APPLICATION PROCESS

A. The employee must notify their supervisor of the courses and costs for class work by June 1 for the next calendar year to give their supervisor proper notice to budget for the tuition. The employee will then complete City of Marysville HR Form – 10 (Tuition Reimbursement Request) by January 31 for each year to estimate their participation in the tuition reimbursement program for that year.

B. Submit applications through the Fire Chief for approval to the Human Resource (HR) Manager. HR may process applications received late if it is determined there are extenuating circumstances.

C. If the Fire Chief does not approve the request, the request is still submitted to HR with a written explanation. For individual courses and/or programs, include a description or outline of each course, as well as associated fees.

D. HR routes the complete request form back to the employee and files a copy in the employee's record.

E. All approved applications for that calendar year will be honored by the City.

SECTION 4. DEGREE PROGRAMS

For degree programs, the request must include a list of courses required for the program and a copy of the acceptance letter for the degree program. Once the Fire Chief and HR approves a degree program, it is not necessary to submit requests for each term. Instead, the employee completes and submits the appropriate institutes' term enrollment form to HR. If the employee's major is changed, department/division heads and HR must approve the new degree.

SECTION 5. APPEAL PROCESS

If all or part of an employee's request is not approved, the employee may appeal the decision to the City Manager. This appeal is a written letter/memo detailing additional information and submitted to the City Manager within 72 hours of the HR notification to the employee. The City Manager will issue the final written decision within five workdays.

SECTION 6. REIMBURSEMENT PROCESS

The City reimburses employees upon successful completion of the course(s) (grade of C or better). After submitting required documents to HR, employees receive tuition reimbursement as a separate check enclosed with their paycheck for the following pay period. An employee must submit the following documents to HR within 45 days of the completion of an approved course:

A. Copy or original request form (HR Form – 10).

B. Official receipts showing payment for tuition and fees by employee.

C. A grade slip.

D. A certificate or letter documenting successful completion of certification coursework.

SECTION 7. PAY BACK FOR RESIGNATION/TERMINATION OF EMPLOYMENT

If an employee resigns or is terminated within 2 years of receiving tuition reimbursement, that employee must pay back reimbursements. Within the first year after reimbursement, the employee must pay back 100% of the reimbursement. Within the second year after reimbursement, the employee must pay back 50% of the reimbursement. This payback is deducted from remaining City paychecks. All funds in excess of City paychecks are due on or before the last day of employment.

If any employee is laid-off by the City he/she is not responsible for paying back the City for any tuition costs. The exception to this provision is when the employee refuses recall under the lay-off, then the repayment scheduled shall apply.

ARTICLE 27
INSURANCE

SECTION 1 – MEDICAL

(1) Wellness Program: The City and IAFF both recognize that an effective wellness program can help keep the workforce healthy and also keep medical insurance costs down. The City will maintain some form of wellness committee and IAFF will provide a member to that committee. The committee will meet as necessary to promote a health workforce vision and implement goals and action steps to that end.

(2) Medical Plans: The City offers the following three plans to all members of IAFF:

Plan A (PPO):

Coverage Changes	PPO
Deductible (Single)	$100
Deductible (Family)	$200
Out-of- Pocket Individual (Ind)	$600
Out-of-Pocket Family	$1,200
Office Visits	$15 co pay
Allergy Injections	$5 co pay
RX Retail	Tier 1: $10 Tier 2: $25 Tier 3: $40 Tier 4: Mandatory Gen.
Rx Mail	Tier 1: $10 Tier 2: $65 Tier 3: $120 Tier 4: Mandatory Gen.
Lifetime Max (Ind)	Unlimited

Plan B (HRA): This a consumer-driver Health Reimbursement Account (HRA).

The City of Marysville may make a pledge to your HRA account each year. The amount of that pledge will vary depending on your status (i.e. single coverage vs. family coverage) under the group health plan. The unused portion of your HRA account will carry over from year to year, but there is a cap on your HRA account balance depending on your status (i.e. single coverage vs. family coverage) under the group health plan. The following schedule outlines the annual pledge and cap and shall take effect on January 1, 2023:

	Single Coverage Annual Contribution	Family Coverage Annual Contribution
Annual Pledge	$ 1,450	$ 3,000
Maximum Cap	$ 5,000	$ 10,000

- Beginning of Year: Your annual pledge for the year is based on your status under the group health plan as of the first day of the plan year (or open enrollment). The annual pledge is deposited into your HRA account on or about January 7. Example: if you elect family coverage your annual pledge is $3,000 for the plan year. The maximum cap is also based on this same status and your previous years in the plan. The amount in your account as of December 31 of

that previous year is used to determine your cap. If the employee has claims pending from that previous year (date of service before January 1), they must produce this claim information on or before April 1 of the current plan year to gain credit to the cap.

- New Employees: New employees are given a pledge amount prorated for the entire year based on their single/family status. The initial date of service includes that entire month in this calculation. Example: employee starts in October under single plan, gets 3 months of $1,450 or $362.50.

- Single/Family Changes in Plan Year: If the employee switches from family to single coverage during the plan year the contribution is prorated to the lower (single) amount. If an employee changes from single to family the contribution is prorate to the higher (family) amount. Employees are not responsible for negative amounts in these accounts (they do not pay the City back).

Note that your HRA account balance is forfeited if your employment with the City of Marysville terminates for any reason.

Plan C (HSA): The following schedule outlines the annual city contribution and shall take effect starting January 1, 2023:

There is no cap regarding the HSA.	**Single Coverage Annual Contribution**	**Family Coverage Annual Contribution**
Annual Contribution	$ 2,000	$ 4,000

- Beginning of Year: Because there is no cap regarding HSA, the employee receives funding based on the type of plan (single/family) distributed in four equal sums on a quarterly basis starting during the first pay period ran for that quarter. The funding goes directly to the employee.

- New Employees: Funding is based on type plan (single/family) and is prorated for the year. The initial date of service includes that entire month in this calculation. Example: employee starts in October under single plan, gets 3 months of $2,300 or $575.

- Single/Family Changes in Plan Year: If the employee switches from family to single coverage during the plan year the contribution is prorated to the lower (single) amount. If an employee changes from single to family the contribution is prorate to the higher (family) amount. Employees are not responsible for negative amounts in these accounts (they do not pay the City back).
- Employees leaving employment with the City are no longer eligible for the HSA as of their last official date of service. Funding is carried forward from one year to the next. If the employee elects to not select the HSA the funding remains the employees. Account balance remains with the employee who opted out.

(3) Premium Splits: The City and labor agree to an 80/20% split respectfully, regarding monthly premiums for the above plans.

Should the adopted health care legislation of the Congress of the United States alter (by-law) these plans during the term of this agreement, the parties agree to meet to discuss changes and implementations of the required Federal Health Care legislation.

(4) Option (Opt) Out/Stay Out Provision: The City reserves the right to initiate an Opt Out/Stay Out program during the term of this collective bargaining agreement to see if it is

fiscally sound to the citizens as well as a viable choice to the employee. It would be given as an option only to the plans listed in this article.

(5) Change in Carriers: If it becomes necessary to change carriers and such change would affect the benefits under the plans, the City agrees to meet with representatives of the Union prior to implementing the change in order to negotiate the impact of any proposed change. The City will make every effort to fund a plan or plans as similar to this that currently exist, but there is no guarantee that the exact plan will be available based on carrier.

SECTION 2. LIFE

The City agrees to provide a term life insurance policy covering each employee in the amount of 1.5 times the employee's base salary up to a maximum of $50,000. The City shall pay the entire cost of the policy to this level.

Local employees can purchase insurance above the $50,000 (or 1.5 times salary limit, whichever is lesser) City provided insurance at a rate determined by the carrier, not to exceed a $200,000 limit. The employee will have to fulfill any medical physicals as required by the carrier. If the rate changes-employees will assume the cost increase. If the City incurs legitimate business reasons to change insurance providers, the City will still provide the base $50,000 coverage and the employees may still purchase more insurance at the new carrier's rate. In either case, the employee will also field any and all IRS tax issues for the insurance above $50,000 (or 1.5 times salary). Life insurance reduces by 35% at age 65, and to 50% of the original amount at age 70.

SECTION 3. PROFESSIONAL LIABILITY

Professional liability insurance coverage will be provided to the members at the City's expense.

SECTION 4. SHORT-TERM DISABILITY

The City shall assume self-funding of the short-term disability program for off-the-job accidents and illnesses. The employee shall first use accumulated sick leave for such off-the-job accidents and illnesses. After accumulated sick leave has reduced to 72 hours, the City shall provide compensation up to sixty-seven percent (67%) of the weekly wage not to exceed $500 for a period up to 13 weeks. Such payments shall begin after seven (7) days for illnesses and zero (0) days for accidents, if the employee has no accumulated sick leave. Both parties agree that Management reserves the right to disapprove this entitlement on a case-by-case basis when evidence of excessive use exists.

ARTICLE 28
LONGEVITY PAY

Employees are provided longevity pay based initially on their hire date. On the first anniversary of that hire date they receive 1 year of service credit towards longevity pay and 1 additional service credit year on each following anniversary date. On November 15th of each year the number of service credit years on that date is used to determine the pay factor below. Only full years of service count.

Longevity Table		
Service Months Worked/Tiers	**Payment**	**Paid Out Date**
0 - 35 months	Not eligible	N/A
36 - 59 months	$800	2nd payday in Nov
60 - 119 months	$1,100	2nd payday in Nov
120- 179 months	$1,400	2nd payday in Nov
180 - 239 months	$1,800	2nd payday in Nov
240 + months	$2,200	2nd payday in Nov

In the case of retirement, the employee is paid prorated longevity on retirement. Employees resigning or terminated are not eligible for this prorated longevity.

ARTICLE 29
INCENTIVE PAY

SECTION 1. FIRE AND EMERGENCY SERVICE INSTRUCTOR

Employees holding a valid Fire and Emergency Service Instructor Certificate and assigned to the duties of instructor shall receive at each pay period a payment of $75. Performance of this additional duty will be included on the employee's performance plan as an additional performance factor and evaluated in accordance with City policy.

SECTION 2. MAINTENANCE COORDINATOR

Employee(s) assigned by the Fire Chief to act in the position of Maintenance Coordinator shall receive at each pay period a payment of $100. Performance of this additional duty will be included on the employee's performance plan as an additional performance factor and evaluated in accordance with City policy.

ARTICLE 30
HOURS OF WORK AND OVERTIME

SECTION 1. HOURS OF WORK

Employees covered by this Agreement shall work either twenty-four (24) hour shifts or eight (8) hour shifts. Each employee shall be assigned to a regular shift and work either: a schedule of twenty-four (24) hours on duty, commencing at 7:00 a.m. and ending at 7:00 a.m. the following day, followed by forty-eight (48) hours off duty or an eight-hour day commencing at 8:00 a.m. and ending at 4:30 p.m. When the need for temporary manpower in a forty-hour position exists, (such as a fifty-three (53) hour employee going to a weeklong school or class) the city will normally fill the temporary need by placing that employee on a forty (40) hour shift for the duration of the school or class. No fifty-three (53) hour employee will be changed to a permanent forty (40) hour position without his/her prior approval. The parties agree that if, during the life of the Agreement, it becomes necessary for the City to change or alter the starting time of the shifts as specified in this section, the City and Local shall meet to discuss the reasons for and to negotiate the effects of the decision prior to any implementation. The City has the right to staff the unit to complete the mission of the unit and will exercise those rights when additional temporary staff is needed. This shall not constitute a guarantee of work hours or days.

SECTION 2. SHIFT ASSIGNMENTS

Shift assignments shall be made by the Fire Chief or his designee. Employees shall continue to have the right to trade shifts (swaps) when the change does not interfere with the operation of the Fire Division, has the prior approval of the Fire Chief and does not result in the payment of overtime

SECTION 3. OVERTIME RATE

Overtime shall be paid for hours accrued over 106 hours consecutively within the pay period, unless an overtime rate was paid previously during that pay period. Overtime shall be paid at one and one-half (1 ½) times the regular hourly rate for every scheduled hour worked over one hundred and six (106) in a fourteen (14) day work period and over 40 hours a week for personnel assigned to a permanent 40-hour position.

SECTION 4. COMPENSATORY TIME AND OVERTIME FOR 24 HOUR SHIFTS

Compensatory time shall be available for all Local 3032 members and shall be used as described in Article 18 of this collective bargaining agreement.

Employees will receive overtime or compensatory time for any hour worked over 106 hours within the 14-day work period. Compensatory time is accrued at a rate of one and one half hour for each overtime hour. Each employee is permitted to accrue up to two-hundred and forty hours (240) and carry year-to-year one-hundred and forty-four (144) hours of compensatory time.

Employees are paid the first pay period in January at the fifty-three (53) hour rate for all compensatory time exceeding the two-hundred and forty (240) hours.

SECTION 5. HOURS WORKED CALCULATION

Overtime payments shall be made to the nearest quarter hour. For purposes of determining overtime, an employee scheduled hours in each fourteen (14) day work period will be used to calculate overtime. This includes use of sick leave, funeral leave, vacation leave, personal time, military leave or any other similar leave.

SECTION 6. CALL-IN TIME/ EMERGENCY OVERTIME

Employees called in, who voluntarily respond at a time disconnected from their regularly scheduled hours of work shall be paid a minimum of (3) hours and a maximum of actual hours worked if over (3) hours. Disconnected is defined as hours worked that are not scheduled/linked to any normally scheduled hours. Connected time, area hours coming in prior to schedule, and/or staying after hours scheduled shall not meet the minimum requirement of 3 hours, nor be paid as such (hours will be paid for actual hours worked). Hours will be paid at 2 times the regular rate of pay on the next paycheck after the hours are worked. Any employee called in to work will remain on duty until released by the Shift Officer. Call-in/Emergency Overtime is generally considered unscheduled overtime that is needed for emergency response purposes and does not include shift fill, instructor overtime or any training-related time. The Fire Chief has the final determination on what is considered Emergency Overtime.

These hours are paid as they are worked, and are included in the computation of hours worked for overtime for that pay period. Call-in time shall apply to employees called for off-duty court appearances resulting from the performance of their duties. The parties agree that there shall be no pyramiding of overtime hours. (Ex: if called in at 5 p.m. and released at 6 p.m., the next (3) hour minimum cannot begin until after 8 p.m. or if call in at 5 a.m. and regular shift starts at 7 a.m., call-in would be paid for the 2 hours and regular rate of pay would take over at 7 a.m.). The parties further agree that there will not be pyramiding of overtime hours, stacking call-in with holiday pay.

SECTION 7. SCHEDULED OVERTIME VOLUNTARY/ FORCED-IN PROCESS

In the event that a need for overtime occurs in the Fire Division, overtime shall first be offered accrue to members of the bargaining unit on a voluntary basis. The City may then offer overtime to part-time employees in the event that all members of the bargaining unit refuse or cannot be contacted after reasonable attempts. Finally, should fill-in be needed and all employees have previously declined, the next employee contacted shall respond to duty (“forced-in”). If fill-in is needed upon shift change, the shift officer is responsible for ensuring that the least senior firefighter or least senior medic on duty shall remain on duty until replacements report for duty. All overtime shall, whenever reasonably possible be distributed and rotated equally among employees, subject to the operational needs of the City. All overtime in this section is at the 53-hour rate and hours are used to calculate overtime for that pay period.

SECTION 8. SPECIAL DUTY

Employees that work Special Duty events disconnected from their regularly scheduled hours of work or Overtime shift work, will be paid at 1.5 times their hourly base rate. These hours are paid as they are worked and are paid at an overtime rate; they are not included in the consecutive hours to calculate Overtime. The Fire Chief has the final determination on what is scheduled and considered as Special Duty.

ARTICLE 31
SUBCONTRACTING

If during the life of this agreement the employer determines it is necessary to contract out work which is currently performed by bargaining unit employees, the employer and the union shall meet to discuss the reasons for and to negotiate the effects prior to any implementation.

ARTICLE 32
UNIFORM ALLOWANCE

SECTION 1. INITIAL ISSUE

The City shall assume the cost of furnishing new employees with a complete new uniform for the first year of service. This will include: Dress Uniform: jacket, pants, long and short sleeve shirt, hat, tie, shirt and hat badges, overcoat. Duty Uniform: two (2) shirts, five (5) pants, five (5) T-shirts, two (2) job shirts, one (1) jacket, one (1) belt, and shoes/boots. New employees will only receive one incentive in their first year of service. On odd calendar years, the Division will purchase their initial pair of duty boots, even calendar years, the member will utilize their uniform allowance to purchase their duty footwear.

SECTION 2. ANNUAL INCIDENTAL ALLOWANCE

The City will allow an annual allowance (Jan 1-Dec 31) of $500 per Local 3032 employee for odd years. Every even number calendar year, an annual allowance of $750 will be given to include footwear. Footwear shall include black duty boots and black athletic shoes.
for use in purchasing from the below list of incidentals. The allowance is paid on the second regular payroll check in February. The annual allowance will be taxed at their normal rate of tax as prescribed by the IRS. The members are responsible for maintaining their receipts and filing their own taxes to receive related tax relief. Employees leaving MFD during the calendar year are subject to a monthly prorated uniform allowance and the amount owed back to the City will be subtracted from their final paycheck.

- Station duty boots.
- Athletic shoes for physical fitness.
- Workout apparel including long pants, shorts, long shirt and t-shirt.
- Socks (a maximum of 5 pair per year).
- Embroidered ball cap and/or winter hat.
- One set of linens per year.
- Blue 5-11 shorts not currently provided as a commissary item.

Any Fire or EMS related apparel or tools not provided to MFD members by the City of Marysville, but approved by the Fire Chief.

SECTION 3. UNIFORM MAINTENANCE

All officers and all firefighters will be required to maintain this issue and have items replaced when worn or damaged. All employees are required to maintain issued articles in serviceable condition. When any item provided by the city as part of uniform and reaches the end of its useful life, or is damaged, it will be replaced by the City when turned in to the fire chief or his designee, who shall have the sole discretion in determining if replacement is necessary. Members are responsible for replacing any and all items that the division deems to be unfit under the uniform guidelines outside of provided uniform, this includes duty boots. Inspection can be made periodically by command staff.

SECTION 4. OTHER

The City shall pay for initial changes of uniform resulting from promotion. Equipment articles, if furnished by the City, shall remain the property of the City and shall be returned to the City upon resignation, discharge or retirement in the same condition as when received, less normal wear

and tear. Shirts and pants issued in the same year that an employee resigns, is discharged, or retires shall also be returned to the City. The employee shall replace equipment articles lost or stolen through negligence. Equipment articles needing repair or replacement due to job-related wear and tear shall be repaired or replaced by the City. The City will replace clothing damaged or destroyed in the line of duty. When the City mandates uniform changes, the City shall pay for the change.

SECTION 5. PERSONAL PROPERTY

Eyeglasses or contacts (up to $500), and watches (up to $50) damaged in the line of duty will be repaired or replaced by the City, so long as there was no demonstrable negligence by the employee, which contributed to the property loss or damage. The City is not responsible for lost, stolen, or damaged privately-owned cell phones, pagers, PDAs, and other personal electronic devices.

ARTICLE 33
PAY PERIODS

Members covered hereunder shall be paid bi-weekly, i.e., every other week. It is understood and agreed that for the computation of pay purposes, the starting time of the work week will commence at 7:00 a.m. Sunday and end at 6:59 a.m. the following Sunday.

SECTION 2. PENSION

The City does not pay any portion of the employee share of wages. Additionally, the City agrees to continue during the length of this agreement to continue using the "salary reduction" method for pension payments as permitted by Ohio law and IRS.

SECTION 3. ENTRANCE STEP AND PROGRESSION

Step A shall be the normal hiring step with progression to subsequent steps on the employee's anniversary of hire date. For all employees hired after July 1, 2016, progression to next higher step level is contingent on a minimum rating of "Satisfactory" on the annual performance evaluation.

Step A: Hire/promotion date to one-year (12 month) anniversary date.

Step B: One-year anniversary to two-year (24 month) anniversary date.

Step C: Two-year anniversary to three-year (36 month) anniversary date.

Step D: Three-year anniversary to four-year (48 month) anniversary date.

Step E: Four-year anniversary date.

SECTION 4. LATERIAL HIRES

A. Starting Wages: The parties agree that a recruitment lateral transfer is a viable option in obtaining qualified candidates. Management may utilize the recruitment option of an accelerated pay step process for a lateral transfer. Based on the lateral transfer's work experience, the location(s) they were employed, and their work record; management may offer to a lateral transfer a starting salary identified in Article 34 as Step A, with an acceleration to Step B or Step C upon completed their required training (as determined by management). That candidate would then be eligible for an increase to the next Step on the anniversary of their date of employment, providing their evaluation was satisfactory or higher. Members are still subject to the Probationary Periods as outlined in Article 14 for a new employee.

B. Vacation Prior Service Credit: Management may offer prior service credit for vacation accruement as detailed in Article 18. Management would determine the number of months the lateral transfer provided previous services that align with the City's classification the candidate was hired for, and start that new employee at a higher accrual rate (as detailed in Article 18). The lateral transfer cannot receive more than 12 years (144 months) of prior service credit.

C. Other CBA Provisions: All other CBA provisions including, but not limited to; seniority, bumping, layoff/recall, and longevity, are otherwise not amended for the lateral transfer.

D. Members hired prior to July 1, 2025, will be considered for treatment under this provision. Members will not be able to go above 185 months of service credit combined with current and prior service credit given.

SECTION 5. Basic to Paramedic Program (B2P)

A. When an FF/EMT-P opening exists, the Fire Chief will analyze the current workforce to affirm that MFD could implement a potential Basic to Paramedic (B2P) hire with no major disruption in operations or an unmanageable burden on the current workforce. If hired as Basic to Paramedic members fall under the same requirements of a Firefighter (Basic) member, with the provision of earning their certification as an EMT-P within eighteen (18) months of the first day of duty.
B. The Division will not have more than one B2P member per shift at any given time. The B2P must successfully be on the eligibility list and conform to all selection steps per Civil Service laws. Additionally, the Chief may initiate a hire process with the B2P option once per year without an opening, in accordance with Civil Service laws.

ARTICLE 35
SEVERABILITY

SECTION 1. SEVERABILITY

Should any part of this Agreement be held invalid by operation of law or by final order issued by any tribunal of competent jurisdiction, or should compliance with or enforcement of any part of the Agreement be restrained by such tribunal pending a final determination as to its validity, such invalidation or temporary restraint shall not invalidate or effect the remaining portions hereof or the application of such portions to persons or circumstances other than those to whom or to which it has been held invalid or has been restrained. In the event of invalidation of any portion of this Agreement by final order issued by any tribunal of component jurisdiction or by operation of law, and upon written request by either party, the parties to this Agreement shall meet within thirty (30) days of receipt of the written request in an attempt to modify the invalidated provisions by good faith negotiations.

ARTICLE 36
EARLY RETIREMENT INCENTIVE

SECTION 1. EARLY RETIREMENT INCENTIVE POLICY

The early retirement incentive plan shall be the only retirement incentive plan in effect for eligible employees covered by the Police and Firemen's Disability and Pension Fund. Participation in the Plan shall be available to 5% of the eligible employees covered by this contract who are members of the Police and Firemen's Disability and Pension Fund. Participation eligibility shall be based on total service credit in the Police and Firemen's Disability and Pension Fund pursuant to applicable service credit provisions of O.R.C. Chapter 742. Persons with more service credit as calculated under O.R.C. Chapter 742 shall have right to participate before employees having less service credit in the system.

SECTION 2. PROCESS

Pursuant to this plan, service credit for each participating employee shall be purchased in an amount equal to the lesser of the following:

(1) Up to four years of military service credit.
(2) Up to four years of previously refunded service.
(3) An amount of military and refunded service credit needed for the employee to obtain 25 years total service credit in the Police and Firemen's Disability and Pension Fund.
(4) The employee shall retire within 120 days of city approval to participate in this plan.

SECTION 3. PLAN APPROVAL

The City reserves the right to approve or deny City participation with an individual based on the economic benefit to the City. (i.e. City economically breaks even from the cost of the incentive versus the cost of a new employee).

SECTION 4. EMPLOYER NOTIFICATION

The employee shall notify the City in writing of their desire to participate in this plan and provide the necessary documentation from the Police and Fire Disability and Pension Fund as to the cost.

SECTION 5. INCOME TAX

The employee shall be responsible for the income tax aspects of participation in the plan, if any.

ARTICLE 37
PHYSICAL FITNESS PROGRAM

SECTION 1 – PROGRAM OUTLINE

All members of the Local will take part in the Division's mandatory/non-punitive/Wellness and Fitness Initiative (WFI) as designed by local and the City. Testing is performed November-December of each year. The Marysville Fire Division WFI dated 10/12/2018 shall serve to provide the intent and guidance for administration of the program.
In order to promote health and wellness within the Division, all employees that participate and achieve a Level 2 or higher, will be awarded the physical incentive pay. Participation is defined as completing the Periodic Fitness Assessment of the WFI and completion of the annual preventive care component of the City's wellness program by October 31st of that year they are eligible.

The below designated funding will be awarded after the end of the City's wellness year (November 1st through October 31st of the following year) and during the last payday in November.

Fitness Level	Physical Incentive Pay
Level 1	$600
Level 2	$540

SECTION 2 – CHANGES IN STANDARDS

Local and management agree that standards may change based on a mutual agreement-during the life of the contract.

SECTION 3 – FITNESS FACILITY

The City agrees that as long as Local continues to take part in the division's mandatory/non-punitive/Wellness and Fitness Initiative, the City will continue to provide a fitness facility that will enable Local members to meet the intent of the standards set in NFPA 1583.

SECTION 4 – DEVELOPMENT OF THE IAFF/IAFC WELLNESS AND FITNESS COMMITTEE

To achieve such a program a Labor-Management Wellness/Fitness Committee shall be formed within ninety days of the signing of this contract. The committee will consist of three representatives of the Employer, three representatives of the Local, the Fire Division designated physician and an outside medical, physiological and wellness consultant(s) mutually chosen by both parties.

The parties agree the Article 24 and 37 will stay in effect until at such time the parties have mutually agreed to modify their provisions.

SECTION 5 – PHYSICALS

Employees will maintain themselves in good physical condition to perform duties as determined by the physical. The results shall be confidential in accordance with applicable State and Federal laws governing confidentiality of medical information. NFPA 1582 shall serve as a general resource and guide.

To reduce cost and possible number of false positives stress test, and under the guidance of the appropriate medical professionals on a suggested course of action, the member, if at or above 50 or with previous history of false positives, may opt to have a stress test completed in lieu of the VO2 test. Should a member require a Nuclear Stress test, due to a positive stress test, the City will be responsible for the cost associated with the test and its interpretation.

The list of applicable testing and procedures for the annual physicals will be listed in the WFI (dated 10/12/2018). If any additional testing is thought to be necessary by the Doctor of record, the employee shall be notified by that facility. This further testing may be done at the employee will, and will not be used as a “Fit for Duty” or the ability to keep an employee from performing their regular duties.

If the City feels that any of these tests must be a necessity, the City will be financially responsible for the cost associated with the test and their interpretation as in compliance with ORC 4113.21. However, any procedures or treatments extending beyond the scope of the annual physical requirements will generally be the employee responsibility.

ARTICLE 38
APPLICATION OF STATE CIVIL SERVICE LAWS

In accordance with the provisions of the Ohio Revised Code (ORC) section 4117.10(a), the following articles and/or sections thereof, as provided under the terms and conditions of this Agreement, specifically supersedes and/or prevail over those subjects described in the ORC and/or the Ohio Administrative Code (OAC).

Contract Article	Supersedes and/or Prevails Over
Article 12 – Seniority	ORC 124.321-124.328
Article 13 – Layoff and Recall	ORC 124.321-124.328
Article 14 – Probationary Periods	ORC 124.27; OAC 123: 1-19-01, 123: 1-19-03, 123: 1-23-12
Article 17 – Holidays	ORC 325.19
Article 18 – Accrued, Earned and Accumulated Leave Other Than Sick	ORC 325.19, 9.44
Article 20 – Sick Leave	ORC 124.38-124.391, 124.386, 124.391; OAC 123: 1-32-05, 123: 1-32-07, 123: 1-32-08, 123: 1-32-09, 123: 1-32-10
Article 22 – Special Leaves	ORC 124.135; OAC 123: 1-34-03
Article 30 – Hours of Work/Overtime	ORC 4111.03
Article 34 – Wages	ORC 124.33

ARTICLE 39
LINE OF DUTY DEATH

Upon the death or disability retirement from the Fire Division, all employees will be entitled to a lump sum of all accumulated leave other than sick earned and accrued. If the employee has no surviving spouse, said payment will be made to his or her estate. Such payment shall be based on the employee's rate of pay on the last day worked prior to the death or disability.

In the event that a bargaining unit member is killed in the line of duty, and the death is determined to be a line of duty death by Ohio Worker's Compensation, then 100% balance of the members sick leave shall be paid out to the estate of the member.

ARTICLE 40
DURATION OF AGREEMENT

SECTION 1. DURATION

This Agreement shall be effective as of July 1, 2025 and shall remain in full force and effect until June 30, 2028 or otherwise terminated as provided herein.

SECTION 2. MODIFY, AMEND, OR TERMINATE

If either party desires to modify, amend, or terminate this Agreement, it shall give written notice of such intent no earlier than one hundred eighty (180) calendar days nor later than sixty (60) calendar days prior to the expiration date of this Agreement. Such notice shall be by certified mail with return receipt. The parties shall commence negotiations within two (2) calendar weeks upon receiving notice of intent.

SECTION 3. DISPUTE RESOLUTIONS

The parties agree to follow the dispute resolution mechanisms as prescribed in Section 4117 of the Ohio Revised Code.

Executed in Marysville, Ohio the ___day of _____, 2025.

FOR THE CITY:	FOR THE IAFF:
Terry Emery	Parker Robison
City Manager	President

Terry Emery

ORDINANCE _____

TO ACCEPT THE ANNEXATION OF CERTAIN TERRITORY CONTAINING 306.96 ACRES IN PARIS AND DOVER TOWNSHIPS, UNION COUNTY TO THE CITY OF MARYSVILLE, OHIO, KNOWN AS MARYSVILLE EAST SECTION IV

WHEREAS, a petition for the annexation of 306.96 acres in Paris Township and Dover Townships, Union County, was duly filed with the Union County Board of County Commissioners; and

WHEREAS, the Board of County Commissioners granted the annexation petition on March 12, 2025; and

WHEREAS, pursuant to Section 709.033 of the Ohio Revised Code, the Board of County Commissioners certified the record of the proceeding in connection with the annexation to the Marysville Clerk of Council, who received it on March 12, 2025; and

WHEREAS, more than sixty (60) days from the date the Clerk of Council received the record of annexation proceedings have elapsed and the Clerk has laid the transcript, accompanying map, and petition before Council at its next regular session following the expiration of the sixty (60) days in accordance with the provisions of the Ohio Revised Code Section 709.04; now, therefore

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF MARYSVILLE, OHIO, That:

SECTION I. The proposed annexation of 306.96 acres in Paris and Dover Townships, as applied for in the petition by the petitioner's agent, Painter and Associates, described in the legal description, also shown on the map, and approved for annexation by the Board of County Commissioners of Union County, Ohio on March 12, 2025 be and the same is hereby accepted. The Petition, legal description, map and Union County Commissioners Resolution No. 25-098 approving the Petition are all attached as Exhibit A and incorporated herein.

SECTION II. The Marysville Clerk of Council shall be and is hereby authorized and directed to make three (3) copies of this Ordinance to each of which shall be attached a copy of the map accompanying the petition for annexation, a copy of the transcript of proceedings of the Board of County Commissioners relating thereto and a certificate as to the correctness thereof. The Clerk of Council shall then forthwith deliver one copy to the County Auditor, one copy to the County Recorder, and one copy to the Secretary of State and shall fill notice of this annexation

with the Board of Elections within thirty (30) days after it becomes effective and the Clerk shall do all others things required by law.

SECTION III. This Ordinance shall take effect and be in force at the earliest date permitted by law.

Enc.

EXPEDITED TYPE II PETITION FOR ANNEXATION (SECTION 709.023) TO THE CITY OF MARYSVILLE OF 306.96 +/- ACRES, MORE OF LESS, FROM PARIS and DOVER TOWNSHIPS

TO THE BOARD OF COUNTY COMMISSIONERS
OF UNION COUNTY, OHIO

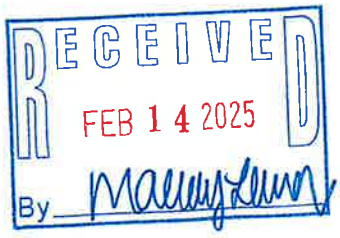

The undersigned, petitioners in the premises, and being the SOLE OWNERS OF REAL ESTATE in the territory described, consisting of 306.96+/- acres, more or less, with a total length of the annexation perimeter of 20,555.64+/- feet, more or less, in the Townships of Paris and Dover, which area is contiguous along 6,245.32 +/- feet, or 30.38% is contiguous to the City of Marysville, do hereby pray that said territory be annexed to the City of Marysville, according to the statutes of the State of Ohio and that no island of unincorporated area will be created by the annexation.

A full and accurate description and a plat of said territory so prayed to be annexed are attached hereto as Exhibits "A" and "B" and made part hereof.

In support of said Petition, the petitioners state that they are the SOLE OWNERS OF THE REAL ESTATE within the territory so prayed to be annexed

Thomas L. Hart, whose address is Painter & Associates, LLC, 5029 Cemetery Road, Hilliard, OH 43026, is hereby appointed agent for the undersigned Petitioners, as required by Section 709.02 of the Revised Code of Ohio. Said agent is hereby authorized to make any amendment and/or deletion which in his absolute and complete discretion is necessary or proper under the circumstances then existing, and in particular to make such amendment in order to correct any discrepancy or mistake noted by the UNION County Engineer in his examination of an amended plat and description to the Board of Commissioners on, before, or after the date set for hearing on this Petition.

"WHOEVER SIGNS THIS PETITION EXPRESSLY WAIVES THEIR RIGHT TO APPEAL IN LAW OR EQUITY FROM THE BOARD OF COUNTY COMMISSIONERS' ENTRY OF ANY RESOLUTION PERTAINING TO THE SPECIAL ANNEXATION PROCEDURE, ALTHOUGH A WRIT OF MANDAMUS MAY BE SOUGHT TO COMPEL THE BOARD TO PERFORM ITS DUTIES REQUIRED BY LAW FOR THIS SPECIAL ANNEXATION PROCEDURE."

Re Type 2 Annexation Petition, ORC §709.023, 306.96+/- acres, Jolly and Watkins Road, from Paris and Dover Townships

Dear Clerk:

Enclosed is our Affidavit of Service of Annexation Petition on Paris Township, Dover Township and the City of Marysville, and the adjacent property owners listed in the Annexation Petition filed with your office on February 14, 2025.

Please let me know if you need anything further to complete your file for the Commissioners' upcoming hearing on this matter. Thank you.

Sincerely,

Lizabeth A. Russell-Pickard

AFFIDAVIT

STATE OF OHIO
COUNTY OF FRANKLIN, ss.

Now comes Thomas L. Hart, being of lawful age and being first duly sworn and cautioned, hereby states the following:

1. My name is Thomas L. Hart, and I have personal knowledge of the facts presented in this Affidavit.

2. I am the agent for the annexation petition that was filed with the Union County Commissioners on February 14, 2025 on behalf of the property owners.

3. On February 18, 2025, I mailed a copy of the annexation petition filed with the Union County Commissioners to Paris Township, Dover Township and the City of Marysville by certified mail return receipt requested, and copies of the signed receipts are attached.

4. On February 18, 2025, I mailed a notice of the filing of the annexation petition and a full and complete copy of the annexation petition and attachments by regular mail to all landowners in the annexation area and adjacent landowners, which included those on the attached Exhibit.

FURTHER AFFIANT SAYETH NOT.

THOMAS L. HART

STATE OF OHIO
COUNTY OF FRANKLIN, ss.

Thomas L. Hart appeared before me this 24 day of February, 2025, who is known to me or satisfactorily proven to be the same, and signed the statements made in the foregoing Affidavit as being true to the best of his knowledge and belief.

CERTIFIED TO BE A TRUE & EXACT COPY OF ORIGINAL

McKim Broadhead 02/26/25

Terry Emery

RESOLUTION 003-2025

TO AUTHORIZE THE SERVICES THAT THE CITY OF MARYSVILLE WILL PROVIDE SHOULD THE +/- 306.96 ACRES LOCATED IN PARIS AND DOVER TOWNSHIPS, UNION COUNTY, OHIO, CONTIGUOUS TO THE CITY OF MARYSVILLE, BE ANNEXED INTO THE CITY, AND TO PROVIDE FOR BUFFER REQUIREMENTS

WHEREAS, On February 14, 2025 pursuant to Ohio Revised Code Section 709.023, the property owners seeking annexation of +/- 306.96 acres of real property in Paris and Dover Townships, Union County, Ohio, which is contiguous to the City of Marysville along 30.38% of its perimeter, filed with the Board of County Commissioners of Union County, Ohio, an Expedited Type II Petition for Annexation of their property to the City of Marysville, a copy of which is attached and incorporated herein as Exhibit A; and

WHEREAS, on February 14, 2025 said Petition was delivered to the City of Marysville from the Board of County Commissioners of Union County, Ohio; and

WHEREAS, Ohio Revised Code Section 709.023 (C) provides that within twenty days after the date that the petition is filed, the municipal corporation to which annexation is sought, shall adopt a resolution stating what services the municipal corporation will provide to the territory seeking annexation and an approximate date by which it will provide those services; and

WHEREAS, the Ohio Revised Code Section 709.023 (C) also provides that within that same twenty day period, the municipal corporation shall adopt an ordinance or resolution stating that, if the territory is annexed and becomes subject to zoning by the municipal corporation and that if the municipality's zoning allows uses in the annexed territory that the municipal corporation determines are clearly incompatible with the uses permitted under current county or township zoning regulations in the adjacent land remaining in the township from which the territory was annexed, the municipal corporation shall require, in the zoning ordinance permitting the incompatible uses, the owner of the annexed territory to provide a buffer separating the use of the annexed territory and the adjacent land now remaining within the township; now, therefore

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF MARYSVILLE, OHIO, That:

SECTION I. In the event that the proposed +/- 306.96 acres (the "Property") is annexed to the City of Marysville, Ohio, the City will provide to the Property the full range of municipal services available to the residents of, and to the property within, the City of Marysville, including but not limited to police, fire and EMS protection, sanitary sewers, water lines, storm sewers, public roadway, refuse collection, all of which can be provided immediately upon the effective date of the annexation as provided by law. Should it be determined that as a result of the annexation,

the boundary line between the township and the City divides or segments a street or highway so as to create a road maintenance problem, the City, as a condition of the annexation, shall assume the maintenance of that street or highway or otherwise correct the problem.

SECTION II. If the Property is annexed and becomes subject to the City of Marysville zoning, and the City zoning allows uses in the annexed territory that the City determines are clearly incompatible with the uses permitted under applicable county or township zoning regulations in effect at the time of the filing of the petition on the land adjacent to the annexed territory remaining in the unincorporated area of Paris and/or Dover Townships, then the City of Marysville will require the owner or owners of the annexed territory to provide a buffer separating the use of the annexed territory and the adjacent land remaining with Paris and/or Dover Townships.

SECTION III. The Clerk of Council is hereby directed to forward and file certified copies of this Resolution with the Union County Board of County Commissioners and to send a copy to the Agent for the Petitioners for annexation within twenty days following the date that the petition was filed.

SECTION IV. This Resolution is effective upon its adoption.

CLERK OF COUNCIL

EXHIBIT A

EXPEDITED TYPE II PETITION FOR ANNEXATION (SECTION 709.023) TO THE CITY OF MARYSVILLE OF 306.96 +/- ACRES, MORE OF LESS, FROM PARIS and DOVER TOWNSHIPS

TO THE BOARD OF COUNTY COMMISSIONERS
OF UNION COUNTY, OHIO

The undersigned, petitioners in the premises, and being the SOLE OWNERS OF REAL ESTATE in the territory described, consisting of 306.96+/- acres, more or less, with a total length of the annexation perimeter of 20,555.64+/- feet, more or less, in the Townships of Paris and Dover, which area is contiguous along 6,245.32 +/- feet, or 30.38% is contiguous to the City of Marysville, do hereby pray that said territory be annexed to the City of Marysville, according to the statutes of the State of Ohio and that no island of unincorporated area will be created by the annexation.

A full and accurate description and a plat of said territory so prayed to be annexed are attached hereto as Exhibits "A" and "B" and made part hereof.

In support of said Petition, the petitioners state that they are the SOLE OWNERS OF THE REAL ESTATE within the territory so prayed to be annexed

Thomas L. Hart, whose address is Painter & Associates, LLC, 5029 Cemetery Road, Hilliard, OH 43026, is hereby appointed agent for the undersigned Petitioners, as required by Section 709.02 of the Revised Code of Ohio. Said agent is hereby authorized to make any amendment and/or deletion which in his absolute and complete discretion is necessary or proper under the circumstances then existing, and in particular to make such amendment in order to correct any discrepancy or mistake noted by the UNION County Engineer in his examination of an amended plat and description to the Board of Commissioners on, before, or after the date set for hearing on this Petition.

"WHOEVER SIGNS THIS PETITION EXPRESSLY WAIVES THEIR RIGHT TO APPEAL IN LAW OR EQUITY FROM THE BOARD OF COUNTY COMMISSIONERS' ENTRY OF ANY RESOLUTION PERTAINING TO THE SPECIAL ANNEXATION PROCEDURE. ALTHOUGH A WRIT OF MANDAMUS MAY BE SOUGHT TO COMPEL THE BOARD TO PERFORM ITS DUTIES REQUIRED BY LAW FOR THIS SPECIAL ANNEXATION PROCEDURE."

Elliott, Trustee of the Steven R. Elliott Family Trust dated January 17, 2024, of record in Instrument Number 202402270001345, all of a 1.585 acre tract as conveyed to Karl R. Martin, Sr. and Merilyn v. Martin, of record in Instrument Number 201912060010125, all of a 0.952 acre tract as conveyed to The Marysville Land Company LLC, of record in Instrument Number 202411010008183, all of a 2.084 acre tract as conveyed to The Marysville Land Company LLC, of record in Instrument Number 202410150007653, all of Lots 2-5 of Marmax Subdivision, of record in Plat Book 3, Page 360, all deed references refer to the records of the Recorder's Office, Union County, Ohio and being more particularly described as follows:

BEGINNING at the northeasterly corner of Lot 1 of said Marmax Subdivision, being in the centerline of Watkins Road (C.H #104-A);

Thence North 83°44'34" West, with said centerline, a distance of 299.93 feet to the northwest corner of said Lot 1;

Thence South 6°58'47" West, with the easterly line of Lot 2, a distance of 231.20 feet to the southeasterly corner of Lot 2 and in a northerly line of the existing City of Marysville corporation line of Instrument Number 202404080002419 and Resolution Number 23-475 and Ordinance Number 006-2024;

Thence continuing with said Corporation line and the northerly perimeter of a 69.725 acre tract as conveyed to Janibo Farms, LLC, of record in Instrument Number 202303080001593 the following courses:

North 83°36'07" West, with the southerly of said Marmax subdivision, a distance of 602.64 feet to the southwesterly corner of said Lot 5;

North 6°18'11" West, with the westerly line of said Lot 5, a distance of 229.06 feet to the northwesterly corner of Lot 5 and in the centerline of Watkins Road;

North 83°35'05" West, with said centerline, a distance of 143.83 feet to the northeasterly corner of said 2.084 acre tract;

South 6°13'05" West, with the easterly line of said 2.084 acre tract, a distance of 372.25 feet to the southeasterly corner thereof;

North 83°38'24" West, with the southerly line of said 2.084 acre tract, a distance of 201.93 feet to the southwesterly corner thereof;

North 6°10'05" West, with the westerly line of said 2.084 acre tract, a distance of 381.67 feet to the northwesterly corner thereof and in the centerline of Watkins Road;

North 83°35'05" West, with said centerline, a distance of 324.56 feet to the northeasterly corner of said 0.952 acre tract;

South 6°24'41" East, with the easterly line of said 0.952 acre tract, a distance of 250.29 feet to the southeasterly corner thereof;

South 83°35'19" West, with the southerly line of said 0.952 acre tract, a distance of 155.04 feet to the southwesterly corner thereof, in the easterly line of a 97.295 acre tract as conveyed to Ryan J. Lee and Gregory J. Lee, of record in Instrument Number 202402140001046;

Thence continuing with said Corporation line the following courses:

North 6°22'05" West, with the easterly line of said 97.295 acre tract, a distance of 285.54 feet to the northeasterly corner thereof and being in said centerline of Watkins Road;

North 83°45'41" West, with said centerline and the northerly line of said 97.295 acre tract, a distance of 570.55 feet to northeast corner of a 1.14 acre tract as conveyed to Lisa Sue Guenther, of record in Instrument Number 202109010011713;

Thence North 83°45'41" West, with said centerline and the northerly line of said 1.14 acre tract, a distance of 81.04 feet to the southwesterly corner of the aforementioned lands of Elliott, trustee and the southeasterly corner of a 117.70 acre tract as conveyed to Ryan J. Lee, Gregory J. Lee, and Janibo Farms, LLC, of record in Instrument Number 202404190002720;

Thence North 5°29'05" West, with aforesaid corporation line and the westerly line of said Elliott, Trustee lands, 6.48 acre tract and said 284.995 acre tract and the easterly line of said 117.70 acre tract, a distance of 2728.02 feet to the northwesterly corner of said 284.955 acre tract, being the northeasterly corner of said 117.70 acre tract and being in the southerly line of a 21.87 acre tract as conveyed to Dorothy G. Cotton, Trustee of the Dorothy G. Cotton Living Trust Agreement dated March 18, 1999, of record in Official Record 174, Page 109;

Thence with the perimeter of said 284.995 acre tract the following courses:

North 74°50'49" East, with the southerly line of said 21.87 acre tract, a distance of 4173.22 feet to the northwesterly corner of a 116.971 acre tract as conveyed to Daniel M. Theisen and Shelia O. Theisen, Trustee of the Theisen Family Revocable Trust, Dated October 4, 2019, of record in Instrument Number 201910100008314;

Thence continuing with the perimeter of said 284.995 acre tract and the perimeter of said 116.971 acre tract the following courses:

South 31°55'10" East, a distance of 227.16 feet to a point;

South 36°16'08" East, a distance of 206.42 feet to a point;

South 39°46'12" East, a distance of 255.81 feet to a point;

South 53°25'42" East, a distance of 45.79 feet to a point;

South 64°26'07" East, a distance of 100.31 feet to a point;

South 73°12'05" East, a distance of 157.82 feet to a point;

South 67°01'20" East, a distance of 287.40 feet to the northwesterly corner of a 7.842 acre tract as conveyed to Michael R. Miller and Lynn F. Miller, of record in Deed Book 311, Page 693;

Thence continuing with the perimeter of said 284.995 acre tract the following courses:

South 1°12'08" East, with the westerly line of said 7.842 acre tract, a distance of 547.19 feet, to a point in the centerline of Jolly Road (T.H. #109) (50' right of way);

South 8°42'07" East, with the westerly line of said 7.842 acre tract, with said centerline, and the westerly line of a 16.9887 acre tract as conveyed to Adam N. Darst and Amber J. Darst, of record in Instrument Number 201812050009569, a distance of 560.06 feet, to the northeast corner of a 8.19 acre tract as conveyed to Aaron Keighley and Megan Keighley, of record in Instrument Number 201605030003320;

South 85°10'51" West, with the northerly line of said 8.19 acre tract and the northerly line of a 49.97 as conveyed to Brett M. Tossey and Allison Paden Green-Tossey, of record in Instrument Number 201611150009454, a distance of 2641.75 feet to the northwesterly corner thereof;

South 7°53'24" East, with the westerly line of said 49.97 acre tract, a distance of 1015.74 feet, to the southwesterly corner thereof;

North 85°27'38" East, with the southerly line of said 49.97 acre tract, a distance of 1277.63 feet to the northwesterly corner of a 17.892 acre tract as conveyed to Jennie B. Parks and Gregory T. Parks, of record in Instrument Number 201910090008284;

South 4°15'52" East, with the westerly line of said 17.892 acre tract, a distance of 979.81 feet to the southwesterly corner thereof, being in the centerline of Watkins Road and in the northerly line of a 2.412 acre tract as conveyed to Michael D. Clever and Cheryl R. Clever, of record in Official Record 797, Page 154;

South 85°38'13" West, with said centerline, with the northerly lines of said 2.412 acre tract, and a 3.259 acre tract as conveyed to Patricia Ann Wilson, of record in Deed Book 339, Page 407, and a 3.033 acre tract as conveyed to Bernard E. Noland and Diane E. Noland, of record in Deed Book 332, Page 636, a distance of 850.87 feet, to a point;

South 86°23'46" West, continuing with said centerline and the northerly line of a 3.84 acre tract conveyed to Mark D. Clarridge and Rebecca A. Clarridge, of record in Official Record 13, Page 648, a distance of 371.17 feet, to the **POINT OF BEGINNING** containing **306.96 +/-** acres, more or less.

The total perimeter of annexation area is 20555.64 feet, of which 6245.32 feet are contiguous with the City of Marysville, giving 30.38% contiguity.

Subject to all covenants, restrictions, reservations and easements contained in any instrument of record pertaining to the above described tract of land.

This description was prepared for annexation purposes only.

The bearings shown above are based on the Ohio State Plane Coordinate System, North Zone, NAD 83 (2011).

MEMO

To: Board of Commissioners, Union County
From: Jeff Stauch, Union County Engineer
Date: March 10, 2025
RE: Annexation to Marysville from Paris and Dover Townships (306.96 Acres)

The subject annexation petition, received on February 14, 2025, has been reviewed by our office. The attached letter dated January 9, 2025 references the pre-approval technical review for closure, acreage, and adjoining deed information.

The subsequent formal submission, was filed and reviewed under RC 709.021/RC 709.023, and is summarized as follows:

i. The legal description is accurate.
ii. The map/plat has been confirmed to be accurate.
iii. The persons who signed the petition are owners of the real estate located in the territory proposed for annexation and constitute all the owners of real estate in that territory.
iv. The proposed area to be annexed does not exceed 500 acres.
v. The proposed contiguity with Plain City exceeds the minimum perimeter of 5%.
vi. The proposed annexation will not create any unincorporated island areas.

The proposed annexation and anticipated future land uses may have a significant impact on the adjacent roadways, specifically Watkins Road (County Road) and Jolly Road (Township Road). They may serve as the outlets for the development as currently presented. Our office has not had discussions to this point with either the City or the Developer regarding future road improvements, access points, etc. I would anticipate the need for substantial improvements to safely and properly serve future development buildout. As the planning for the future development moves forward, we will require the necessary Traffic Impact Studies and

coordination with the City of Marysville and their development partners towards the funding of those improvements.

Marysville, Ohio 43040

Kyle,
The attached annexation plat and description of the 306.96 acres tract being annexed into the City of Marysville have been reviewed for overall closure, and adjoining deed information. The results of this review are acceptable. Final review and approval will follow after formal submission to the County Commissioners and adoption by the City of Marysville.

If there are any questions feet free to contact us.

Sincerely,

Chris Clapsaddle

RESOLUTION NO. 25-098

A RESOLUTION GRANTING THE PETITION OF COUGAR STATE FARMS, LP FOR EXPEDITED TYPE 2 ANNEXATION OF 306.96 A. +/-FROM PARIS AND DOVER TOWNSHIPS, UNION COUNTY, OHIO, INTO THE CITY OF MARYSVILLE, OHIO.

WHEREAS, Cougar State Farms, LP, Applicant(s), have presented a Petition by Owner of Real Estate for Annexation of certain land in Paris and Dover Townships, Union County, Ohio, to the City of Marysville, Ohio, utilizing the special procedure of R.C. 709.023, known as an Expedited Type 2 annexation, which Petition included a plat and legal description of the area proposed to be annexed; and

WHEREAS, Applicant filed an Expedited Type II Petition on February 14, 2025; and

WHEREAS, the Council of the City of Marysville approved Resolution 003-2025 on February 24, 2025, which resolution addresses services the City of Marysville will provide should Petition for Annexation be approved and to provide for zoning buffer requirements, and submitted the same to the County on February 27, 2025; and

WHEREAS, Agent for the Applicant filed his affidavit as to service of the Petition as required by R.C. 709.023(B); and

WHEREAS, the Union County Engineer has provided a memorandum regarding the Petition; and

WHEREAS, Paris and Dover Townships Township has not filed a written objection to the proposed annexation; and

WHEREAS, this Board has reviewed the Petition for Annexation with the supporting materials and based upon that review, FINDS that the Petition satisfies the conditions set out in R.C. §709.023(E).

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS, UNION COUNTY, OHIO, THAT:

Section 1. The Petition for Expedited Type 2 Annexation into the City of Marysville of 306.96 A., more or less, as legally described in Exhibit A and depicted in Exhibit B, each of which are attached and incorporated by reference, from Paris and Dover Townships Township, Union County, Ohio, by Cougar State Farms, LP, is approved.

Section 2. This annexation having been considered under the special statutory procedure as an Expedited Type 2 annexation, unless otherwise provided in an annexation agreement entered into under section 709.192 of the Revised Code or in a cooperative economic development agreement entered into under section 701.07 of the Revised Code, the territory so annexed, as legally described in Exhibit A and depicted in Exhibit B, shall not at any time be excluded from the township under section 503.07 of the Revised Code and, thus, remains subject to the township's real property taxes.

Section 3. The Clerk of the Board is directed to send a certified copy of this Resolution to the Agent for the Petitioners, the Clerk of the City of Marysville, the Fiscal Officer of Paris and Dover Townships Township, and the Union County Auditor. The Clerk shall also deliver a certified copy of

the entire record of these annexation proceedings, including all resolutions of this Board, signed by a majority of the members of the Board, the petition, map, and all other papers on file, to the clerk of the City of Marysville, the municipal corporation to which annexation is proposed.

Section 4. The Board finds and determines that all of its formal actions concerning and relating to adopting this Resolution occurred in an open meeting of this Board, and that all deliberations of this Board that resulted in such formal action were in meetings open to the public and in compliance with all legal requirements including Revised Code §121.22.

Steve Robinson introduced this resolution and moved its passage; Tom McCarthy seconded the motion; and after discussion, the chair called a roll call vote, and the results were:

ORDINANCE _____

TO APPROVE PLANNING COMMISSION'S RECOMMENDATION TO APPROVE A ZONING AMENDMENT APPLICATION TO REVISE THE PLANNED UNIT DEVELOPMENT FOR THE MARYSVILLE EAST SECTION I PLANNED UNIT DEVELOPMENT (PUD)

WHEREAS, on May 6, 2025, the City Planning Commission reviewed an application for a Zoning Amendment to the Planned Unit Development (PUD) zoning for the Marysville East Section I PUD set forth in Appendix A of Exhibit A, incorporated herein; and

WHEREAS, said amendment set forth in Appendix A of Exhibit A only includes the Marysville East Amendment 1B, and Appendix B of Exhibit A includes the full Marysville East Section I updated Development text; and

WHEREAS, to date, the PUD zoning for Marysville East is comprised of four sections, all of which were annexed separately by Ordinance and subsequently zoned separately by Ordinance, and the corresponding Ordinances are listed here: 003-2024, 004-2024, 006-2024, 007-2024, 040-2024, 041-2024, 046-2024 and 047-2024; and

WHEREAS, this rezoning concerns all of the land contained within the annexed property known as Marysville East Section IV and some of the land contained within the annexed property known as Marysville East Section I; and

WHEREAS, the Planning Commission recommended approval of the amendment as set forth in Exhibit A; and

WHEREAS, upon receiving this recommendation from the Planning Commission, City Council shall consider Planning Commission's recommendation and hold a public hearing on the aforementioned zoning amendment with publication in a newspaper of general circulation with at least seven (7) days' notice of said hearing; now, therefore

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF MARYSVILLE, OHIO, That:

SECTION I. City Council agrees with the recommendation from Planning Commission and hereby approves the application for a Zoning Amendment to the Planned Unit Development (PUD) zoning for the Marysville East Section I PUD as set forth in Exhibit A.

SECTION II. The Clerk of Council shall cause the Planning and Zoning Code of the Codified Ordinances to be amended accordingly.

RESOLUTION _____

TO APPROVE A ZONING AMENDMENT APPLICATION TO REVISE THE PLANNED UNIT DEVELOPMENT FOR THE MARYSVILLE EAST SECTION 1 PLANNED UNIT DEVELOPMENT

WHEREAS, on May 6, 2026, the City Planning Commission has reviewed an application for a Zoning Amendment to the Planned Unit Development (PUD) zoning for Marysville East Section 1 PUD as set forth in Appendix A, incorporated herein; and

WHEREAS, The City Planning Commission recommended APPROVAL for the Zoning Amendment of the PUD, which is set forth in Appendix A, attached and incorporated herein; and

WHEREAS, a recommendation from the City Planning Commission is to be transmitted to City Council pursuant to Section 1141.34 of the Planning and Zoning Code, now therefore;

BE IT RESOLVED BY THE PLANNING COMMISSION OF THE CITY OF MARYSVILLE, OHIO, That:

SECTION I. The City Planning Commission recommends to City Council that the requested Amendment to the Planned Unit Development zoning of Marysville East Section 1 be **APPROVED** in accordance with this Resolution.

LEGAL DESCRIPTION

Description of 306.96 +/- Acres to be annexed from Paris and Dover Township to City of Marysville

Situated in the State of Ohio, County of Union, Township of Paris and Dover, Virginia Military Survey 3350 and 5135, being all of a 284.995 acre tract as conveyed to Cougar State Farms Limited Partnership, of record in Deed Book 339, Page 59, all of a 6.48 acre tract as conveyed to Steven R. Elliott, Trustee of the Steven R. Elliott Family Trust dated January 17, 2024, of record in Instrument Number 202402270001345, all of a 1.585 acre tract as conveyed to Karl R. Martin, Sr. and Merilyn v. Martin, of record in Instrument Number 201912060010125, all of a 0.952 acre tract as conveyed to The Marysville Land Company LLC, of record in Instrument Number 202411010008183, all of a 2.084 acre tract as conveyed to The Marysville Land Company LLC, of record in Instrument Number 202410150007653, all of Lots 2-5 of Marmax Subdivision, of record in Plat Book 3, Page 360, all deed references refer to the records of the Recorder's Office, Union County, Ohio and being more particularly described as follows:

BEGINNING at the northeasterly corner of Lot 1 of said Marmax Subdivision, being in the centerline of Watkins Road (C.H. #104-A);

Thence North 83°44'34" West, with said centerline, a distance of 299.93 feet to the northwest corner of said Lot 1;

Thence South 6°58'47" West, with the easterly line of Lot 2, a distance of 231.20 feet to the southeasterly corner of Lot 2 and in a northerly line of the existing City of Marysville corporation line of Instrument Number 202404080002419 and Resolution Number 23-475 and Ordinance Number 006-2024;

Thence continuing with said Corporation line and the northerly perimeter of a 69.725 acre tract as conveyed to Janibo Farms, LLC, of record in Instrument Number 202303080001593 the following courses:

North 83°36'07" West, with the southerly of said Marmax subdivision, a distance of 602.64 feet to the southwesterly corner of said Lot 5;

North 6°18'11" West, with the westerly line of said Lot 5, a distance of 229.06 feet to the northwesterly corner of Lot 5 and in the centerline of Watkins Road;

North 83°35'05" West, with said centerline, a distance of 143.83 feet to the northeasterly corner of said 2.084 acre tract;

South 6°13'05" West, with the easterly line of said 2.084 acre tract, a distance of 372.25 feet to the southeasterly corner thereof;

North 83°38'24" West, with the southerly line of said 2.084 acre tract, a distance of 201.93 feet to the southwesterly corner thereof;

North 6°10'05" West, with the westerly line of said 2.084 acre tract, a distance of 381.61 feet to the northwesterly corner thereof and in the centerline of Watkins Road;

North 83°35'05" West, with said centerline, a distance of 324.56 feet to the northeasterly corner of said 0.952 acre tract;

South 6°24'41" East, with the easterly line of said 0.952 acre tract, a distance of 250.29 feet to the southeasterly corner thereof;

South 83°35'19" West, with the southerly line of said 0.952 acre tract, a distance of 155.04 feet to the southwesterly corner thereof, in the easterly line of a 97.295 acre tract as conveyed to Ryan J. Lee and Gregory J. Lee, of record in Instrument Number 202402140001046;

Thence continuing with said Corporation line the following courses:

North 6°22'05" West, with the easterly line of said 97.295 acre tract, a distance of 285.54 feet to the northeasterly corner thereof and being in said centerline of Watkins Road;

North 83°45'41" West, with said centerline and the northerly line of said 97.295 acre tract, a distance of 570.55 feet to northeast corner of a 1.14 acre tract as conveyed to Lisa Sue Guenther, of record in Instrument Number 202109010011713;

South 86°23'46" West, continuing with said centerline and the northerly line of a 3.84 acre tract conveyed to Mark D. Clarridge and Rebecca A. Clarridge, of record in Official Record 13, Page 648, a distance of 371.17 feet, to the **POINT OF BEGINNING** containing **306.96 +/-** acres, more or less.

The total perimeter of annexation area is 20555.64 feet, of which 6245.32 feet are contiguous with the City of Marysville, giving 30.38% contiguity.

Subject to all covenants, restrictions, reservations and easements contained in any instrument of record pertaining to the above described tract of land.

This description was prepared for annexation purposes only.

The bearings shown above are based on the Ohio State Plane Coordinate System, North Zone, NAD 83 (2011).

REZONING STATEMENT

The Marysville East PUD Development Plan for Section #1 was approved by City Council as Ordinance 004-2024 on January 8, 2024 and included 336.865 acres. The PUD was later expanded by 15.1 acres via Marysville East Section 1A. Rockford Development Investments (RDI) and The Marysville Land Company (MLC) is in contract to purchase 9 additional parcels and will be annexing into the City of Marysville approximately 306.96 acres located on both sides of Watkins Road between Buxton Meadows and the Watkin Glen apartments. The collective parcels of Section 1B, to be annexed, are bound on the western side by the existing property included in Marysville East Section #1 and to the south by the property included in Marysville East Section #2.

The Marysville East Section #1 PUD Development Plan is being amended to include these nine parcels and will expand the areas included Subarea B – Manufacturing / Innovation District and Subarea D – Public Common Area. In addition, this amendment to Section #1 PUD proposes to rezone a 14.17-acre portion of Section #1 PUD from Subarea C - Single Family Residential to Subarea B – Manufacturing / Innovation District.

The total subareas being zoned equal approximately 306.96 acres, with 252.6 included in Subarea B – Innovation/Manufacturing District and 68.53 acres to Subarea D – Open Space. The 252.6 acres of Innovation/Manufacturing includes the conversion of the 14.17-acre parcel from residential. There is also a difference between the annexation and the zoned acreage is related to the public ROW along Watkins Road. This amendment does not change any use or development standards that apply to the original acreage within the approved PUD for Marysville East Section #1, Subarea B and D. These areas and text remain unchanged and are being restated herein for the sole purpose of convenience.

As for the rezoning of the 14.17-acre parcel from Subarea C - Single Family Residential to Subarea B – Manufacturing / Innovation District, all of the development standards below hereby apply to this acreage.

Upon approval, the combined acreage related to Section 1, with amendments, will be as follows:

Subarea A (Multi-family)	36.36 ac.
Subarea B (Innovation District)	519.01 ac.
Subarea C (Single Family Residential	0.00 ac.
Subarea D (Public Common Area)	82.98 ac.
Subarea E (Lift Station)	1.14 ac.
ROW (Watkins, Wildwood)	19.43 ac.
Total Acreage	658.925 ac.

GENERAL DEVELOPMENT STANDARDS

Marysville East Section #1B will be developed in accordance with the Marysville East Section #1 Rezoning Statement, and the Codified Ordinances of the City of Marysville as of the date that the PUD is approved by Marysville City Council (the "Codified Ordinances"), unless noted otherwise in these PUD Development Standards below. Where conflicts occur between the Codified Ordinances and these PUD Development Standards, these PUD Development Standards shall control over the Codified Ordinances.

The following development standards will apply to all areas and subareas in the Marysville East project.

Setbacks

The perimeter and interior setbacks within a particular subarea will be governed by the detail provided in each subarea. However, setbacks in areas that reflect a change in use from Manufacturing/Light Industrial/Office/Commercial/Retail to existing or proposed Residential will be expanded. This will provide additional setbacks when different uses are abutted. The expanded change of use setbacks for Marysville East will include:

- Manufacturing/Light Industrial/Office/Commercial/Retail to Residential
    - Minimum 25' from the property line on the Residential parcel from any roadway, parking, or building
    - Minimum 50' from the property line for parking and pavement, and 100' from the property line for the building on the Manufacturing/Light Industrial/Office/Commercial/Retail parcel.

In the event that a future parcel(s) located within or adjacent to a subarea comes under common ownership or control, or is zoned to allow compatible non-residential uses, then any minimum building, pavement, or landscaping setbacks set forth in this text as they apply to common or perimeter property line setbacks shall no longer apply. Should any portion of Watkins Road be eliminated as part of this development, any and all setbacks or right of way related to Watkins Road will no longer apply.

Landscape buffering shall be required between any residential and commercial uses, and between any manufacturing use and residential use. When possible, the design of the setbacks and the associated landscaping along common boundaries between two subareas should be coordinated jointly between users.

Common Open Space

With the creation of the Community Authority and subarea D, the Public Common Area, sensitive and unique natural areas will be protected and managed with minimal disturbance. These areas will be enhanced with multi-purpose trails and other amenities to develop a park system that will connect the different subareas together as well as other parts of the City and Townships. By combining the Public Common Areas with the required setbacks and open space requirements within each developed subarea, it's anticipated that the overall common area/open space for Marysville East will be more than the standard requirements. Within the subareas, any trees located outside of the boundaries of the tree clearing exhibit that are

removed shall be subject to the provisions of the City of Marysville Codified Ordinances regarding major tree preservation and replacement.

Access

A traffic study and regional thoroughfare plan update is currently underway for the east side of Marysville at the direction of the City Engineer. These documents will help identify the roadway infrastructure needed for the industrial/innovation park as well as improvements to Watkins Road, and the intersections of US 36/Watkins Road and Watkins Road/Scottslawn.

It's anticipated that the thoroughfare plan will include a new roadway (Road A), with a ROW no greater than 100', that will ultimately link Scottslawn to the east/west section of Watkins Road to US 36 and then across Mill Creek to Rt 4. The right-of-way width of Street "A" will be determined based on the approved thoroughfare plan. A portion of this new road will serve as a bi-pass or connector between the north/south section of Watkins Road and the east/west section of Watkins Road. This bi-pass roadway will help ensure that industrial and vehicular traffic can get to and from Scottslawn without impacting the Buxton Meadow residential development. The timing of the construction of all the roadway improvements will be defined by the developers(s), and the City and County Engineers working together.

Road A and Watkins Road will have a typology and streetscape that will include fencing, street trees, and landscaping, and may have either a ditch/swale design or curb and gutter design provided that there is a consistent and cohesive design as to each roadway. Road A and Watkins Road shall include a 10' multi-purpose trail on BOTH sides. The multi-purpose trail may be located either within or outside of the right of way. The developer shall dedicate right of way along Watkins Road to the City extending for a minimum distance of 40' on both sides of the centerline. The final distance will be determined based on the approved thoroughfare plan. The desired species of street trees will be determined by the developer and the City of Marysville Arborist.

Future roads internal to the subareas will be constructed with curb and gutter and a structured stormwater system. Internal roads will include street trees, landscaping, and pedestrian elements in either a sidewalk or multi-purpose trails to provide connections.

The final specification for Road A, improvements to Watkins Road, entry points from Road A and Watkins Road, and roads internal to the subareas shall be approved by the City Engineer. All roads may be constructed in phases consistent with the pace of development and as approved during the platting and/or final development approval process.

Pedestrian Connectivity and Multi-purpose Trails

Connectivity of each subarea to other subareas and to the Public Common Areas is important to make the community more walkable. The trail system within each subarea will be defined per the City's existing code but will include connections to the trails along both sides of the major thoroughfare roadways as well as the trails within the Public Common Areas, if applicable. To maintain safety and security, public sidewalks, trails, and multi-purpose paths within Subarea D will be limited to locations adjacent to public roadways.

Sustainability and Green Infrastructure

The overall development will consider and encourage a number of sustainable development

techniques and infrastructure. Green Infrastructure for stormwater management will utilize the landscape or nature's ability to reduce, slow, filter, and/or absorb stormwater runoff from streets, parking lots, and buildings. In addition, the development will encourage the protection of sensitive natural areas through the inclusion of these areas in the Public Common Area subareas. Electric charging stations will be installed and available within all multi-family residential developments as well as many of the industrial buildings to promote the use of alternative fuels and transportation methods.

Community Authority

It is anticipated as part of the overall Marysville East development that a Community Authority will be established to help fund portions of the infrastructure such as trails, parks, services, roadway, public utilities, and other infrastructure improvements. As part of the role of the Community Authority, that entity will be responsible for maintaining the Public Common Areas throughout the development and may take ownership of such areas. The millage charged to the future residents will be responsible for funding the improvements within the Public Common Areas and the maintenance of such.

DESCRIPTION OF ZONING REQUIREMENTS FOR EACH SUBAREA

Subarea B – Manufacturing/Innovation District

The Manufacturing/Innovation District (approximately 252.6 acres) is generally located to the north of Watkins Road but does include a few of the individual homes on the southside of Watkins Road. The total acreage of this Subarea includes the 14.17 acres being rezoned from residential from Section 1. The northern property line the old railroad tracks generally running east-west. This industrial/manufacturing area will provide additional ground for future business development within the Marysville area and will lead to new employers, employees, and residents. In addition, this area will generate tax revenues for the Schools, City, and County.

In implementing this subarea, the applicant will rely on the underlying Manufacturing/Innovation District (M/I) and Light Manufacturing District (LMD) zoning designation and requirements contained in Section 1121.13 and 1121.14 respectively, as they exist and are effective on the date when this zoning text is approved by City Council, except to the extent variance and divergences are identified below and in this Development Plan application. If there is a conflict between these standards and the provisions of Section 1121.13 or 1121.14, the standards in this text shall apply.

List of Permitted Uses

- Artisan Workshop
- Commercial and Industrial Equipment and Machinery Sales, Rental, Leasing
- Commercial Printing and Publishing
- Contractor Offices
- Essential Public Services and Utilities – includes electrical substations
- Essential Private Services and Utilities – includes water or material storage tanks, generator yards, chillers, and other exterior equipment reasonably necessary for the operation of a permitted use
- Laboratory Research Facility
- Manufacturing, General

- Professional Offices
- School, College or University, Vocation and Technical, Trade or Business
- Warehousing, Private/Public
- Wholesale and Distribution
- Data Processing/Call Center
- Data Center
- Light Manufacturing
- Wireless Telecommunications Antenna, Facility, and/or Tower

For purposes of clarity, such permitted uses shall include as a permitted use, among other uses that are permitted, production and assembly uses. The term "data centers" shall mean "facilities containing large groups of networked computer servers typically used by organizations for the remote storage, processing, and distribution of large amounts of data and information.

Conditional Uses. The following uses shall be conditional uses in this subarea which are subject to review and approval in accordance with City Code Sections 1141.22 through 1141.28:

- Ground Passenger Dispatch
- Warehousing, Personal Storage/Mini
- Recycling Centers, if operated at an industrial scale
- Extended Stay Hotel

The term "Recycling Centers" shall mean "a facility designed to accept recyclable material including but not limited to plastics, paper products, batteries, and electronic equipment in bulk for the purpose of converting such products into reusable raw material or extracting therefrom reusable components or material and which does not accept material from individual consumers or the general public."

Accessory Structures

- Permitted accessory structures shall not be limited to those listed in applicable provisions of the Code or those defined below, but also shall include accessory buildings that customarily accompany the primary use on a property, as approved as part of the Design Review application.
    - Approved Accessory Structures:
        - Electrical substations
        - Water or material storage tanks
        - Generator yards
        - Chillers, including roof-top and ground mounted equipment
        - Other external equipment reasonably necessary for operations of permitted or conditional uses

Lots Size, Open Space, or Coverage Ratio

- The minimum lot width shall be 100' within this subarea, and the minimum lot size shall be 2.0 acres.
- Maximum building height – 70'
- Open space will be a minimum of 10%
- There is no maximum lot coverage for this subarea as long as all setbacks are satisfied.

Setbacks

- Parking and pavement and building setbacks in Subarea B, all of which shall be measured from either the edge of right-of-way or the perimeter boundary of Subarea B, as applicable, shall be as follows:
    - Unless otherwise specified below, setbacks from the perimeter boundary of Subarea B shall be a minimum of 50' for parking and pavement and 100' for buildings.
    - Setbacks from Road A and Watkins Road shall be a minimum of 50' from the ROW for parking and pavement and 100' from the ROW for buildings.
    - The minimum setbacks from interior public roads which are not otherwise specified herein shall be 25' from the edge of the right-of-way for parking and pavement and 50' from the edge of the right-of-way for buildings.
    - The minimum setback from the northern perimeter boundary line of this subarea shall be 25' for parking and pavement and 50' for buildings.

Access, Parking, Loading, and Pedestrian Connectivity

- Access to subarea B is defined under General Development Standards as part of the Thoroughfare Plan and includes improvements to Watkins Road and the construction of a new Road A.
    - Entrances into the subarea from Watkins Road and Road A and the associated internal roadways will be defined as part of the Engineering phase of each project.
- Off-Street Parking and Loading: Parking and loading spaces shall be provided in accordance with Code Chapter 1127. For data center uses, off-street parking shall be provided at the minimum rate of one space for each employee on the main shift, and off-street loading spaces shall be provided at the minimum rate of one loading space per building.
- Pedestrian Connectivity will be determined as part of the approval of each project and will include sidewalks, and/or multi-purpose trails which will serve as a connection to the main trail system along both sides of Watkins Road and Road A, as appropriate. Public pedestrian connections shall be located within or immediately adjacent to the public street right-of-way and shall follow City Engineering requirements. No pedestrian connections shall be required along US 33.

Landscaping

- Perimeter fencing will be added to the south side along US 33 as well as both sides of Subarea B along Watkins Road. Fencing along Road A is defined in the General Development Standards. Perimeter fencing along US 33 shall be located not less than 10' from the edge of the US 33 right-of-way unless otherwise required to accommodate stormwater drainage. Perimeter fencing along Watkins Road shall be located 1' outside the Watkins Road right-of-way or the adjacent sidewalk or mixed-use path, whichever is greater.
- The landscape treatment along the eastern and western boundaries of subarea B will include a three-foot (3') mound located within the parking and pavement setback. This mounding requirement may be waived with the approval of the City Arborist if necessary to preserve and maintain existing tree stands. This landscaping treatment requirement is eliminated should subarea B be expanded in future annexations or zonings beyond the boundaries of this application.
- Service and Loading Areas: Service areas and loading docks shall be screened to limit visibility from off-site with a minimum opacity of 75%.
- Landscaping and/or the use of existing vegetation shall be utilized where appropriate to enhance the aesthetics of the building and to lessen its visual impact when viewed from

public rights-of-way.

- Buffering, Preservation, Landscaping, and Screening: The following landscaping requirements shall apply to this subarea:
    - Tree Preservation Zones: A Tree Preservation Zone shall be located to preserve and protect trees in locations that are identified on the Existing Conditions Exhibits. Within Tree Preservation Zones, the developer shall preserve existing healthy and mature trees, provided that trees may be removed if they present a danger to persons or property or as necessary to extend utilities. Understory may be removed for any reason, and plants or trees that are of a noxious and invasive species may also be removed. All other existing tree stands noted on Exhibit – Subarea B Existing Conditions Plans may be removed from this Subarea. These trees will be removed as soon as zoning entitlements and environmental assessments are complete and the City of Marysville's Tree replacement program will not apply to these areas. A tree-clearing exhibit is included in this application to be certain what areas will be cleared. Within the subareas, any trees located outside of the boundaries of the tree clearing exhibit that are removed shall be subject to the provisions of the City of Marysville Codified Ordinances regarding major tree preservation and replacement.
    - Within parking areas large unbroken expanses of parking lot shall be avoided. Large lots should be separated into a series of smaller interconnected lots separated by peninsulas or islands. No individual landscape areas shall be smaller than three hundred fifty (350) square feet. For each one hundred (100) square feet of parking area, a minimum of five (5) square feet of landscaped area shall be provided. Within the parking lot landscape islands or peninsulas at least one deciduous canopy tree with a clear trunk of at least five (5) feet above the ground shall be planted. Vehicular use area requirement, one (1) standard tree with a nursery caliper of not less than two (2) inches shall be planted for each fifty (50) feet of vehicular use area and/or parking area perimeter distance.

Open Space

- As used in this text, the term "open space" shall mean "an area of land unoccupied by buildings, structures, storage or vehicular use areas, except for recreational structures, and which is generally used for the purpose of providing grassed or landscaped areas, preservation of natural features, environmental protection, preservation of scenic views, or similar purposes. In calculating minimum open space requirements in this subarea, the definition in this paragraph shall be used. Within this subarea, open spaces may be, but shall not be required to be, open for use by the general public.

Fencing

- Code Section 1123.20.c.(1) shall not apply to Subareas B. Vinyl, barbed wire, and chain link fencing shall be prohibited in this subarea, except that black vinyl-coated chain link fencing shall be permitted. The setback requirements for fencing that apply to this subarea are set forth in Codified Ordinances Section 1121.13 (M/I District) and are minimum requirements. Any fencing that is adjacent to or in front of a building façade that fronts a public roadway shall be screened with landscaping which will achieve at least 50% opacity and a height of 75% of the fence height within 5 years of installation.

Perimeter Landscape Standards

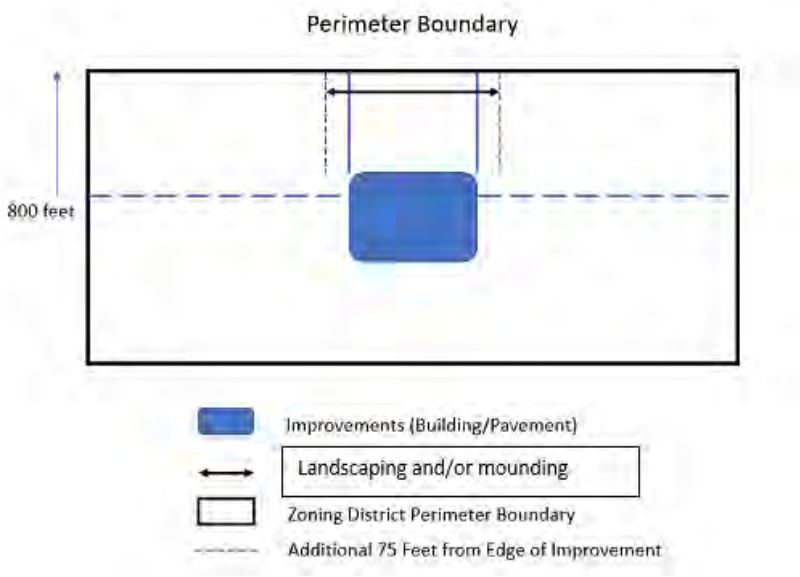

- The following perimeter landscaping standards shall apply to the exclusion of Code Section 1125.06 as they relate to required buffering between development pertaining to any

permitted or conditional use in this subarea and adjacent residential uses. For those perimeter boundaries of Subarea B which abut real property (i) containing existing residential uses or, as determined at the time that an application is filed for a building permit ("Building Permit") on real property located within this subarea, has a zoning classification which permits the development and operation of residential uses thereon, and (ii) that is not owned by the applicant for the Building Permit or by the applicant for the rezoning/Preliminary Development Plan approval that pertains to Subarea B or its affiliates (any real property meeting either of the foregoing criteria to be referred to herein as "Residential Property"), a minimum average 6-foot high mound shall be installed on the property to which the Building Permit applies along the shared property line with the abutting property. The mound shall include a landscape buffer which shall consist of a mixture of deciduous trees, evergreens, and bushes to provide an opacity of at least 80% on the date that is 4 years after planting to a minimum height of 10 feet above ground level. These mounds shall be installed within the required minimum pavement setback area as required by this zoning text. For purposes of determining which properties qualify as Residential Property hereunder, if two properties have an intervening public street right-of-way between them, they shall still be considered abutting, and in these circumstances breaks in required mounding and landscaping shall be permitted to accommodate vehicular and pedestrian access points.

- If existing trees are found within perimeter areas that have existing screening and buffering, the mounding may be omitted and the existing trees may be utilized as the required screening. The requirement for a minimum 80% opacity within 4 years after installation is still applicable with this alternative and, therefore, if necessary, additional landscaping materials (i.e., deciduous trees, evergreens, or bushes) shall be planted along those perimeter boundary areas to meet the minimum 80% opacity requirement. The plan for these areas must be reviewed and approved by the Design Review Board.

- Phasing of Residential Screening. In recognition of the significant amount of land area and the lengths of the perimeter boundaries contained within Subarea B, for all portions of Subarea B where there is required mounding and landscaping, it may be installed in phases. For each phase of development in Subarea B, such required mounding and landscaping shall be installed when it is anticipated (as provided in plans associated with relevant applications) that buildings, paved parking areas, and/or above-ground equipment or utility infrastructure, once constructed within that phase, will be located within 800 feet of the relevant perimeter boundary line. At a minimum for each phase, this mounding and landscaping shall be installed along the portion of the relevant perimeter boundary line of the subarea between two points which are determined by extending two straight lines from the perimeter boundary line of the subarea to the furthest distance on each side where planned improvements are to be constructed in that phase, and then adjusting those lines so that they are an additional distance of 150 apart. The following illustration is being provided as an example of this requirement:

Appendix A - Marysville East Section 1 Amendment 1B Only Text

Additional buffering along Jolly Road and the adjacent property has been proposed and an exhibit has been added to this submission that details this information.

Architecture

- Building Designs - The following design requirements and criteria shall apply to all permitted building typologies in this subarea and Section 1133 of the zoning code shall not apply except with respect to Office Buildings:
    - Building designs shall not mix architectural elements or ornamentation from different styles.
    - Buildings shall be required to employ a consistent use of materials on all elevations.
    - The number, location, spacing, and shapes of windows and door openings shall be carefully considered. Subject to functional requirements for a specific building, door openings and windows should be arranged in a regular or symmetric manner except appropriate to highlight entrances. Primary entrances shall be made sufficiently prominent that they can be easily identified from a distance, except on buildings where pedestrian traffic is expected to be minimal such as, but not necessarily limited to, data centers or warehouses, or in the context of multi-building projects where the visibility of building entrances may be obstructed.
    - Elements such as meter boxes, utility conduits, generators, water and material tanks, and roof and wall projections such as vent and exhaust pipes, basement window enclosures, and trash containers shall be designed, located, or screened so as to minimize their visibility and visual impact from off-site. Solar energy systems shall be excluded from the requirements of this section.
    - Additional building images for each major typology are included in the Exhibits.
- Building Forms
    - All building elevations shall be designed to be compatible with each other and to reflect a consistent design approach.
    - Gable or hip roofs shall be avoided unless a building design replicates a traditional American architectural style that employs such roof forms. Flat roofs are permitted.
- Materials
    - Exterior building materials shall avoid overly reflective surfaces. Traditional materials such as, but not limited to, wood, stone, brick, and concrete shall be permitted, along with contemporary materials such as, but not limited to, aluminum,

metal, glass, stucco, or cementitious fiberboard (e.g., Hardi-plank or equivalent) shall be permitted on buildings not employing traditional styles. The use of reflective or mirrored glass shall be prohibited.

- Primary building colors shall be natural or neutral colors, including variations in the shade of colors in order to break up long facades. Up to two (2) additional colors may be used as accent elements. Fluorescent building colors are prohibited.
- Prefabricated metal buildings, untreated masonry block structures, and buildings featuring untreated poured concrete exterior walls are prohibited. Notwithstanding the foregoing, ancillary structures built and operated for the purpose of enclosing equipment and which are not occupied by tenants or persons on a regular basis may be constructed using pre-engineered metal.
- Generally, the quantity of materials selected for a building shall be minimized. A single material selection for each of the independent building components of roof, wall, and accents is permitted. Accents will feature at a minimum a different design element which could be an alternative material or color.
- Loading docks are not required to have the same degree of finish as a main entry unless they are visible from a public right-of-way.

- Additional Standards
  - In designing buildings, the user or applicant shall take into account the following, which are intended to set a level of expectation for the quality of design:
    - Architectural designs for all portions of a building or structure that are visible from a public right-of-way (excluding public rights-of-way whose primary purpose is to accommodate truck traffic or service loading areas) shall be of high quality while taking into account the unique nature of the use(s) that will be found therein.
    - Uninterrupted blank wall facades shall be prohibited to the extent that they are visible from a public right-of-way. Design variations on long exterior walls shall be employed in order to create visual interest. Examples of such design variations include but are not limited to, the use of offsets, recesses and/or projections, banding, windows, and/or reveals; scoring of building facades; color changes; texture or material changes; and variety in building height. The distance between offsets, recesses, and/or projections will vary depending on the size of a particular building, the size of exterior building panels, and the number and location of entry points.
    - The use of one or more architectural or design elements may be used to soften the aesthetics of the building, such as but not limited to canopies, porticos, overhangs, arches, outdoor patios, community spaces, or similar devices.
    - Contemporary exterior designs, while not required, shall be encouraged in order to create architecture that does not look aged or dated even many years after the facility is built.
    - HVAC, generators and similar equipment and associated gravel or concrete yards or pads shall be located subject to the minimum building setbacks.
- Roof-Mounted Equipment
  - Screening of all roof-mounted equipment shall be required on all four sides of buildings using materials that are consistent and harmonious with the building's façade and character. Such screening shall be provided to screen the equipment from off-site view as measured from the property line of the parcel. Parapets (among other architectural elements) may be used to provide screening. Where a building is screened from view from outside of this subarea by a building located

within this subarea, the Design Review Board may waive or reduce these screening requirements.

- Data Center Buildings
    - The images below are intended to demonstrate data center building types that would be acceptable for development and construction in this subarea. These images are not meant to require any particular building type to be designed in the manner that is illustrated, and a variety of building aesthetics and character is encouraged throughout the subarea. The buildings that are shown below are representations of the quality of buildings that will be manifested from compliance with the architectural requirements for this subarea:

Appendix A - Marysville East Section 1 Amendment 1B Only Text

Signage

- The standards and requirements of relevant provisions of the City's Codified Ordinances for signage shall be the baseline for permitted signage in this subarea. Notwithstanding the foregoing, an applicant may present a master signage plan as part of a Design Review Board application for subarea B – Industrial. This master signage plan will be coordinated with the residential and multi-family subareas to provide a similar design theme. Such a plan shall identify the types of signs, number of signs, maximum heights, maximum sign areas, and general designs of proposed signs (not including content that falls under state or federal constitutional protections). If approved, the master sign plan, once approved, shall provide rights, obligations, and standards for signage within the entirety of this subarea. To the extent that a master signage plan conflicts with any standard in relevant provisions of the Codified Ordinances, the standards in the master signage plan shall apply, and to the extent that the master signage plan is silent on a particular standard, the relevant standard in the Codified Ordinances shall apply.

Lighting

- All parking lot and private driveway lighting shall be cut-off type fixtures and downcast. Parking lot lighting shall be from a controlled source in order to minimize light spilling beyond the boundaries of the site.

- All parking lot lighting within an individual development project shall be of the same light source type and style.
- All parking lot light poles shall be constructed of metal, shall be dark in color, and consistent throughout each individual development. Light poles, including the base, shall not exceed 28 feet in height, except that light poles located within 300 feet of properties where residential uses exist or are permitted shall be no higher than 18 feet in height, each height measurement to include the base and as measured from the pavement level.
- No permanent-colored lights which would result in a "color washing" of a building or neon or florescent lights shall be used on the exterior of any building.
- All other lighting on the site shall be in accordance with the Code.
- Street lighting must meet the City's standards and specifications.
- No light spillage onto properties that are adjacent to this subarea shall be permitted from lighting sources within this subarea.

Appendix A - Marysville East Section 1 Amendment 1B Only Text

Subarea C – Single-Family Residential - REZONED

With the rezoning of approximately 14.17 acres, previously zoned as subarea C under the Marysville East Section #1 PUD, subarea C will be reduced to zero acres. The 14.17 acres is hereby rezoned as part of this amendment as subarea B - Manufacturing/Innovation District and will follow the guidelines established for subarea B. This acreage has been included in the Section 1B Subarea B total of 252.6 acres shown above.

Subarea D – Public Common Area

The natural features in this public common area subarea (approximately 68.53 acres) will be reserved, protected, and developed as part of the network of parks and trail systems that will provide recreational opportunities and promote connectivity throughout the area. The ground in this subarea, while public, will be owned, managed, and maintained by a future community authority board which will use funds from future residents and businesses to perform these duties.

In implementing this subarea, the applicant will rely on the underlying Open Space District (OSD) zoning designation and requirements contained in Section 1121.17, except to the extent variance and divergences are identified below.

List of Permitted Uses

- Park
- Community Garden
- Commercial Recreation (outdoor)
- Essential Public Services and Utilities
- Necessary Roadway Crossings

ADDITIONAL INFORMATION REQUESTED

A. Explain how the development meets the proposed and specific objectives set forth in Section 1135.01

1135.01(a) General Objective: A planned unit development shall be classified as a unique zoning district or combination of districts that is subject to the provisions of this chapter. The purpose is to encourage and allow more creative and imaginative design of land development than is possible under standard zoning district regulations. A PUD is intended to allow flexibility in planning and design and overall benefits to the City. A PUD also permits the establishment of a variety of uses brought together as parts of a compatible and unified plan. This flexibility should result in a development that has unique characteristics and features that are not found in a development produced in accordance with standard zoning district and subdivision regulations.

1135.01 (b) Specific Objectives:

(1) To encourage unified projects that exhibit creative planning and design in ways that cannot be achieved through a standard zoning district, yet are consistent with all applicable plans including but not limited to the Comprehensive Plan (2018), Thoroughfare Plan, and the intent of the Ordinance.

The proposed Sections #1, #1A, #1B, #2 & #3 PUDs contain include a mixture of uses that could not be zoned together through the standard zoning process. The Marysville comprehensive plan was used as a starting point and subareas were designed with the overall concepts in mind. For example, the major natural areas are protected and maintained, the industrial/innovation uses are aligned all the US 33 corridor with access primarily planned for Scottslawn, and the higher density residential is planned near the existing higher density residential uses and will serve as a buffer to the industrial park. The blending of all these uses could not be achieved under a straight zoning district.

(2) Allow the creation of development standards that respect the unique characteristics, natural quality, and beauty of the site and the immediate vicinity and protect the community's natural resources by avoiding development on and destruction of sensitive environmental areas.

Marysville East Section #1, #1A, #1B, #2 & #3 PUDs provides perimeter setbacks to natural areas that are larger than required by the Codified Ordinances and will protect sensitive environmental areas on-site by preserving these areas as a separate subarea (public common areas). The large open space and tree preservation area in Section #1, #1A, #1B, & #3 consists of approximately 136 acres. This public common area will be in ADDITION to the required open space of each developed subarea and will be commonly owned and managed through a newly created New Community Authority. Trails will be added to these common areas that link to all the other subareas and this process will be expanded with the future annexation of other areas.

(3) Promote economical and efficient use of land and reduce infrastructure costs through unified development.

The development will promote the economical and efficient use of the land and infrastructure by providing a platform for the development of various mixed uses.

The industrial/innovation areas will provide businesses with jobs and will generate income tax and real estate tax revenues to support services and infrastructure improvements.

(4) To provide amenities and enhancements that will sustain the quality of life and property values within the development as well as the properties surrounding the proposed PUD.

The protected public common areas and the individual pod open spaces combined will provide for recreational activities and the ability to enjoy the natural beauty of the site and surrounding areas in Marysville through the multi-purpose trails and parks. The industrial development will create much higher property values than the current CAUV ground and will help energize the region for many years.

(5) Assure compatibility between proposed land uses within and around the PUD through appropriate development controls.

Compatibility between proposed land uses within and around the Marysville East PUDs is provided through the planned transition of high-density developments around the existing core commercial development as well as increased setbacks and landscape buffers within the PUD Development Standards along mixed uses. The newly created multi-family subarea will help to buffer the existing multi-family development from the industrial / innovation area and the natural features and creek to the north will buffer the single-family development from the industrial/innovation area.

(6) Where appropriate, provide for community facilities, open space, and recreational areas.

The large open spaces across all the Marysville East PUDs, approximately 136 acres, will preserve existing natural features, with trails and connectivity added to and from each subarea. This preservation area will be in addition to the open spaces and trails that will be included in each subarea.

(7) To provide a maximum choice of business and living environments by allowing for a variety of housing, building types, and imaginative architectural design.

Across all the Marysville East PUDs, the integration of the industrial / innovation district will provide opportunities for employers to be positioned within the area and the multi-family and single-family options will provide housing options to the employees and other existing or future residents of Marysville.

(8) To provide an opportunity for a mix of complementary uses otherwise not permitted within the standard zoning classifications.

The PUD will provide a mix of complementary residential and industrial / innovation uses and establish priorities for high-quality and innovative development and appropriate buffers and transitions between existing and proposed uses.

(9) To develop land in an orderly, coordinated, and comprehensive manner that is consistent with accepted land planning, landscape architecture practices, and engineering principles.

By providing the PUD Development Standards and going through the appropriate Exterior/Landscape Plan review and approval process with the Design Review Board for each contemplated development within Marysville East Section #1, it will develop in an orderly, coordinated, and comprehensive manner that is consistent with accepted land planning, landscape architecture practices, and engineering principles.

B. Explain how the proposed development impacts public services and facilities, including but not limited to schools, water, sewer, and traffic.

Public Services:

- The proposed amendment to the PUD will be annexed into the Marysville City limits and with the annexation process, a service letter was provided by Marysville which warrants that all utilities and services are available and that the City is willing to take on the responsibility of servicing this area. We will be working with all service providers, which include schools, fire, police, City Engineer, traffic, parks/recreation, and City Council to put together a unique financial package that will help provide funds for these purposes.

Water:

- There is an existing 12" water main located along the north side of Watkins Road at the corner of the regional sewer pump station parcel (hydrant #1145). The initial service for the rest of the Marysville East Section #1 ground will be serviced by this line. In addition, Marysville just opened a new $50m+ water treatment plant in 2023, which will provide capacity for all the growth projected for the east side of Marysville and beyond.

- The engineering of other water laterals will be discussed during the engineering phase of each project with the City Engineer.

Sanitary Sewers:

- A regional pump station is currently being constructed along Watkins Road by the City of Marysville and is part of this PUD. The pump station property is currently in Paris Township and it was agreed by the developer to include it as part of this first annexation and PUD filing. The regional station has capacity for the entire east side of Marysville and will include a 36" gravity lateral that will run to the north to US 36. The extension of sewer laterals to service the individual parcels included in this PUD will be worked out with the City Engineer as the projects move forward.

Other Utilities:

- Electric service for this site already exists and our engineer is working to acquire service letters from the area provider which will be included in the development plan.

- Gas service for the site is available from URE and the line is located down the west side of the Bennington property, which is included with this submission.

- Spectrum has facilities adjacent to the project site and can provide service to the development.

Traffic:

- A traffic study and regional thoroughfare plan update is currently underway with the assistance and direction of the City Engineer. This document will help identify the roadway infrastructure needed for the industrial/innovation park as well as

improvements to Watkins Road and the intersections of US 36/Watkins Road and Watkins Road/Scottslawn. The developer(s), City, and Engineer will work together on a unique set of financial tools to determine the future funding of these improvements.

C. Explain how the proposed development conforms to the Marysville Comprehensive Plan.

The proposed Marysville East PUDs utilized the existing Marysville Comprehensive Plan as the basis for its development. Both the PUD and Comp Plan anticipated industrial/innovation uses along the US 33 corridor with most of the access to this area coming from Scottslawn. The PUD utilizes the multi-family development to buffer the existing residents to the west and the creek and natural tree line to buffer the single-family development from the industrial/innovation uses. The Comp Plan promotes the protection of common areas and the connection of the community to these areas, which is being accomplished with the proposed trail system. The Comp Plan also promotes mixed residential housing types which are being provided and two types, apartments, and townhomes, are intermixed among themselves providing for diversification of products within the same development.

ANNEXATION PLAT

STATE OF OHIO, COUNTY OF UNION, TOWNSHIP OF PARIS,
VIRGINIA MILITARY SURVEY NUMBERS 2254 & 3350.

BASIS OF BEARINGS

THE BEARINGS SHOWN ON THIS SURVEY ARE BASED ON THE BEARING OF NORTH 83°45'21" WEST AS DETERMINED FOR THE CENTERLINE OF COUNTY ROAD 104 (WATKINS ROAD) BASED ON FIELD OBSERVATIONS PERFORMED IN SEPTEMBER, 2022 AND BASED ON THE OHIO STATE PLANE COORDINATE SYSTEM, NORTH ZONE, NAD83 (NSRS 2011 ADJUSTMENT). SAID BEARING WAS ESTABLISHED BY STATIC AND RTK GPS OBSERVATIONS CALCULATED USING NATIONAL GEODETIC SURVEY, OPUS–S SERVICE PERFORMED ON SEPTEMBER, 27 OF THE YEAR 2022.

PERTINENT DOCUMENTS:

DEEDS OF RECORD ON FILE AT THE UNION COUNTY RECORDER'S OFFICE, EXISTING CEC SURVEYS, SURVEYS OF RECORD & TAX MAPS ON FILE AT UNION COUNTY.

NOTE:

AREA TO BE ANNEXED HAS 5,921.94 FEET CONTIGUITY WITH THE EXISTING CORPORATION LINE OF THE CITY OF MARYSVILLE, HAVING A TOTAL PERIMETER OF 19,265.45 FEET THAT CONTAINS 30.74% CONTIGUITY WITH EXISTING CORPORATION LINES OF THE CITY OF MARYSVILLE.

CERTIFICATION:

THIS ANNEXATION PLAT IS A GENERAL DESCRIPTION OF THE LOCATION OF PROPERTY TO BE ANNEXED AND IS NOT A BOUNDARY SURVEY AS DEFINED IN THE O.A.C. CHAPTER 4733.37.

DESCRIPTION OF 351.258 ACRES

Situated in the State of Ohio, County of Union, Township of Paris, Virginia Military Survey Nos. 2254 and 3350, being all of a 173.635 acre tract of land as conveyed to Gary J. Lee, for and during his natural life, remainder to Ryan J. Lee and Gregory J. Lee in Instrument Numbers 201709270008015 and 201709270008017, all of a 117.70 acre tract of land as conveyed to Kevin G. Bennington Trustee, etals of the Duroc Truct in Instrument Number 201512310010706, all of that 27.60 acre tract of land as conveyed to 18530 LLC in Instrument Number 202301200000444, all of that 6.00 acre tract as conveyed to 1833 Farms LLC in Instrument Number 202302060000856,and part of the right-of-way of State Route 33, all references to records being on file in the Office of the Recorder, Union County, Ohio, said 351.258 acre tract being more fully described herein;

BEGINNING at a point on the southerly limited access right-of-way of State Route 33 and the easterly line of the City of Marysville as incorporated in Ordinance 41-91, also being the northwesterly corner of that 16.673 acre tract as conveyed to Southgate Company Limited Partnership in Instrument Number 202010130011024, also being the northeasterly corner of that 18.76 acre tract as conveyed to Kenmore Place LLC in Instrument Number 202004300004004;

Thence along the easterly line of said corporation limit, crossing State Route 33, along the easterly lines of Watkins Glen Apartments and The Crossings at Watkins Glen Condominium, **North 06°13'06" West** a distance of **2079.33 feet** to a point in the centerline of Watkins Road (C.R. 104, 60' r/w);

Thence along said centerline, **South 83°45'21" East** a distance of **453.92 feet** to the southwesterly corner of said 117.70 acre tract, and the southeasterly corner of that 52.10 acre tract as conveyed to Dorothy G. Cotton in Official Record 174, Page 109;

Thence along the westerly line of said 117.70 acre tract and the easterly line of said 52.10 acre tract, **North 09°30'07" West** a distance of **1864.86 feet** to a point on the southerly line of that 16.39 acre tract as conveyed to Dorothy G. Cotton in Official Record 174, Page 109;

Thence along the northerly line of said 117.70 acre tract and the southerly line of said 16.39 acre tract, **North 74°51'16" East** a distance of **2402.47 feet** to a point on the westerly line of that 159.81 acre tract conveyed to Cougar State Farms Limited Partnership in Deed Book 339, Page 59;

Thence along the easterly line of said 117.70 acre tract, the westerly line of said 159.81 acre tract, and the westerly line of that 6.41 acre tract as conveyed to Steven R. Elliott in Instrument Number 202007230007287, **South 05°28'21" East** a distance of **2727.92 feet** to a point in the centerline of said Watkins Road and on the northerly line of that 1.14 acre tract conveyed to Lisa Sue Guenther in Instrument Number 202109010011713;

Thence along the centerline of said Watkins Road and the northerly line of said 1.14 acre tract, **North 83°45'21" West** a distance of **140.80 feet** to a point;

Thence along the westerly, southerly, and easterly lines of said 1.14 acre tract the following three (3) courses and distances:

South 05°04'46" West a distance of **203.57 feet** to a point;

South 83°44'48" East a distance of **265.00 feet** to a point;

250 W. Old Wilson Bridge Road, Suite 250 | Worthington, OH 43085 | p: 614-540-6633 f: 614-540-6638 | www.cecinc.com

North 06°45'01" West a distance of **208.92 feet** to a point in the centerline of said Watkins Road;

Thence along the centerline of said Watkins Road, **South 83°45'21" East** a distance of **570.27 feet** to a point at the northeasterly corner of said 173.635 acre tract;

Thence leaving said centerline and along the easterly line of said 173.635 acre tract and the easterly right-of-way line of Wildwood Lane, the westerly line of that 0.952 acre tract as conveyed to Jessica L. & Kynndall A. Ingram in Instrument Number 202207200006959, and the westerly line of that 68.29 acre tract as conveyed to Janibo Farms, LLC in Instrument Number 202106010007351, **South 06°17'00" East** a distance of **2079.42 feet** to a point on the southerly line of VMS 3350 and the northerly line of VMS 2254;

Thence along the northerly line of said 6.00 acre tract, **North 85°02'58" East** a distance of **49.54 feet** to a point at the northeasterly corner of said 6.00 acre tract and the northwesterly corner of that 117.36 acre tract conveyed to 18530 LLC in Instrument Number 202301200000443;

Thence along the easterly line of said 6.00 acre tract, the west line of said 117.36 acre tract, **South 05°42'02" East**, a distance of **519.75 feet** to a point at the northeasterly corner of that 8.22 acre tract as conveyed to Frederick J. Durant in Instrument Number 201706300005406;

Thence along the northerly line of said 8.22 acre tract and the northerly line of that 6.942 acre tract as conveyed to Joshua T. and Amy R. Codner in Official Record 691, Page 051, **South 85°02'58" West** a distance of **502.43 feet** to a point at the southwesterly corner of said 6.00 acre tract and the northwesterly corner of said 6.942 acre tract;

Thence along the westerly line of said 6.942 acre tract and across State Route 33, **South 05°14'31" East** a distance of **1354.63 feet** to a point on the southerly limited access right-of-way of State Route 33;

Thence along said southerly limited access right-of-way line the following six (6) courses and distances:

North 53°16'07" West a distance of **104.36 feet** to a point;

North 69°37'00" West a distance of **78.16 feet** to a point;

North 55°33'33" West a distance of **625.50 feet** to a point;

North 53°16'07" West a distance of **795.91 feet** to a point;

North 52°07'39" West a distance of **1004.29 feet** to a point;

North 53°16'07" West a distance of **1234.39 feet** to the **Point of Beginning**, containing **351.258 acres**, which 296.563 acres lies within Virginia Military Survey Number 3350 and 48.611 acres lies in Virginia Military Survey Number 2254.

The bearing of North 83°45'21" West as determined for the centerline of Watkins Road based on field observations performed in September, 2022 and based on the Ohio State Plane Coordinate System, North Zone, NAD83 (NSRS 2011 adjustment). Said bearing was established by Static and RTK GPS Observations, calculated using National Geodetic Survey, OPUS-S service performed on September, 27 of the year 2022.

The above description is based on deeds of record and available existing surveys, the aforementioned description is not intended to be used for the transfer of real property. The acreages and distances shown are intended for annexation purposes only.

Area to be annexed has 5,921.94 feet contiguity with the existing corporation line of the City of Marysville, having a total perimeter of 19,265.45 feet that contains 30.74% contiguity with existing corporation lines of the City of Marysville.

The above description is a general description of the location of the property to be annexed. The survey was performed in September of 2022.

PROPOSED ANNEXATION OF 15.1 ACRES

FROM: PARIS TOWNSHIP

TO: CITY OF MARYSVILLE

Situate in the State of Ohio, County of Union, Township of Paris, located in Survey Number 2254, Virginia Military District, being all of that 6.942 acre tract conveyed to Joshua T. Codner and Amy R. Codner by deed of record in Official Record 691, Page 51, and that 8.222 acre tract conveyed to Frederick J. Durant by deed of record in Instrument Number 201706300005406 (all references refer to the records of the Recorder's Office, Union County, Ohio), being more particularly described as follows:

BEGINNING in the northeasterly limited access right-of-way line of State Route 33, at the southerly common corner of said 6.942 acre tract and that 27.60 acre tract conveyed to 18530, LLC by deed of record in Instrument Number 202301200000444, and being in the City of Marysville Corporation Line as established by Ordinance Number 003-2024, of record in Instrument Number 202402260001313;

Thence Northerly, with the line common to said 6.942 acre and 27.60 acre tracts, with said Corporation Line, a distance of approximately 1078 feet to a point at the southwesterly corner of that 6 acre tract conveyed to 1833 Farms, LLC by deed of record in Instrument Number 202302060000856;

Thence Easterly, with the northerly line of said 6.942 acre and 8.222 acre tracts, the southerly line of said 6 acre tract, and said Corporation Line, a distance of approximately 502 feet to a point in the westerly line of that 117.357 acre tract conveyed to 18530, LLC by deed of record in Instrument Number 202301200000443, being in the City of Marysville Corporation Line as established by Ordinance Number 006-2024, of record in Instrument Number 202404080002419;

Thence Southerly, with the line common to said 8.222 acre and 117.357 acre tracts, with said Corporation Line (Ord. 006-2024), a distance of approximately 1526 feet to a point in said northeasterly limited access right-of-way line;

Thence Northwesterly, with said northeasterly limited access right-of-way line, the southwesterly line of said 8.222 acre and 6.942 acre tracts, and with said Corporation Line (Ord. 006-2024), a distance of approximately 682 feet to the TRUE POINT OF BEGINNING, containing 15.1 acres, more or less.

This description was prepared for annexation purposes only and is not to be used for transfer.

LEGAL DESCRIPTION

Description of 306.96 +/- Acres to be annexed from Paris and Dover Township to City of Marysville

Situated in the State of Ohio, County of Union, Township of Paris and Dover, Virginia Military Survey 3350 and 5135, being all of a 284.995 acre tract as conveyed to Cougar State Farms Limited Partnership, of record in Deed Book 339, Page 59, all of a 6.48 acre tract as conveyed to Steven R. Elliott, Trustee of the Steven R. Elliott Family Trust dated January 17, 2024, of record in Instrument Number 202402270001345, all of a 1.585 acre tract as conveyed to Karl R. Martin, Sr. and Merilyn v. Martin, of record in Instrument Number 201912060010125, all of a 0.952 acre tract as conveyed to The Marysville Land Company LLC, of record in Instrument Number 202411010008183, all of a 2.084 acre tract as conveyed to The Marysville Land Company LLC, of record in Instrument Number 202410150007653, all of Lots 2-5 of Marmax Subdivision, of record in Plat Book 3, Page 360, all deed references refer to the records of the Recorder's Office, Union County, Ohio and being more particularly described as follows:

BEGINNING at the northeasterly corner of Lot 1 of said Marmax Subdivision, being in the centerline of Watkins Road (C.H. #104-A);

Thence North 83°44'34" West, with said centerline, a distance of 299.93 feet to the northwest corner of said Lot 1;

Thence South 6°58'47" West, with the easterly line of Lot 2, a distance of 231.20 feet to the southeasterly corner of Lot 2 and in a northerly line of the existing City of Marysville corporation line of Instrument Number 202404080002419 and Resolution Number 23-475 and Ordinance Number 006-2024;

Thence continuing with said Corporation line and the northerly perimeter of a 69.725 acre tract as conveyed to Janibo Farms, LLC, of record in Instrument Number 202303080001593 the following courses:

North 83°36'07" West, with the southerly of said Marmax subdivision, a distance of 602.64 feet to the southwesterly corner of said Lot 5;

North 6°18'11" West, with the westerly line of said Lot 5, a distance of 229.06 feet to the northwesterly corner of Lot 5 and in the centerline of Watkins Road;

North 83°35'05" West, with said centerline, a distance of 143.83 feet to the northeasterly corner of said 2.084 acre tract;

South 6°13'05" West, with the easterly line of said 2.084 acre tract, a distance of 372.25 feet to the southeasterly corner thereof;

North 83°38'24" West, with the southerly line of said 2.084 acre tract, a distance of 201.93 feet to the southwesterly corner thereof;

North 6°10'05" West, with the westerly line of said 2.084 acre tract, a distance of 381.61 feet to the northwesterly corner thereof and in the centerline of Watkins Road;

North 83°35'05" West, with said centerline, a distance of 324.56 feet to the northeasterly corner of said 0.952 acre tract;

South 6°24'41" East, with the easterly line of said 0.952 acre tract, a distance of 250.29 feet to the southeasterly corner thereof;

South 83°35'19" West, with the southerly line of said 0.952 acre tract, a distance of 155.04 feet to the southwesterly corner thereof, in the easterly line of a 97.295 acre tract as conveyed to Ryan J. Lee and Gregory J. Lee, of record in Instrument Number 202402140001046;

Thence continuing with said Corporation line the following courses:

North 6°22'05" West, with the easterly line of said 97.295 acre tract, a distance of 285.54 feet to the northeasterly corner thereof and being in said centerline of Watkins Road;

North 83°45'41" West, with said centerline and the northerly line of said 97.295 acre tract, a distance of 570.55 feet to northeast corner of a 1.14 acre tract as conveyed to Lisa Sue Guenther, of record in Instrument Number 202109010011713;

South 86°23'46" West, continuing with said centerline and the northerly line of a 3.84 acre tract conveyed to Mark D. Clarridge and Rebecca A. Clarridge, of record in Official Record 13, Page 648, a distance of 371.17 feet, to the **POINT OF BEGINNING** containing **306.96 +/-** acres, more or less.

The total perimeter of annexation area is 20555.64 feet, of which 6245.32 feet are contiguous with the City of Marysville, giving 30.38% contiguity.

Subject to all covenants, restrictions, reservations and easements contained in any instrument of record pertaining to the above described tract of land.

This description was prepared for annexation purposes only.

The bearings shown above are based on the Ohio State Plane Coordinate System, North Zone, NAD 83 (2011).

Appendix B - Full Marysville East Section 1 Updated Text

REZONING STATEMENT

The east side of Marysville is poised for new development due to the investments in regional utility infrastructure that the City of Marysville has made over the last few years. The regional area on the east side of Marysville is generally bound by US 33 to the west, Mill Creek on the north and east, and Watkins Road/Scottslawn to the south.

This area consists of about 1,900 acres and has the distinct advantage of having a handful of large landowners that control approximately 75% of the available acreage. Most of this ground currently sits within Paris Township, with a small portion in Dover, and will need to be annexed into Marysville over time. This collective size allows for the ground to be master planned on a large-scale basis.

A master-planned development provides real opportunities to create connected communities and protect and highlight the beauty of the Mill Creek area and mature tree stands. These natural features will also serve to create a barrier between the industrial and residential components. In addition, larger master planned communities can be developed with unique financial tools to provide additional funding to service providers such as the Marysville Schools, Marysville City utilities, police, and fire.

From a design standpoint, higher-density developments will be proposed around the existing commercial core (US 33 and US 36) with the introduction of a variety of attached, multi-family, and single-family residential products as you move further away from the core. The industrial uses will be positioned to the south of the abandoned rail line and will utilize Scottslawn as a primary access point to reduce truck traffic and congestion to the north and US 36. An industrial bi-pass (Road A), which will link the northern and eastern portions of Watkins Road, will be constructed prior to or in conjunction with significant industrial development in order to eliminate the trucks and vehicular traffic from utilizing the portion of Watkins Road that goes through the small residential community, known as Buxton Meadows.

Marysville East Annexation #1 is the first of 3 or 4 annexations that RDI and its partners will present to Union County and the City of Marysville over the next year or so. Each annexation will be rezoned under a Planned Unit Development (PUD) and will collectively consist of various mixed uses, which include a variety of residential, retail, commercial, industrial, and civic functions.

Marysville East Section #1 is being rezoned to Planned Unit Development (PUD) under Chapter 1135 of the Codified Ordinances of Marysville as they exist and are effective on the date when this zoning text is approved by Marysville City Council (the "Codified Ordinances"). All references herein to Chapter or Section numbers refer to applicable Chapter or Section numbers of the Codified Ordinances. In implementing the mixed-use PUD, Applicant is proposing a wide range of products that will rely on various sections of underlying zoning designations.

<u>History of Section 1</u>

Section 1 (Original) - The Marysville East PUD Development Plan for Section #1 was approved by City Council as Ordinance 004-2024 on January 8, 2024 and included 336.87 acres. Boundaries Marysville East Section #1 are located generally along Watkins Road on both the north and south sides. The western boundary is The Crossing at Watkin Glen Condominium and the east side is bounded by Wildwood Lane. The project's north boundary is the abandoned Cotton Family railroad track line and the southern boundary borders US 33.

Appendix B - Full Marysville East Section 1 Updated Text

The original Section #1 consists of 5 subareas which include multi-family, single-family, industrial, public common area, and civic (regional pump station) developments. The total acreage of these 5 subareas is 336.87 acres. The difference between this figure and the total area being annexed (351.26 acres) is the acreage included in the US 33 right-of-way.

Section 1A - The Section 1 PUD was expanded by 15.1 acres via Marysville East Section 1A. The 15.1+/- acres are bound to the south by US 33, to the north and west by Section 1 Innovation District, and to the east is Section 2 of the Innovation Center. Essentially, this parcel includes the two remaining homes on Wildwood Lane were annexed and zoned into the City on October 14, 2025.

The 15.1 acres was added to Subarea B – Innovation/Manufacturing District of the existing PUD district that applies to Marysville East Section #1 with the same standards.

Section 1B - Rockford Development Investments (RDI) and The Marysville Land Company (MLC) is in contract to purchase 9 additional parcels and will be annexing into the City of Marysville approximately 306.96 acres located on both sides of Watkins Road between Buxton Meadows and the Watkin Glen apartments. The collective parcels of Section 1B, to be annexed, are bound on the western side by the existing property included in Marysville East Section #1 and to the south by the property included in Marysville East Section #2.

The Marysville East Section #1 PUD Development Plan is being amended to include these nine parcels and will expand the areas included Subarea B – Manufacturing / Innovation District and Subarea D – Public Common Area. In addition, this amendment to Section #1 PUD proposes to rezone a 14.17-acre portion of Section #1 PUD from Subarea C - Single Family Residential to Subarea B – Manufacturing / Innovation District due to its connectivity to the new area.

The total subareas being zoned equal approximately 306.96 acres, with 252.6 included in Subarea B – Innovation/Manufacturing District and 68.53 acres to Subarea D – Open Space. The 252.6 acres of Innovation/Manufacturing includes the conversion of the 14.17-acre parcel from residential. There is also a difference between the acreage within the annexation and the zoned acreage and it is related to the public ROW along Watkins Road. This amendment does not change any use or development standards that apply to the original acreage within the approved PUD for Marysville East Section #1, Subarea B and D.

Combined Section 1 - Upon approval, the combined acreage related to Section 1, with amendments, will be as follows:

Subarea A (Multi-family)	36.36 ac.
Subarea B (Innovation District)	519.01 ac.
Subarea C (Single Family Residential	0.00 ac.
Subarea D (Public Common Area)	82.98 ac.
Subarea E (Lift Station)	1.14 ac.
ROW (Watkins, Wildwood)	19.43 ac.
Total Acreage	658.925 ac.

Appendix B - Full Marysville East Section 1 Updated Text

GENERAL DEVELOPMENT STANDARDS

Marysville East Combined Section #1 consists of 5 subareas providing for a mixed-use community. The project will be developed in accordance with the Marysville East Combined Section #1 Rezoning Statement, and the Codified Ordinances of the City of Marysville as of the date that the PUD is approved by Marysville City Council (the "Codified Ordinances"), unless noted otherwise in these PUD Development Standards below. Where conflicts occur between the Codified Ordinances and these PUD Development Standards, these PUD Development Standards shall control over the Codified Ordinances.

The following development standards will apply to all areas and subareas in the Marysville East project.

Setbacks

The perimeter and interior setbacks within a particular subarea will be governed by the detail provided in each subarea below. However, setbacks in areas that reflect a change in use from Manufacturing/Light Industrial/Office/Commercial/Retail to existing or proposed Residential will be expanded. This will provide additional setbacks when different uses are abutted. The expanded change of use setbacks for Marysville East will include:

- Manufacturing/Light Industrial/Office/Commercial/Retail to Residential
    - Minimum 25' from the property line on the Residential parcel from any roadway, parking, or building
    - Minimum 50' from the property line for parking and pavement, and 100' from the property line for the building on the Manufacturing/Light Industrial/Office/Commercial/Retail parcel.

In the event that a future parcel(s) located within or adjacent to a subarea comes under common ownership or control, or is zoned to allow compatible non-residential uses, then any minimum building, pavement, or landscaping setbacks set forth in this text as they apply to common or perimeter property line setbacks shall no longer apply. Should any portion of Watkins Road be eliminated as part of this development, any and all setbacks or right of way related to Watkins Road will no longer apply.

Landscape buffering shall be required between any residential and commercial uses, and between any manufacturing use and residential use. When possible, the design of the setbacks and the associated landscaping along common boundaries between two subareas should be coordinated jointly between users.

Common Open Space

With the creation of the Community Authority and subarea D, the Public Common Area, sensitive and unique natural areas will be protected and managed with minimal disturbance. These areas will be enhanced with multi-purpose trails and other amenities to develop a park system that will connect the different subareas together as well as other parts of the City and Townships. By combining the Public Common Areas with the required setbacks and open space requirements within each developed subarea, it's anticipated that the overall common area/open space for Marysville East will be more than the standard requirements. Within the

subareas, any trees located outside of the boundaries of the tree clearing exhibit that are removed shall be subject to the provisions of the City of Marysville Codified Ordinances regarding major tree preservation and replacement.

Access

A traffic study and regional thoroughfare plan update is currently underway for the east side of Marysville at the direction of the City Engineer. These documents will help identify the roadway infrastructure needed for the industrial/innovation park as well as improvements to Watkins Road, and the intersections of US 36/Watkins Road and Watkins Road/Scottslawn.

It's anticipated that the thoroughfare plan will include a new roadway (Road A), with a ROW no greater than 100', that will ultimately link Scottslawn to the east/west section of Watkins Road to US 36 and then across Mill Creek to Rt 4. The right-of-way width of Street "A" will be determined based on the approved thoroughfare plan. A portion of this new road will serve as a bi-pass or connector between the north/south section of Watkins Road and the east/west section of Watkins Road. This bi-pass roadway will help ensure that industrial and vehicular traffic can get to and from Scottslawn without impacting the Buxton Meadow residential development. The timing of the construction of all the roadway improvements will be defined by the developers(s), and the City and County Engineers working together.

Road A and Watkins Road will have a typology and streetscape that will include fencing, street trees, and landscaping, and may have either a ditch/swale design or curb and gutter design provided that there is a consistent and cohesive design as to each roadway. Road A and Watkins Road shall include a 10' multi-purpose trail on BOTH sides. The multi-purpose trail may be located either within or outside of the right of way. The developer shall dedicate right of way along Watkins Road to the City extending for a minimum distance of 40' on both sides of the centerline. The final distance will be determined based on the approved thoroughfare plan. The desired species of street trees will be determined by the developer and the City of Marysville Arborist.

Future roads internal to the subareas will be constructed with curb and gutter and a structured stormwater system. Internal roads will include street trees, landscaping, and pedestrian elements in either a sidewalk or multi-purpose trails to provide connections.

An example of a roadway cross-section and the standard fencing is shown in Exhibit E6. The final specification for Road A, improvements to Watkins Road, entry points from Road A and Watkins Road, and roads internal to the subareas shall be approved by the City Engineer. All roads may be constructed in phases consistent with the pace of development and as approved during the platting and/or final development approval process.

Pedestrian Connectivity and Multi-purpose Trails

Connectivity of each subarea to other subareas and to the Public Common Areas is important to make the community more walkable. The trail system within each subarea will be defined per the City's existing code but will include connections to the trails along both sides of the major thoroughfare roadways as well as the trails within the Public Common Areas, if applicable. To maintain safety and security, public sidewalks, trails, and multi-purpose paths within Subarea G will be limited to locations adjacent to public roadways.

Sustainability and Green Infrastructure

The overall development will consider and encourage a number of sustainable development techniques and infrastructure. Green Infrastructure for stormwater management will utilize the landscape or nature's ability to reduce, slow, filter, and/or absorb stormwater runoff from streets, parking lots, and buildings. In addition, the development will encourage the protection of sensitive natural areas through the inclusion of these areas in the Public Common Area subareas. Electric charging stations will be installed and available within all multi-family residential developments as well as many of the industrial buildings to promote the use of alternative fuels and transportation methods.

Community Authority

It is anticipated as part of the overall Marysville East development that a Community Authority will be established to help fund portions of the infrastructure such as trails, parks, services, roadway, public utilities, and other infrastructure improvements. As part of the role of the Community Authority, that entity will be responsible for maintaining the Public Common Areas throughout the development and may take ownership of such areas. The millage charged to the future residents, businesses, and landowners will be responsible for funding the improvements within the Public Common Areas and the maintenance of such.

MARYSVILLE EAST SECTION #1 PUD OVERALL DESIGN GOALS

All development within Marysville East Section #1 will strive to achieve the following goals:

- Well-balanced connection and transition of various property uses throughout the PUD, which will be achieved with a trail system, roadway network, setbacks, landscape buffers, and the protection of key natural features.
- The design elements, fencing, signage, and other identifiers will create a unique area that will serve as the gateway for the overall east-side development.
- Provide interconnectivity through internal vehicular and pedestrian connections, connections to adjacent neighborhoods and businesses, and connections to open spaces, parks, and activity centers.

DESCRIPTION OF ZONING REQUIREMENTS FOR EACH SUBAREA

Subarea A – Multi-Family and Attached Residential Development Requirements

The multi-family residential subarea A (approximately 36.36 acres) will consist of both townhomes and 3-story walk-up residential units with a shared clubhouse and pool areas. The townhomes and apartment buildings will be intermixed among each other to provide a unique community feel.

The 2-story townhomes will feature 4- and 6-unit buildings with attached 1- or 2-car garages. The townhomes will provide 2- or 3-bedroom options. The 3-story walk-up apartments will feature buildings with 24 units each which will provide 1- and 2-bedroom flats with surface parking and/or detached private garages.

The open space within the development is anticipated to greatly exceed the required level under

a straight zoning district and will include ponds with fountains and trails, dog parks, and a community center. Additional trails will be added to the site to get to the regional trail network that will be developed with the surrounding properties.

The architectural style and design of these products will complement each other while at the same time providing a diversification of products. See the attachment for the initial designs of the apartments, townhomes, and clubhouse.

In implementing this subarea, the applicant will rely on the underlying Suburban Commercial District (SCD) zoning designation and requirements contained in Section 1121.08, as they exist and are effective on the date when this zoning text is approved by City Council, except to the extent variance and divergences are identified below. If there is a conflict between these standards and the provisions of Section 1121.08, the standards in this text shall apply.

List of Permitted Uses

- Single-Family Attached
- Multi-Family
- Community Center / Commercial Recreation (indoor) – Clubhouse with pool and fitness

Lot Size, Setbacks, Height, Open Space, or Coverage Ratio

- Lot sizes and setbacks will adhere to the requirements of the SCD zoning district unless defined below.
    - Internal setbacks between buildings within the multifamily and attached residential development shall be 20' or as determined based on the fire code, whichever is greater.
    - Perimeter setbacks to the east, west, and south of the project will be 25' from the property line for any road, pavement, or building. Setbacks along Watkins Road will be 60'.
- Height of primary structures will not exceed 45' plus architectural features such as cupolas and/or chimneys.
- Open space will be a minimum of 10%
    - Multi-purpose trails are included throughout the project and around the detention ponds. The multi-purpose trails will also be installed along Watkins Road on BOTH sides to connect to future paths that will link this development to the other subareas and the future park system.
    - The detention ponds will include fountains and landscaping.
    - Multiple dog parks will be included in the project.
- Lot coverage ratio will be 65% including accessory structures

Density

- The combined overall density for both residential products will be 14 units per acre
- The architectural designs and features of the buildings and clubhouse comply with the requirements of Section 1123.06 – Density Bonus Program to justify that additional density above.

Access, Parking, Loading, and Pedestrian Connectivity

- The primary access to Subarea A will be via two entrances off Watkins Road. To the south of the project, two stub roads will be constructed that will connect to the future development to the east.

- The off-street parking for multi-family shall be a minimum of 2 parking spaces per unit.
- The parking areas for the single-family attached units will include private 1- and 2-car attached garages as well as driveway spaces. With the combination of the garages and driveway spaces, each unit will have a minimum of 2 spaces.
- Sidewalks will be included throughout the project on at least one side of the street.
- Multi-purpose trails will be included around the detention ponds and through the center of the project leading to the clubhouse and the trail system located along Watkins Road, which will provide pedestrian connections to the other subareas when constructed.

Landscaping

- The landscaping requirements of subarea A will be per the general landscaping standards identified in Section 1125 of the Marysville Codified Ordinances unless noted below.
- Perimeter fencing will be added to the south side along US 33 as well as the northern side of the project along Watkins Road.
- The landscape treatment along the eastern and western borders will include light mounding (2' to 3') and a new tree line within the setbacks. This tree line will also be included around the Marysville pump station and behind the fence along the southern boundary (US 33) as well. Final plant material selections and layout will be determined during the Design Review Board process.
- Landscaping will be installed along Watkins Road at both entries. Final plant material selections and layout will be determined during the Design Review Board process.
- All residential buildings (multi-family and attached-residential) shall include foundation planting along the entire front and rear of the buildings per Exhibits E2 and E3. Final plant material selections and layout will be determined during the Design Review Board process.
- The clubhouse shall include foundation plantings along all four sides of the building and between the building and the pool per Exhibit E4. Final plant material selections and layout will be determined during the Design Review Board process.
- Within the subareas, any trees located outside of the boundaries of the tree clearing exhibit that are removed shall be subject to the provisions of the City of Marysville Codified Ordinances regarding major tree preservation and replacement.

Architecture

- The architectural style and designs for Subarea A (multi-family and attached single-family) will be substantially similar to the architectural renderings shown on the illustrative elevations accompanying this Development Plan. During the development of this project, the applicant may present to the Design Review Board as part of Exterior/Landscape Plan Applications additional architectural styles and concepts for review, consideration, and approval by the Design Review Board.
- Approved building materials can include stone, brick, wood, metal, other natural materials, vinyl siding, and board and batten products. Vinyl siding to be of high quality and architectural grade with a minimum thickness of 0.044"). Color pallet prohibits any fluorescent colors.
- The clubhouse design and materials will include high-quality vinyl board and batten siding, vinyl horizontal siding (architectural grade with a minimum thickness of 0.044") with painted brick accents, and a metal roof. An outdoor fireplace and covered patio with seating will also be included. The building will have double and triple window sets. A clubhouse elevation is included with this application and provides additional detail regarding the architectural details and design.
- The multi-family buildings will feature high-quality vinyl board and batten siding, vinyl

horizontal siding (architectural grade with a minimum thickness of 0.044") with painted brick accents, and an asphalt roof. Some units will have covered balconies with metal railings and the building will feature an assortment of single and double windows. The attached elevations provide additional detail regarding the architectural details and design.

- The single-family attached buildings will feature high-quality vinyl board and batten siding, vinyl horizontal siding (architectural grade with a minimum thickness of 0.044") with painted brick accents, and an asphalt roof. Metal seam roofs will be featured over the majority of the entry doors. The attached elevations provide additional detail regarding the architectural design that will be submitted as part of the Design Review Board application.

Signage

- The following signage standards shall apply to all signs associated with subarea A. Unless otherwise specified in these development standards, relevant provisions of the Codified Ordinances of the City of Marysville Code Section 1129 Signs, shall apply. If there is a conflict between these standards and the provisions of Section 1129, the standards in this text shall apply.

- Sign types permitted include monument signs, building-mounted wall signs (clubhouse), project identification/gateway signs, and gateway highway signage.
    - Temporary Signs (banners and yard signs) and vehicular use area signs shall be subject to the applicable provisions of the Codified Ordinances of the City of Marysville Code Section 1129 Signs.
    - Permanent Signs – size (sign area) and quantity as determined by the type and location of the sign. The sign area shall be determined by the dimensions of the sign display face, excluding framing, bracing, and structural supports.

        - Monument Signs – subarea A will be provided with two monument signs or project identification/gateway signs. These signs can be single or double sided as determined by the developer.
            - Entry Sign - The location of the first sign will be at the intersection of the main entrance (eastern drive) of the project off Watkins Road and will have a maximum height of 8". This entrance leads directly to the clubhouse and is considered the main entrance.
            - Highway Sign - The second project identification/gateway sign is along US 33 at the southern end of the project. The maximum height of this sign will be 20' and a maximum width of 8"6". The maximum sign face area will be 64 sf.
            - Additional dimensions, design, and proposed materials of these two permanent signs are provided in Exhibit E5. The multi-family entry sign shall not exceed 20 square feet for the sign face. The monument signs will be incorporated into the surrounding landscaping beds.
            - The monument signs identified above are allowed to be constructed within the perimeter setbacks at both locations with a minimum setback of 5'-0" from the lot or ROW line.
            - Design – all monument signs shall have a finished base that is architecturally coordinated with the design and materials of the associated building(s) using materials such as brick, stone, wood, glass, architectural precast concrete, metal, or other innovative materials.
            - Lighting. Signs shall be illuminated in such a manner as to avoid

creating a glare and hazardous or distracting condition to vehicular and avionic traffic. Signs shall be illuminated only by the following means:

- External Illumination. By a white, steady, stationary light of reasonable intensity, directed solely at the sign. External light fixtures shall not be directed toward adjacent properties or rights-of-way. Ground-mounted light fixtures shall be fully screened from view by site grading or evergreen shrubs.

- Internal Illumination. By a white interior light of reasonable intensity with the sign text and images lit or silhouetted on an opaque background, either within a sign cabinet or using individually illuminated channel letters. No additional background lighting or illuminated borders or outlines is permitted. Electrical wiring shall be entirely hidden from view. Digitally animated or LED changeable copy signs are prohibited.

Lighting

- Minimum lighting standards shall be as follows:
  - All lighting standards in Section 1133.09 shall apply. Light spillage shall not exceed one-tenth (0.1) foot candles when adjacent to a residential district or existing residential.
  - All street lighting, poles, and fixtures, shall not exceed 18 feet in height.
  - All poles and fixtures shall be of a design/architecture consistent with the surrounding buildings and be a muted color such as grey, silver, black, bronze, or dark green.
  - Fully shielded, cut-off type lighting fixtures shall be required.
  - Details including fixture, pole, color, spacing, light type, and photometric shall be provided with the Design Review Board Application.
  - Exhibit I shows the proposed location and specifications for the basic lighting.

Project Phasing

- It is anticipated that the development in subarea A will commence shortly after engineering approvals are received from the City of Marysville for the extension of utility, roadway, and buildings, weather permitting.
- The project is likely to be constructed in a single phase but the developer does reserve the right to develop the project in three phases, roughly 1/3rd each beginning with phase 1 beginning just south of Watkins Road. The first phase would include the clubhouse, and a portion of the multi-family, and attached units. Future phases would proceed south based on user demand and would include the remaining multi-family and attached units.

Subarea B – Manufacturing/Innovation District

The Manufacturing/Innovation District (approximately 519.01 acres upon the approval of Section 1B) is generally located to the north/northeast of and adjacent to US Route 33, extending northward through Watkins Road to the old railroad tracks generally running east-west. The eastern boundary is a combination of Wildwood Lane and Jolly Road. This industrial/manufacturing area will provide for future business development within the Marysville area and will lead to new employers, employees, and residents. In addition, this area will generate tax revenues for the Schools, City, and County.

Appendix B - Full Marysville East Section 1 Updated Text

In implementing this subarea, the applicant will rely on the underlying Manufacturing/Innovation District (M/I) and Light Manufacturing District (LMD) zoning designation and requirements contained in Section 1121.13 and 1121.14 respectively, as they exist and are effective on the date when this zoning text is approved by City Council, except to the extent variance and divergences are identified below and in this Development Plan application. If there is a conflict between these standards and the provisions of Section 1121.13 or 1121.14, the standards in this text shall apply.

List of Permitted Uses

- Artisan Workshop
- Commercial and Industrial Equipment and Machinery Sales, Rental, Leasing
- Commercial Printing and Publishing
- Contractor Offices
- Essential Public Services and Utilities – includes electrical substations
- Essential Private Services and Utilities – includes water or material storage tanks, generator yards, chillers, and other exterior equipment reasonably necessary for the operation of a permitted use
- Laboratory Research Facility
- Manufacturing, General
- Professional Offices
- School, College or University, Vocation and Technical, Trade or Business
- Warehousing, Private/Public
- Wholesale and Distribution
- Data Processing/Call Center
- Data Center
- Light Manufacturing
- Wireless Telecommunications Antenna, Facility, and/or Tower

  For purposes of clarity, such permitted uses shall include as a permitted use, among other uses that are permitted, production and assembly uses. The term "data centers" shall mean "facilities containing large groups of networked computer servers typically used by organizations for the remote storage, processing, and distribution of large amounts of data and information.

Conditional Uses. The following uses shall be conditional uses in this subarea which are subject to review and approval in accordance with City Code Sections 1141.22 through 1141.28:

- Ground Passenger Dispatch
- Warehousing, Personal Storage/Mini
- Recycling Centers, if operated at an industrial scale
- Extended Stay Hotel

  The term "Recycling Centers" shall mean "a facility designed to accept recyclable material including but not limited to plastics, paper products, batteries, and electronic equipment in bulk for the purpose of converting such products into reusable raw material or extracting therefrom reusable components or material and which does not accept material from individual consumers or the general public."

Appendix B - Full Marysville East Section 1 Updated Text

Accessory Structures

- Permitted accessory structures shall not be limited to those listed in applicable provisions of the Code or those defined below, but also shall include accessory buildings that customarily accompany the primary use on a property, as approved as part of the Design Review application.
    - Approved Accessory Structures:
        - Electrical substations
        - Water or material storage tanks
        - Generator yards
        - Chillers, including roof-top and ground mounted equipment
        - Other external equipment reasonably necessary for operations of permitted or conditional uses

Lots Size, Open Space, or Coverage Ratio

- The minimum lot width shall be 100' within this subarea, and the minimum lot size shall be 2.0 acres.
- Maximum building height – 70'
- Open space will be a minimum of 10%
- There is no maximum lot coverage for this subarea as long as all setbacks are satisfied.

Setbacks

- Parking and pavement and building setbacks in Subarea B, all of which shall be measured from either the edge of right-of-way or the perimeter boundary of Subarea B, as applicable, shall be as follows:
    - Unless otherwise specified below, setbacks from the perimeter boundary of Subarea B shall be a minimum of 50' for parking and pavement and 100' for buildings.
    - Setbacks from Road A and Watkins Road shall be a minimum of 50' from the ROW for parking and pavement and 100' from the ROW for buildings.
    - The minimum setback from the US 33 ROW will be 100' for parking, pavement, and buildings.
    - The minimum setbacks from interior public roads which are not otherwise specified herein shall be 25' from the edge of the right-of-way for parking and pavement and 50' from the edge of the right-of-way for buildings.
    - The minimum setback from the northern perimeter boundary line of this subarea shall be 25' for parking and pavement and 50' for buildings.
    - An existing private drive is located generally along the eastern edge of this subarea within a private easement area which is defined in an instrument that is of record with the Office of the Recorder of Union County and includes, but is not limited to, Wildwood Lane. Existing or replacement pavement shall be permitted to be located within the required minimum setbacks that overlap with this easement area. The minimum required setbacks from this private easement area shall no longer apply should said easement be terminated or released.
- In the event that a future parcel(s) located within or adjacent to a subarea comes under common ownership or control, or is zoned to allow compatible non-residential uses, then any minimum building, pavement, or landscaping setbacks set forth in this text as they apply to common or perimeter property line setbacks shall no longer apply.

Access, Parking, Loading, and Pedestrian Connectivity

- Access to subarea B is defined under General Development Standards as part of the Thoroughfare Plan and includes improvements to Watkins Road and the construction of a

new Road A.

- Entrances into the subarea from Watkins Road and Road A and the associated internal roadways will be defined as part of the Engineering phase of each project.

- Off-Street Parking and Loading: Parking and loading spaces shall be provided in accordance with Code Chapter 1127. For data center uses, off-street parking shall be provided at the minimum rate of one space for each employee on the main shift, and off-street loading spaces shall be provided at the minimum rate of one loading space per building.
- Pedestrian Connectivity will be determined as part of the approval of each project and will include sidewalks, and/or multi-purpose trails which will serve as a connection to the main trail system along both sides of Watkins Road and Road A, as appropriate. Public pedestrian connections shall be located within or immediately adjacent to the public street right-of-way and shall follow City Engineering requirements. No pedestrian connections shall be required along US 33.

Landscaping

- Perimeter fencing will be added to the south side along US 33 as well as both sides of Subarea B along Watkins Road. Fencing along Road A is defined in the General Development Standards. Perimeter fencing along US 33 shall be located not less than 10' from the edge of the US 33 right-of-way unless otherwise required to accommodate stormwater drainage. Perimeter fencing along Watkins Road shall be located 1' outside the Watkins Road right-of-way or the adjacent sidewalk or mixed-use path, whichever is greater.
- The landscape treatment along the eastern and western boundaries of subarea B will include a three-foot (3') mound located within the parking and pavement setback. This mounding requirement may be waived with the approval of the City Arborist if necessary to preserve and maintain existing tree stands. This landscaping treatment requirement is eliminated should subarea B be expanded in future annexations or zonings beyond the boundaries of this application.
- Service and Loading Areas: Service areas and loading docks shall be screened to limit visibility from off-site with a minimum opacity of 75%.
- Landscaping and/or the use of existing vegetation shall be utilized where appropriate to enhance the aesthetics of the building and to lessen its visual impact when viewed from public rights-of-way.
- Buffering, Preservation, Landscaping, and Screening: The following landscaping requirements shall apply to this subarea:
  - Tree Preservation Zones: A Tree Preservation Zone shall be located to preserve and protect trees in locations that are identified on the Existing Conditions Exhibits. Within Tree Preservation Zones, the developer shall preserve existing healthy and mature trees, provided that trees may be removed if they present a danger to persons or property or as necessary to extend utilities. Understory may be removed for any reason, and plants or trees that are of a noxious and invasive species may also be removed. All other existing tree stands noted on Exhibit – Subarea B Existing Conditions Plans may be removed from this Subarea. These trees will be removed as soon as zoning entitlements and environmental assessments are complete and the City of Marysville's Tree replacement program will not apply to these areas. A tree-clearing exhibit is included in this application to be certain what areas will be cleared. Within the subareas, any trees located outside of the boundaries of the tree clearing exhibit that are removed shall be subject to the provisions of the City of Marysville Codified Ordinances regarding major tree preservation and

replacement.

- Within parking areas large unbroken expanses of parking lot shall be avoided. Large lots should be separated into a series of smaller interconnected lots separated by peninsulas or islands. No individual landscape areas shall be smaller than three hundred fifty (350) square feet. For each one hundred (100) square feet of parking area, a minimum of five (5) square feet of landscaped area shall be provided. Within the parking lot landscape islands or peninsulas at least one deciduous canopy tree with a clear trunk of at least five (5) feet above the ground shall be planted. Vehicular use area requirement, one (1) standard tree with a nursery caliper of not less than two (2) inches shall be planted for each fifty (50) feet of vehicular use area and/or parking area perimeter distance.

Open Space

- As used in this text, the term "open space" shall mean "an area of land unoccupied by buildings, structures, storage or vehicular use areas, except for recreational structures, and which is generally used for the purpose of providing grassed or landscaped areas, preservation of natural features, environmental protection, preservation of scenic views, or similar purposes. In calculating minimum open space requirements in this subarea, the definition in this paragraph shall be used. Within this subarea, open spaces may be, but shall not be required to be, open for use by the general public.

Fencing

- Code Section 1123.20.c.(1) shall not apply to Subareas B. Vinyl, barbed wire, and chain link fencing shall be prohibited in this subarea, except that black vinyl-coated chain link fencing shall be permitted. The setback requirements for fencing that apply to this subarea are set forth in Codified Ordinances Section 1121.13 (M/I District) and are minimum requirements. Any fencing that is adjacent to or in front of a building façade that fronts a public roadway shall be screened with landscaping which will achieve at least 50% opacity and a height of 75% of the fence height within 5 years of installation.

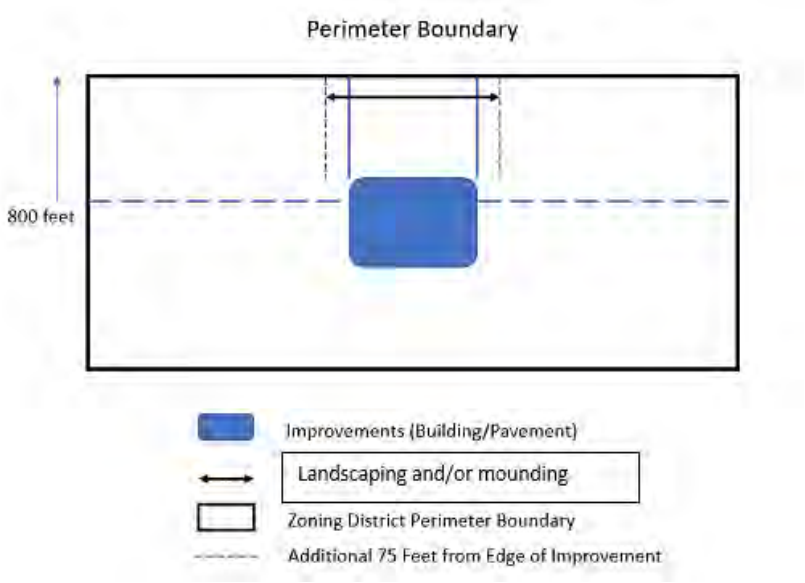

Perimeter Landscape Standards

- The following perimeter landscaping standards shall apply to the exclusion of Code Section 1125.06 as they relate to required buffering between development pertaining to any permitted or conditional use in this subarea and adjacent residential uses. For those perimeter boundaries of Subarea B which abut real property (i) containing existing residential uses or, as determined at the time that an application is filed for a building permit ("Building Permit") on real property located within this subarea, has a zoning classification which permits the development and operation of residential uses thereon, and (ii) that is not owned by the applicant for the Building Permit or by the applicant for the rezoning/Preliminary Development Plan approval that pertains to Subarea B or its affiliates (any real property meeting either of the foregoing criteria to be referred to herein as "Residential Property"), a minimum average 6-foot high mound shall be installed on the property to which the Building Permit applies along the shared property line with the abutting property. The mound shall include a landscape buffer which shall consist of a mixture of deciduous trees, evergreens, and bushes to provide an opacity of at least 80% on the date that is 4 years after planting to a minimum height of 10 feet above ground level. These mounds shall be installed within the required minimum pavement setback area as required by this zoning text. For purposes of determining which properties qualify as Residential Property hereunder, if two properties have an intervening public street right-of-way between them, they shall still be considered abutting, and in these circumstances breaks in required mounding and landscaping shall be permitted to accommodate vehicular and

pedestrian access points.

- If existing trees are found within perimeter areas that have existing screening and buffering, the mounding may be omitted and the existing trees may be utilized as the required screening. The requirement for a minimum 80% opacity within 4 years after installation is still applicable with this alternative and, therefore, if necessary, additional landscaping materials (i.e., deciduous trees, evergreens, or bushes) shall be planted along those perimeter boundary areas to meet the minimum 80% opacity requirement. The plan for these areas must be reviewed and approved by the Design Review Board.

- Phasing of Residential Screening. In recognition of the significant amount of land area and the lengths of the perimeter boundaries contained within Subarea B, for all portions of Subarea B where there is required mounding and landscaping, it may be installed in phases. For each phase of development in Subarea B, such required mounding and landscaping shall be installed when it is anticipated (as provided in plans associated with relevant applications) that buildings, paved parking areas, and/or above-ground equipment or utility infrastructure, once constructed within that phase, will be located within 800 feet of the relevant perimeter boundary line. At a minimum for each phase, this mounding and landscaping shall be installed along the portion of the relevant perimeter boundary line of the subarea between two points which are determined by extending two straight lines from the perimeter boundary line of the subarea to the furthest distance on each side where planned improvements are to be constructed in that phase, and then adjusting those lines so that they are an additional distance of 150 apart. The following illustration is being provided as an example of this requirement:

Additional buffering along Jolly Road and the adjacent property has been proposed and an exhibit has been added to this submission that details this information.

Architecture

- Building Designs - The following design requirements and criteria shall apply to all permitted building typologies in this subarea and Section 1133 of the zoning code shall not apply except with respect to Office Buildings:

- Building designs shall not mix architectural elements or ornamentation from different styles.
- Buildings shall be required to employ a consistent use of materials on all elevations.
- The number, location, spacing, and shapes of windows and door openings shall be carefully considered. Subject to functional requirements for a specific building, door openings and windows should be arranged in a regular or symmetric manner except appropriate to highlight entrances. Primary entrances shall be made sufficiently prominent that they can be easily identified from a distance, except on buildings where pedestrian traffic is expected to be minimal such as, but not necessarily limited to, data centers or warehouses, or in the context of multi-building projects where the visibility of building entrances may be obstructed.
- Elements such as meter boxes, utility conduits, generators, water and material tanks, and roof and wall projections such as vent and exhaust pipes, basement window enclosures, and trash containers shall be designed, located, or screened so as to minimize their visibility and visual impact from off-site. Solar energy systems shall be excluded from the requirements of this section.
- Additional building images for each major typology are included in the Exhibits.

- Building Forms
  - All building elevations shall be designed to be compatible with each other and to reflect a consistent design approach.
  - Gable or hip roofs shall be avoided unless a building design replicates a traditional American architectural style that employs such roof forms. Flat roofs are permitted.
- Materials
  - Exterior building materials shall avoid overly reflective surfaces. Traditional materials such as, but not limited to, wood, stone, brick, and concrete shall be permitted, along with contemporary materials such as, but not limited to, aluminum, metal, glass, stucco, or cementitious fiberboard (e.g., Hardi-plank or equivalent) shall be permitted on buildings not employing traditional styles. The use of reflective or mirrored glass shall be prohibited.
  - Primary building colors shall be natural or neutral colors, including variations in the shade of colors in order to break up long facades. Up to two (2) additional colors may be used as accent elements. Fluorescent building colors are prohibited.
  - Prefabricated metal buildings, untreated masonry block structures, and buildings featuring untreated poured concrete exterior walls are prohibited. Notwithstanding the foregoing, ancillary structures built and operated for the purpose of enclosing equipment and which are not occupied by tenants or persons on a regular basis may be constructed using pre-engineered metal.
  - Generally, the quantity of materials selected for a building shall be minimized. A single material selection for each of the independent building components of roof, wall, and accents is permitted. Accents will feature at a minimum a different design element which could be an alternative material or color.
  - Loading docks are not required to have the same degree of finish as a main entry unless they are visible from a public right-of-way.
- Additional Standards
  - In designing buildings, the user or applicant shall take into account the following, which are intended to set a level of expectation for the quality of design:
    - Architectural designs for all portions of a building or structure that are visible from a public right-of-way (excluding public rights-of-way whose primary purpose is to accommodate truck traffic or service loading areas) shall be of high quality while taking into account the unique nature of the use(s) that

will be found therein.

- Uninterrupted blank wall facades shall be prohibited to the extent that they are visible from a public right-of-way. Design variations on long exterior walls shall be employed in order to create visual interest. Examples of such design variations include but are not limited to, the use of offsets, recesses and/or projections, banding, windows, and/or reveals; scoring of building facades; color changes; texture or material changes; and variety in building height. The distance between offsets, recesses, and/or projections will vary depending on the size of a particular building, the size of exterior building panels, and the number and location of entry points.
- The use of one or more architectural or design elements may be used to soften the aesthetics of the building, such as but not limited to canopies, porticos, overhangs, arches, outdoor patios, community spaces, or similar devices.
- Contemporary exterior designs, while not required, shall be encouraged in order to create architecture that does not look aged or dated even many years after the facility is built.
- HVAC, generators and similar equipment and associated gravel or concrete yards or pads shall be located subject to the minimum building setbacks.

- Roof-Mounted Equipment
  - Screening of all roof-mounted equipment shall be required on all four sides of buildings using materials that are consistent and harmonious with the building's façade and character. Such screening shall be provided to screen the equipment from off-site view as measured from the property line of the parcel. Parapets (among other architectural elements) may be used to provide screening. Where a building is screened from view from outside of this subarea by a building located within this subarea, the Design Review Board may waive or reduce these screening requirements.
- Data Center Buildings
  - The images below are intended to demonstrate data center building types that would be acceptable for development and construction in this subarea. These images are not meant to require any particular building type to be designed in the manner that is illustrated, and a variety of building aesthetics and character is encouraged throughout the subarea. The buildings that are shown below are representations of the quality of buildings that will be manifested from compliance with the architectural requirements for this subarea:

Appendix B - Full Marysville East Section 1 Updated Text

Signage

- The standards and requirements of relevant provisions of the City's Codified Ordinances for signage shall be the baseline for permitted signage in this subarea. Notwithstanding the foregoing, an applicant may present a master signage plan as part of a Design Review Board application for subarea B – Industrial. This master signage plan will be coordinated with the residential and multi-family subareas to provide a similar design theme. Such a plan shall identify the types of signs, number of signs, maximum heights, maximum sign areas, and general designs of proposed signs (not including content that falls under state or federal constitutional protections). If approved, the master sign plan, once approved, shall provide rights, obligations, and standards for signage within the entirety of this subarea. To the extent that a master signage plan conflicts with any standard in relevant provisions of the Codified Ordinances, the standards in the master signage plan shall apply, and to the extent that the master signage plan is silent on a particular standard, the relevant standard in the Codified Ordinances shall apply.

Lighting

- All parking lot and private driveway lighting shall be cut-off type fixtures and downcast. Parking lot lighting shall be from a controlled source in order to minimize light spilling beyond the boundaries of the site.

- All parking lot lighting within an individual development project shall be of the same light source type and style.
- All parking lot light poles shall be constructed of metal, shall be dark in color, and consistent throughout each individual development. Light poles, including the base, shall not exceed 28 feet in height, except that light poles located within 300 feet of properties where residential uses exist or are permitted shall be no higher than 18 feet in height, each height measurement to include the base and as measured from the pavement level.
- No permanent-colored lights which would result in a "color washing" of a building or neon or florescent lights shall be used on the exterior of any building.
- All other lighting on the site shall be in accordance with the Code.
- Street lighting must meet the City's standards and specifications.
- No light spillage onto properties that are adjacent to this subarea shall be permitted from lighting sources within this subarea.

Subarea C – Single-Family Residential

Subarea C (approximately 14.17 acres) was included in the Original Section 1 submission but rezoned to subarea B as part of Section 1B. The standards below will still exist within Section 1 but the acreage has been reduced to zero.

The open space within the development will be a minimum of 10%. Additional trails will be added to the site to get to the regional trail network that will be developed with the surrounding properties.

In implementing this subarea, the applicant will rely on the underlying Suburban Residential District (SRD) zoning designation and requirements contained in Section 1121.07, except to the extent variance and divergences are identified below.

List of Permitted Uses

- Single Family Detached

Lots Size, Open Space, or Coverage Ratio

- Lot sizes will adhere to the requirements of the SRD zoning district and no less than 55'
- Setbacks: Front 25', Side – 7.5'; Rear – 20'
- Maximum Building Height: 35'
- Open space will be a minimum of 10%
- Lot coverage will comply with the City Code.

Density

- Maximum density of 4 units per acre

Signage

- Signage standards will follow the SRD zoning district requirements.

Subarea D – Public Common Area

The natural features in this public common area subarea (approximately 82.98 acres) will be reserved, protected, and developed as part of the network of parks and trail systems that will provide recreational opportunities and promote connectivity throughout the area. The ground in this subarea, while public, will be owned, managed, and maintained by a future community authority board which will use funds from future residents and businesses to perform these duties.

In implementing this subarea, the applicant will rely on the underlying Open Space District (OSD) zoning designation and requirements contained in Section 1121.17, except to the extent variance and divergences are identified below.

List of Permitted Uses

- Park
- Community Garden
- Commercial Recreation (outdoor)
- Essential Public Services and Utilities
- Necessary Roadway Crossings

Subarea E – Civic (Regional Pump Station)

This subarea is currently under construction for the development of a regional sewer pump station by the City of Marysville. The current 1.14-acre parcel is zoned in Paris Township and is being incorporated into this PUD to bring the ground into Marysville as part of the annexation process.

Due to its proximity to the existing and future residential developments, landscape buffer requirements will be set forth in the requirements of surrounding subareas.

In implementing this subarea, the applicant will rely on the underlying Government and Institutional District (GOV) zoning designation and requirements contained in Section 1121.16, except to the extent variance and divergences are identified below and in the upcoming Development Plan application.

List of Permitted Uses

- Essential Public Services and Utilities

Appendix B - Full Marysville East Section 1 Updated Text

ADDITIONAL INFORMATION REQUESTED

A. Explain how the development meets the proposed and specific objectives set forth in Section 1135.01

1135.01(a) General Objective: A planned unit development shall be classified as a unique zoning district or combination of districts that is subject to the provisions of this chapter. The purpose is to encourage and allow more creative and imaginative design of land development than is possible under standard zoning district regulations. A PUD is intended to allow flexibility in planning and design and overall benefits to the City. A PUD also permits the establishment of a variety of uses brought together as parts of a compatible and unified plan. This flexibility should result in a development that has unique characteristics and features that are not found in a development produced in accordance with standard zoning district and subdivision regulations.

1135.01 (b) Specific Objectives:

(1) To encourage unified projects that exhibit creative planning and design in ways that cannot be achieved through a standard zoning district, yet are consistent with all applicable plans including but not limited to the Comprehensive Plan (2018), Thoroughfare Plan, and the intent of the Ordinance.

The combined Section 1 PUD contains 5 subareas that include a mixture of uses that could not be zoned together through the standard zoning process. The Marysville comprehensive plan was used as a starting point and subareas were designed with the overall concepts in mind. For example, the major natural areas are protected and maintained, the industrial/innovation uses are aligned all the US 33 corridor with access primarily planned for Scottslawn, and the higher density residential is planned near the existing higher density residential uses and will serve as a buffer to the industrial park. The Cotton abandon railroad line to the north will serve as a natural buffer between the Innovation/Manufacturing uses and future residential/retail developments anticipated to be north. The railroad line will also help link all the interior multi-purpose trails within Marysville East as well. The blending of all these uses could not be achieved under a straight zoning district.

(2) Allow the creation of development standards that respect the unique characteristics, natural quality, and beauty of the site and the immediate vicinity and protect the community's natural resources by avoiding development on and destruction of sensitive environmental areas.

The Marysville East Combined Section #1 PUDs provides perimeter setbacks to natural areas that are larger than required by the Codified Ordinances and will protect sensitive environmental areas on-site by preserving these areas as a separate subarea (public common areas). The large open space and tree preservation area in Section #1, #1A, & #1B consists of approximately 82.98 acres. This public common area will be in ADDITION to the required open space of each developed subarea and will be commonly owned and managed through a newly created New Community Authority. Trails will be added to these common areas that link to all the other subareas and this process will be expanded with the future annexation of other areas.

(3) Promote economical and efficient use of land and reduce infrastructure costs through unified development.

The development will promote the economical and efficient use of the land and infrastructure by providing a platform for the development of various mixed uses. The industrial/innovation areas will provide businesses with jobs and will generate income tax and real estate tax revenues to support services and infrastructure improvements. The residential development will provide areas for residents and workers to call home and live in close proximity to their employers. Higher density developments maximize the value of the utilities and other infrastructure and its location around the existing retail/commercial core provides a nice buffer for the transition to industrial.

(4) To provide amenities and enhancements that will sustain the quality of life and property values within the development as well as the properties surrounding the proposed PUD.

The protected public common areas and the individual pod open spaces combined will provide for recreational activities and the ability to enjoy the natural beauty of the site and surrounding areas in Marysville through the multi-purpose trails and parks. The industrial development will create much higher property values than the current CAUV ground and will help energize the region for many years.

(5) Assure compatibility between proposed land uses within and around the PUD through appropriate development controls.

Compatibility between proposed land uses within and around the PUD is provided through the planned transition of high-density developments around the existing core commercial development as well as increased setbacks and landscape buffers within the PUD Development Standards along mixed uses. The newly created multi-family subarea will help to buffer the existing multi-family development from the industrial / innovation area and the natural features and creek to the north will buffer the single-family development from the industrial/innovation area.

(6) Where appropriate, provide for community facilities, open space, and recreational areas.

The large open space of approximately 82.98 acres across the combined Marysville East Section 1 will preserve existing natural features, with trails and connectivity added to and from each subarea. The Marysville East Sections 2 and 3 expand this open space to 136 acres and its anticipated to growth with future expansion. This preservation area will be in addition to the open spaces and trails that will be included in each subarea. Private recreation facilities (pool, fitness, dog parks) will be added to the multi-family subarea.

(7) To provide a maximum choice of business and living environments by allowing for a variety of housing, building types, and imaginative architectural design.

Across all the Marysville East PUDs, the integration of the industrial / innovation district will provide opportunities for employers to be positioned within the area and the multi-family and single-family options will provide housing options to the employees and other

existing or future residents of Marysville. The unique design of the multi-family community with Section 1 incorporates both three-story walk-up units with a townhome product that gives future residents a choice of products within the same project. Amenities with this multi-family project will be a pool, fitness center, dog parks, and trails throughout and linked to other open spaces within the overall PUD.

(8) To provide an opportunity for a mix of complementary uses otherwise not permitted within the standard zoning classifications.

The PUD will provide a mix of complementary residential and industrial / innovation uses and establish priorities for high-quality and innovative development and appropriate buffers and transitions between existing and proposed uses.

(9) To develop land in an orderly, coordinated, and comprehensive manner that is consistent with accepted land planning, landscape architecture practices, and engineering principles.

By providing the PUD Development Standards and going through the appropriate Exterior/Landscape Plan review and approval process with the Design Review Board for each contemplated development within Marysville East Annexation #1, it will develop in an orderly, coordinated, and comprehensive manner that is consistent with accepted land planning, landscape architecture practices, and engineering principles.

B. Explain how the proposed development impacts public services and facilities, including but not limited to schools, water, sewer, and traffic.

Public Services:

- With each amendment to the Section 1 PUD, a service letter was provided by Marysville which warrants that all utilities and services are available and that the City is willing to take on the responsibility of servicing this area. We will be working with all service providers, which include schools, fire, police, City Engineer, traffic, parks/recreation, and City Council to put together a unique financial package that will help provide funds for these purposes.

Water:

- There is an existing 12" water main located along the north side of Watkins Road at the corner of the regional sewer pump station parcel (hydrant #1145). The initial service for the rest of the Marysville East Annexation #1 ground will be serviced by this line. In addition, Marysville just opened a new $50m+ water treatment plant in 2023, which will provide capacity for all the growth projected for the east side of Marysville and beyond.

- The engineering of other water laterals will be discussed during the engineering phase of each project with the City Engineer.

Sanitary Sewers:

- A regional pump station was constructed along Watkins Road by the City of Marysville and is part of this PUD. The regional station has capacity for the entire east side of Marysville and will include a 36" gravity lateral that will run to the north to US 36. The extension of sewer laterals to service the individual parcels included in this PUD will be worked out with the City Engineer as the projects move forward.

Other Utilities:

- Electric service for this site already exists and future improvements to these utilities will be identified and constructed as the users of the ground are identified.

- Gas service for the site is available from URE and the line is located down the west side of the Bennington property, which the property was included as part of the original Section 1 submission.

- Spectrum has facilities adjacent to the project site and can provide service to the development.

Traffic:

- A traffic study and regional thoroughfare plan update is underway with the assistance and direction of the City Engineer. This document will help identify the roadway infrastructure needed for the industrial/innovation park as well as improvements to Watkins Road and the intersections of US 36/Watkins Road and Watkins Road/Scottslawn. The developer(s), City, and Engineer will work together on a unique set of financial tools to determine the future funding of these improvements.

C. Explain how the proposed development conforms to the Marysville Comprehensive Plan.

The proposed PUD utilized the existing Marysville Comprehensive Plan as the basis for its development. Both the PUD and Comp Plan anticipated industrial/innovation uses along the US 33 corridor with most of the access to this area coming from Scottslawn. The PUD utilizes the multi-family development to buffer the existing residents to the west and the Cotton abandon railroad line to the north with the natural tree line to buffer the future single-family and retail developments from the industrial/innovation uses. The Comp Plan promotes the protection of common areas and the connection of the community to these areas, which is being accomplished with the proposed trail system. The Comp Plan also promotes mixed residential housing types which are being provided and two types, apartments, and townhomes, are intermixed among themselves providing for diversification of products within the same development.

D. Additional Development Standards.

Marysville East Annexation #1 will have upgraded design standards that include common fencing, landscaping, and tree lines along perimeter boundaries and major thoroughfares, standardized signage, and other identifiers that will create a unique gateway feel for the area. Over time, these design elements will be incorporated into the existing core development on the east side of US 33 and US 36.

ORDINANCE _____

TO AUTHORIZE THE ISSUANCE OF NOTES IN THE AMOUNT OF NOT TO EXCEED $1,435,000 IN ANTICIPATION OF THE ISSUANCE OF BONDS FOR THE PURPOSE OF (I) DESIGNING, ENGINEERING, AND CONSTRUCTING VARIOUS STREET IMPROVEMENT PROJECTS, WITH SITE AND CURB IMPROVEMENTS RELATING THERETO, (II) CONSTRUCTING VARIOUS IMPROVEMENTS TO PARKS AND RECREATION FACILITIES, WITH RELATED SITE IMPROVEMENTS AND APPURTENANCES THERETO, (III) CONSTRUCTING AND IMPROVING VARIOUS STREET RESURFACING AND PAVING PROJECTS THROUGHOUT THE CITY, (IV) ACQUIRING VARIOUS FIRE, POLICE AND EMS EQUIPMENT, WITH RELATED IMPROVEMENTS AND APPURTENANCES, (V) ACQUIRING, DEVELOPING, DESIGNING, IMPROVING AND INSTALLING INFORMATION SYSTEMS AND RELATED INFORMATION TECHNOLOGY, AND (VI) PAYING COSTS ASSOCIATED WITH DESIGNING, CONSTRUCTING, FURNISHING, AND EQUIPPING A NEW FIRE STATION, WITH RELATED SITE IMPROVEMENTS AND APPURTENANCES THERETO; AND RETIRING NOTES PREVIOUSLY ISSUED FOR SUCH PURPOSE; AND AUTHORIZING AND APPROVING RELATED MATTERS

WHEREAS, the City Council (the "Council") of the City of Marysville, Ohio (the "City") has issued notes dated August 13, 2024 in the aggregate principal amount of $1,435,000, which will mature August 12, 2025 (the "Outstanding Notes"), in anticipation of the issuance of bonds described herein; and

WHEREAS, it appears advisable in lieu of issuing bonds at this time to issue new notes in anticipation of the issuance of bonds, and to retire all, or a portion, of the Outstanding Notes; and

WHEREAS, the Director of Finance of the City (the "Director of Finance") has certified to this Council that the estimated life of the improvements described in the title of this Ordinance (the "Project") which are to be financed with the proceeds of bonds and notes herein described exceeds five years, the maximum maturity of bonds being 11 years and notes being 7 years; now, therefore

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF MARYSVILLE, OHIO, That:

SECTION I. Issuance of Bonds. It is hereby declared necessary to issue bonds (the "Bonds") of the City in the principal sum of not to exceed $1,435,000, for the purpose of paying the cost of the Project.

SECTION II. Terms of the Bonds. The Bonds shall be dated prior to the maturity date of the Notes (as defined hereinbelow), shall bear interest at the maximum average annual interest

rate presently estimated to be 6.00% per annum, payable semiannually until the principal sum is paid, and shall mature in no more than 11 annual installments.

SECTION III. Issuance of Bond Anticipation Notes. It is necessary to issue, and this Council hereby determines that there shall be issued, notes (the "Notes") in anticipation of the issuance of the Bonds.

SECTION IV. Terms of the Notes; Certificate of Fiscal Officer Relating to Terms of Notes. The Notes shall be in the amount of not to exceed $1,435,000, or such lesser amount as shall be determined by the Director of Finance and certified to this Council, which sum does not exceed the amount of the Bonds. The Notes shall mature on such date as shall be determined by the Director of Finance and set forth in the Certificate of Fiscal Officer provided for herein, provided that such date shall not be later than one year after the date of issuance of the Notes. The Notes shall be issued as fully registered notes, in book-entry form, in such denominations as shall be determined by the Director of Finance, but not exceeding the principal amount of the Notes maturing on any one date, until the principal sum is paid or provision has been duly made therefor, and shall be numbered as determined by the Director of Finance and set forth in the Certificate of Fiscal Officer provided for herein. The Notes shall be sold in a transaction exempt from the requirements of Rule 15c2-12 of the United States Securities and Exchange Commission.

The Director of Finance is hereby authorized and directed to execute a Certificate of Fiscal Officer Relating to Terms of Notes (the "Certificate of Fiscal Officer"), setting forth the final terms of the Notes, consistent with the requirements of this Ordinance, and to present the same to Council after closing.

SECTION V. General Obligation Pledge. The Notes shall be the full general obligation of the City, and the full faith, credit and revenue of the City are hereby pledged for the prompt payment of the same. The par value to be received from the sale of the Bonds and any excess funds resulting from the issuance of the Notes shall, to the extent necessary, be used only for the retirement of the Notes at maturity and are hereby pledged for such purpose.

SECTION VI. Debt Service Levy. There shall be and is hereby levied annually on all the taxable property in the City, in addition to all other taxes and inside the City's charter millage limitation, a direct tax (the "Debt Service Levy") for each year during which any of the Notes are outstanding, in an amount not less than that which would have been levied if the Bonds had been issued without the prior issuance of the Notes, for the purpose of providing, and in an amount which is sufficient to provide, funds to pay interest upon the Notes as and when the same falls due and to provide a fund for the repayment of the principal of the Notes at maturity or upon redemption. The Debt Service Levy shall not be less than the interest and sinking fund tax required by Article XII, Section 11 of the Ohio Constitution.
The Debt Service Levy shall be and is hereby ordered computed, certified, levied and extended upon the tax duplicate and collected by the same officers, in the same manner, and at the same

time that taxes for general purposes for each of such years are certified, extended and collected. The Debt Service Levy shall be placed before and in preference to all other items and for the full amount thereof. The funds derived from the Debt Service Levy shall be placed in a separate and distinct fund, which shall be irrevocably pledged for the payment of premium, if any, and interest on and principal of the Notes and Bonds when and as the same falls due. Notwithstanding the foregoing, if the City determines that funds will be available from other sources for the payment of the Notes and Bonds in any year, the amount of the Debt Service Levy for such year shall be reduced by the amount of funds which will be so available, and the City shall appropriate such funds to the payment of the Notes and Bonds in accordance with law.

SECTION VII. Income Tax Pledge. The City hereby covenants, pursuant to Ohio Revised Code Section 133.05(B)(7) to appropriate annually from lawfully available municipal income taxes, and to continue to levy and collect municipal income taxes adequate to produce, amounts necessary to meet the debt charges on the Notes and the Bonds in each year until full payment is made.

SECTION VIII. Sale of Notes. The Notes shall bear interest, based on a 360-day year of twelve 30-day months, payable at maturity, at such rate per annum as shall be determined by the Director of Finance and certified to this Council, provided that such rate shall not exceed 6.50% per annum. The Notes shall be sold to such purchaser or purchasers (collectively, the "Original Purchaser") as the Director of Finance shall designate in the Certificate of Fiscal Officer. The Director of Finance is authorized and directed to execute on behalf of the City a note purchase agreement, term sheet or similar document with the Original Purchaser setting forth the conditions under which the Notes are to be sold and delivered, which document shall be in such form and shall contain such terms, covenants and conditions not inconsistent with the terms of this Ordinance.

The Director of Finance is hereby authorized and directed to deliver the Notes, when executed, to the Original Purchaser upon payment of the purchase price and accrued interest, if any, to the date of delivery. The proceeds of such sale, except any accrued interest or premium thereon, shall be deposited in the Treasury of the City and used for the purpose aforesaid and for no other purpose. Any accrued interest received from the sale of the Notes shall be transferred to the City's bond retirement fund to be applied to the payment of the principal of and interest on the Notes, or other obligations of the City, as permitted by law. Any premium received from the sale of the Notes may be used to pay the financing costs of the Notes within the meaning of Ohio Revised Code Section 133.01(K) or be deposited into the bond retirement fund in the manner provided by law.

SECTION IX. Form and Execution of Notes; Payment of Notes. The Notes shall be executed by the Director of Finance and the City Manager of the City (the "City Manager"), in their official capacities, provided that either or both of their signatures may be a facsimile, and shall be designated "City of Marysville, Ohio Various Purpose Notes, Series 2025B," or as otherwise

determined by the Director of Finance. The Notes shall express upon their faces the purpose for which they are issued and that they are issued pursuant to this Ordinance.
The Notes shall be payable as to principal and interest at the office of the Note Registrar (as defined hereinbelow) in lawful money of the United States of America without deduction for the services of the Note Registrar. No Note shall be valid or become obligatory for any purpose or shall be entitled to any security or benefit under this Ordinance unless and until a certificate of authentication, as printed on the Note, is signed by the Note Registrar as authenticating agent. Authentication by the Note Registrar shall be conclusive evidence that the Notes so authenticated have been duly issued and delivered under this Ordinance and are entitled to the security and benefit of this Ordinance. The certificate of authentication may be signed by any officer or officers of the Note Registrar or by such other person acting as an agent of the Note Registrar as shall be approved by the Director of Finance on behalf of the City. It shall not be necessary that the same authorized person sign the certificate of authentication on all of the Notes.

SECTION X. Appointment of Note Registrar. The Director of Finance is hereby authorized and directed to execute on behalf of the City a Note Registrar Agreement with such bank or other appropriate financial institution as shall be acceptable to the Director of Finance and the Original Purchaser, pursuant to which such bank or financial institution shall agree to serve as authenticating agent, note registrar, transfer agent, and paying agent (the "Note Registrar") for the Notes. Interest shall be payable at maturity by check or draft mailed to the Registered Owner hereof, as shown on the registration books of the City maintained by the Note Registrar. If at any time the Note Registrar shall be unable or unwilling to serve as such, or the Director of Finance in such officer's discretion shall determine that it would be in the best interest of the City for such functions to be performed by another party, the Director of Finance may, and is hereby authorized and directed to, enter into an agreement with a national banking association or other appropriate institution experienced in providing such services, to perform the services required of the Note Registrar hereunder. Each such successor Note Registrar shall promptly advise all noteholders of the change in identity and new address of the Note Registrar. So long as any of the Notes remain outstanding, the City shall cause to be maintained and kept by the Note Registrar, at the office of the Note Registrar, all books and records necessary for the registration, exchange and transfer of Notes as provided in this Section (the "Note Register"). Subject to the provisions of this Ordinance, the person in whose name any Note shall be registered on the Note Register shall be regarded as the absolute owner thereof for all purposes. Payment of or on account of the principal of and interest on any Note shall be made only to or upon the order of that person. Neither the City nor the Note Registrar shall be affected by any notice to the contrary, but the registration may be changed as herein provided. All payments shall be valid and effectual to satisfy and discharge the liability upon the Notes, including the interest thereon, to the extent of the amount or amounts so paid.

Any Note, upon presentation and surrender at the office of the Note Registrar, together with a request for exchange signed by the registered owner or by a person authorized by the owner to do so by a power of attorney in a form satisfactory to the Note Registrar, may be exchanged for

Notes of the same form and of any authorized denomination or denominations equal in the aggregate to the unmatured principal amount of the Notes surrendered, and bearing interest at the same rate and maturing on the same date.

A Note may be transferred only on the Note Register upon presentation and surrender thereof at the office of the Note Registrar, together with an assignment executed by the registered owner or by a person authorized by the owner to do so by a power of attorney in a form satisfactory to the Note Registrar. Upon that transfer, the Note Registrar shall complete, authenticate and deliver a new Note or Notes of any authorized denomination or denominations equal in the aggregate to the unmatured principal amount of the Notes surrendered, and bearing interest at the same rate and maturing on the same date.

The City and the Note Registrar shall not be required to transfer or exchange (i) any Note during a period beginning at the opening of business 15 days before the day of mailing of a notice of redemption of Notes, and ending at the close of business on the day of such mailing, or (ii) any Notes selected for redemption, in whole or in part, following the date of such mailing.

In all cases in which Notes are exchanged or transferred hereunder, the City shall cause to be executed, and the Note Registrar shall authenticate and deliver, the Notes in accordance with the provisions of this Ordinance. The exchange or transfer shall be without charge to the owner; except that the Council and Note Registrar may make a charge sufficient to reimburse them for any tax or other governmental charge required to be paid with respect to the exchange or transfer. The Council or the Note Registrar may require that those charges, if any, be paid before it begins the procedure for the exchange or transfer of the Notes. All Notes issued upon any transfer or exchange shall be the valid obligations of the City, evidencing the same debt, and entitled to the same benefits under this Ordinance, as the Notes surrendered upon that transfer or exchange.

SECTION XI. Book-Entry System. For purposes of this Ordinance, the following terms shall have the following meanings:

"Book-entry form" or "book-entry system" means a form or system under which (i) the beneficial right to payment of principal of and interest on the Notes may be transferred only through a book-entry and (ii) physical Notes in fully registered form are issued only to a Depository or its nominee as registered owner, with the Notes "immobilized" to the custody of the Depository, and the book-entry is the record that identifies the owners of beneficial interests in those Notes.

"Depository" means any securities depository that is a clearing agency under federal law operating and maintaining, together with its participants, a book-entry system to record beneficial ownership of Notes, and to effect transfers of securities, in book-entry form, and includes The Depository Trust Company (a limited purpose trust company), New York, New York.

The Notes may be initially issued to a Depository for use in a book-entry system, and the provisions of this Section shall apply, notwithstanding any other provision of this Ordinance: (i) there shall be a single Note of each maturity; (ii) those Notes shall be registered in the name of the Depository or its nominee, as registered owner, and immobilized in the custody of the Depository; (iii) the beneficial owners in book-entry form shall have no right to receive Notes in the form of physical securities or certificates; (iv) ownership of beneficial interests in any Notes in book-entry form shall be shown by book-entry on the system maintained and operated by the Depository, and transfers of the ownership of beneficial interests shall be made only by the Depository and by book-entry; and (v) the Notes as such shall not be transferable or exchangeable, except for transfer to another Depository or to another nominee of a Depository, without further action by the Council. Debt service charges on Notes in book-entry form registered in the name of a Depository or its nominee shall be payable in same day funds delivered to the Depository or its authorized representative (i) in the case of interest, on each Interest Payment Date, and (ii) in all other cases, upon presentation and surrender of Notes as provided in this Ordinance.

The Note Registrar may, with the approval of this Council, enter into an agreement with the beneficial owner or registered owner of any Note in the custody of a Depository providing for making all payments to that owner of principal and interest on that Note or any portion thereof (other than any payment of the entire unpaid principal amount thereof) at a place and in a manner (including wire transfer of federal funds) other than as provided above in this Ordinance, without prior presentation or surrender of the Note, upon any conditions which shall be satisfactory to the Note Registrar and this Council. That payment in any event shall be made to the person who is the registered owner of that Note on the date that principal is due, or, with respect to the payment of interest, as of the applicable date agreed upon as the case may be. The Note Registrar shall furnish a copy of each of those agreements, certified to be correct by the Note Registrar, to other paying agents for Notes and to the City. Any payment of principal or interest pursuant to such an agreement shall constitute payment thereof pursuant to, and for all purposes of, this Ordinance.

If requested, the Director of Finance and City Manager, Clerk of Council or any other officer of this Council, including the Mayor, as Council President, is authorized and directed to execute, acknowledge and deliver, in the name of and on behalf of the City, an agreement among the City, the Note Registrar and a Depository to be delivered in connection with the issuance of the Notes to such Depository for use in a book-entry system.

The City may decide to discontinue use of the book-entry system through the Depository. In that event, Note certificates will be printed and delivered to the Depository.

If any Depository determines not to continue to act as the Depository for the Notes for use in a book-entry system, the City and the Note Registrar may attempt to establish a securities depository/book-entry relationship with another qualified Depository under this Ordinance. If the City and the Note Registrar do not or are unable to do so, the City and the Note Registrar,

after the Note Registrar has made provision for notification of the beneficial owners by the then Depository, shall permit withdrawal of the Notes from the Depository and authenticate and deliver note certificates in fully registered form to the assigns of the Depository or its nominee, all at the cost and expense (including costs of printing and delivering definitive Notes), if the event is not the result of action or inaction by the City or the Note Registrar, of those persons requesting such issuance.

SECTION XII. Federal Tax Law Compliance. The City hereby covenants that it will comply with the requirements of all existing and future laws which must be satisfied in order that interest on the Notes is and will continue to be excluded from gross income for federal income tax purposes, including without limitation restrictions on the use of the property financed with the proceeds of the Notes so that the Notes will not constitute "private activity bonds" within the meaning of Section 141 of the Internal Revenue Code of 1986, as amended (the "Code"). The City further covenants that it will restrict the use of the proceeds of the Notes in such manner and to such extent, if any, as may be necessary, after taking into account reasonable expectations at the time the debt is incurred, so that they will not constitute arbitrage bonds under Section 148 of the Code and the regulations prescribed thereunder (the "Regulations").

The Director of Finance, or any other officer of the City, is hereby authorized and directed (a) to make or effect any election, selection, designation, choice, consent, approval or waiver on behalf of the City with respect to the Notes as permitted or required to be made or given under the federal income tax laws, for the purpose of assuring, enhancing or protecting favorable tax treatment or the status of the Notes or interest thereon or assisting compliance with requirements for that purpose, reducing the burden or expense of such compliance, reducing any rebate amount or any payment of penalties, or making any payments of special amounts in lieu of making computations to determine, or paying, any excess earnings as rebate, or obviating those amounts or payments, as determined by the Director of Finance, which action shall be in writing and signed by the Director of Finance, or any other officer of the City, on behalf of the City; (b) to take any and all actions, make or obtain calculations, and make or give reports, covenants and certifications of and on behalf of the City, as may be appropriate to assure the exclusion of interest from gross income and the intended tax status of the Notes; and (c) to give an appropriate certificate on behalf of the City, for inclusion in the transcript of proceedings, setting forth the facts, estimates and circumstances, and reasonable expectations of the City pertaining to Section 148 and the Regulations, and the representations, warranties and covenants of the City regarding compliance by the City with Sections 141 through 150 of the Code and the Regulations.

The Director of Finance shall keep and maintain adequate records pertaining to the use and investment of all proceeds of the Notes sufficient to permit, to the maximum extent possible and presently foreseeable, the City to comply with any federal law or regulation now or hereafter having applicability to the Notes which limits the amount of Note proceeds which may be invested on an unrestricted yield or requires the City to rebate arbitrage profits to the United States Department of the Treasury. The Director of Finance is hereby authorized and

directed to file such reports with, and rebate arbitrage profits to, the United States Department of the Treasury, to the extent that any federal law or regulation having applicability to the Notes requires any such reports or rebates.

SECTION XIII. Appointment of Municipal Advisor. The appointment of Bradley Payne Advisors, LLC, to serve as municipal advisor to the City in connection with the issuance of the Notes is hereby approved. The fees to be paid to such firm shall be subject to review and approval of the Director of Finance, shall not exceed the fees customarily charged for such services, and shall be paid upon closing of the financing from proceeds of the Notes.

SECTION XIV. Appointment of Bond Counsel. The appointment of the law firm of Bricker Graydon LLP to serve as Bond Counsel with respect to the issuance of the Notes is hereby approved. The fees to be paid to such firm shall be subject to review and approval by the Director of Finance, shall not exceed the fees customarily charged for such services, and shall be paid upon closing of the financing from proceeds of the Notes.

SECTION XV. Transcript of Proceedings; Execution of Additional Documents. The officer having charge of the minutes of the Council and any other officers of the Council, or any of them individually, are hereby authorized and directed to prepare and certify a true transcript of proceedings pertaining to the Notes and to furnish a copy of such transcript to the Original Purchaser. Such transcript shall include certified copies of all proceedings and records of the Council relating to the power and authority of the City to issue the Notes and certificates as to matters within their knowledge or as shown by the books and records under their custody and control, including but not limited to a general certificate of the Clerk of Council and a no-litigation certificate of the City Manager and Director of Finance, and such certified copies and certificates shall be deemed representations of the City as to the facts stated therein. Except for the procedure for authenticating the Notes set forth in Section 9 herein, documents (including this Ordinance) executed, scanned and transmitted electronically and electronic and digital signatures shall be deemed original signatures for said transcript of the Notes, for the purposes of this Ordinance, and for all matters related thereto, with any such scanned, electronic, and digital signatures having the same legal effect as original signatures.

The City Manager and Director of Finance, or other appropriate officers of the City, are hereby authorized and directed to take such action and to execute and deliver, on behalf of this Council, such additional instruments, agreements, certificates, and other documents as may be in their discretion necessary or appropriate in order to carry out the intent of this Ordinance. Such documents shall be in the form not substantially inconsistent with the terms of this Ordinance, as they in their discretion shall deem necessary or appropriate.

SECTION XVI. Satisfaction of Conditions for Issuance. It is hereby found and determined that all acts, conditions and things necessary to be done precedent to and in the issuing of the Notes in order to make them legal, valid and binding obligations of the City have happened, been done and been performed in regular and due form as required by law; that the full faith, credit

and revenue of the City are hereby irrevocably pledged for the prompt payment of the principal and interest thereof at maturity; and that no limitation of indebtedness or taxation, either statutory or constitutional, has been exceeded in issuing the Notes.

SECTION XVII. Compliance with Open Meeting Requirements. It is hereby found and determined that all formal actions of this Council concerning and relating to the adoption of this Ordinance were taken in an open meeting of this Council, and that all deliberations of this Council and of any of its committees that resulted in such formal action, were in meetings open to the public, in compliance with all legal requirements including Ohio Revised Code Section 121.22.

SECTION XVIII. Filing of Note Ordinance. The Clerk of Council is hereby directed to forward a certified copy of this Ordinance to the Auditor of Union County, Ohio.

SECTION XIX. Effective Date. This Ordinance shall take effect and be in force at the earliest date permitted by law.

DECISION OF THE PLANNING COMMISSION

☐ Approved

☐ Disapproved

☑ Approved with conditions

The applicant shall review and decide if sheds shall be included as accessory structures permitted within the development. If so, the applicant shall update the text accordingly.
The applicant shall review the cul-de-sac and explore enlarging it to add greenspace (island) in the center of it to cut down on pavement.
The applicant shall add additional green space in the area of Lot 64.
The applicant shall review the access points in the southwest corner between lots 57 and 58 and consider moving it further south.

Michael Nickoson
Chairperson, Planning Commission

Applicant Checklist Required Documents

Digital Submittal Required: All applications require a digital (.pdf) submittal (applications, plans, renderings, text, etc.) to be considered a complete application.

	For Applicant	*For Staff Use Only*	
City Staff Meeting		**Yes**	**No**
Pre-application meeting with City Staff to discuss and review application submission materials.			

Existing Conditions Map		**Yes**	**No**
A vicinity map with a north arrow			
Location by Virginia Military Survey (VMS)			
Map outlining the following *Existing* conditions:			
Streets and right-of-ways			
Easements, railroad right-of-ways and service facilities			
Buildings or structures to be removed or demolished			
Existing natural and manmade features such as soil types, topography, including the location of the 100-year flood plain, wetlands, rivers, streams, ponds, lakes, and other water sources, and indicate if they will remain or will be removed			
Location of all vegetation, wooded areas, tree lines, hedge rows, natural areas and other features, and indicate if they will remain or will be removed			

Proposed Development Plan		**Yes**	**No**
The proposed name of the PUD, which shall not duplicate or closely approximate the name of any other PUD or subdivision in the City or County			
Map outlining the following *Proposed* conditions:			
Boundaries of the PUD/subdivision and its acreage			
Proposed streets and rights-of-way and connections to existing public infrastructure			
Proposed location and size of each subarea and their intended general uses			
General location of proposed bike paths and other trail systems and connections to existing public infrastructure			
The location of any vegetation (existing to remain or proposed) including street trees, tree lines, hedge rows, tree groupings or other vegetative areas			

Appendix A

	For Applicant	For Staff Use Only	

Development Text Requirements

A complete description of the zoning requirements for the PUD and each sub-area within the PUD, which at a minimum shall include:		Yes	No
List of permitted and conditional uses			
Minimum lot size			
Minimum lot width			
Maximum percentage of lot to be occupied			
Minimum floor area			
Minimum yard dimensions including front, rear, and side setbacks (for principal buildings, accessory buildings and off-street parking)			
Maximum height of principal buildings			
Maximum height of accessory buildings			
Maximum off-street parking and loading space requirements			

Lighting Plan

		Yes	No
Including but not limited to, light pole heights, pedestrian lighting, minimum foot-candles and maximum foot-candles			

Landscaping and Screening/Buffering Plan

		Yes	No
Including but not limited to the type, number and location of all proposed and existing landscaping			

Architectural Design Standards

		Yes	No
Indication as to the type of architectural style proposed for the development and the type and amount of materials to be used			

Appendix A

For Applicant	For Staff Use Only	

Sign Plan

	Yes	No
All signs and graphics within the PUD shall be compatible in size, location, height, material, shape, color and illumination. Information on the Sign Plan shall include:		
A sign plan for the entire PUD setting forth the design parameters for the entire project to ensure a consistent and comprehensive character throughout the project. The sign plan shall include the design, layout, and dimensions of all ground, window and wall signs as well as distances from right-of-ways and the type and intensity of the illumination.		
Signs should contribute to the overall cohesive design, reflect simplicity, and avoid visual clutter.		
The overall design and placement of buildings should take into account the general placement of signs so that all permanent signs and their associated lighting fixtures complement the appearance and architecture of the building and the PUD.		
Ground mounted signs should be designed to relate to and share common design with the building.		
All materials and colors of the sign, sign background, and sign frame should be compatible with the building's materials and colors.		

Additional Application Information

	Yes	No
Written presentation by the developer setting forth the following:		
How the development meets the proposed and specific objectives set forth in *Section 1135.01* of the Planning and Zoning Code		
How the proposed development impacts public service and facilities, including but not limited to, schools, water, sewer and traffic		
How the proposed development conforms to the City's Comprehensive Plan		

Appendix A

2

PUD INTRODUCTION, PROJECT DESCRIPTION & IMPACTS

Appendix A

Hickory Woods – Application Information

Preliminary Description of the PUD:

The Hickory Woods Development is intended to be a family-oriented, planned residential community designed with the best planning practices in mind. It will encompass approximately 100-acres located just off Boerger Road. The single-family residential land use and site friendly planning principles incorporated into Hickory Woods comply with the strategic intent of the City of Marysville Comprehensive Plan. The site incorporates the preservation of existing tree stands, a mix of traditional single-family lot sizes, and the reclaiming of the existing pond for both stormwater use and as a public amenity. High-quality architecture will add to the lasting value of this community.

Permitted and Accessory Uses:

Single-Family residential uses and customary accessory uses shall be the only uses permitted for this site.

General Lot Size Requirements:

The single-family homes in the development will have a minimum lot size of 70' x 130', and will incorporate lot diversity standards that provide lot sizes all the way up to 100' x 140'.

Density of the entire development:

Average Project Gross Density	*- +/- 1.90 Units / Acre*

Open Space (Section 1135.06):

Total Project Open Space	*±33 Acres (±33% of the total acreage) as currently shown including the improved retention pond, and ±28 acres (± 28%) subtracting the ± 5 acre pond.*

Project Description and Impacts:

Written presentation by the developer setting forth the following:

How the development meets the proposed and specific objectives set for in Section 1135.01 of the Planning & Zoning Code:

The PUD layout provides a unified approach to development that fits the site, minimizes infrastructure costs and maintains as much as 33% of the land area as open space. The project will be providing high quality single-family residences that will preserve and enhance the quality of life of Marysville residents.

In addition to the open space reserves, we have designed a series of trails to allow for pedestrian mobility and connectivity within the open spaces. The road layout provides links to the south to increase vehicular (future) connectivity as well.

Appendix A

How the proposed development impacts public services and facilities, including but not limited to, schools, water, sewer and traffic:

We have held meetings with the City Engineer and City Planner regarding these items. It was concluded that the adjoining sanitary sewer and water lines are of adequate capacity for the proposed lot count. Final confirmation of these capacities will be completed as we proceed through preliminary engineering.

Based on typical generation factors (Avg. 1.3 students per single-family household) we estimate the entire subdivision will generate ±253 children to the Marysville school district.

How the proposed development conforms to the City's Comprehensive Plan:

The current zoning of the property is ARD (Agricultural Residential. The proposed density of 1.90 units per acre is consistent with guidelines set out for the Suburban Residential District that this site is located in as described in the 2018 Marysville Comprehensive Plan.

This proposed development conforms to that plan in the following ways:

- *Provides for high quality housing*
- *Provides parks, open space reserves and pedestrian mobility*
- *Provides detached single family residential homes*
- *Utilizes principles of Cluster/Open space design, with smaller lots and as much as 33 % open space preserves*

3

DEVELOPMENT STANDARDS TEXT

Appendix A

Hickory Woods
Planned Unit Development

Development Standards Text:

In conformance with Section 1135.15 of the City of Marysville Planning and Zoning Code, the applicant is filing an application for Development plan. The following development standards text and zoning exhibits are to be considered part of the application for Development Plan and shall establish the minimum requirements for the development of the property. The development standards text may reference or incorporate various sections of the City of Marysville Planning and Zoning Code, and the codified ordinances of the City of Marysville shall apply except as otherwise provided herein. Where there is a conflict, or difference, between the provisions established in the Hickory Woods PUD Development Standards text or Development Plans and the codified ordinances of the city, the provisions of this PUD Development Standards text and Development Plans shall prevail.

The Hickory Woods PUD will be dedicated to the construction of single-family homes marketed towards families and young professionals who wish to reside in the City of Marysville. The development will be governed by its own homeowner's association (HOA) and restrictive covenants. The specific development text requirements, as well as the general development text requirements for the entire development, are outlined as follows:

A. Permitted and Accessory Uses

The following permitted and accessory uses and structures are established for the Hickory Woods PUD:

1. **Permitted Uses and Structures**
   The following principal uses and structures shall be permitted within this PUD:
   a) Single-family residences.
   b) Open spaces and open space uses as defined in Section A3.

2. **Accessory Uses and Structures**
   The following accessory uses and structures shall be permitted within this PUD:
   a) Decks and patios are permitted accessory structures.
   b) Trellises, pergola's, gazebo's or other garden structures are permitted in the rear yard of any lot provided such structures meet the approval of the HOA.
   c) Play structures shall be permitted in the rear yards only provided that such structures are assembled from permanent durable materials and meet the approval of the HOA.
   d) Sheds, not exceeding 200 square feet, are approved as an accessory structure subject to the approval of the HOA.

e) Fences shall be permitted in the rear yard only, subject to the approval of the Hickory Woods HOA, provided such fences meet the following:
   (1) The use of chain link fencing shall be prohibited
   (2) Fences shall not exceed 72" in height
   (3) Acceptable fencing types and materials include 3 and 4-rail horse fences in wood and vinyl, wood, vinyl, and aluminum picket, and decorative privacy fence in wood or vinyl. Aluminum picket fences shall have a top rail and shall not contain sharp pickets or projections.
   (4) Rail fences used for pet containment may be permitted to include an attachment of black vinyl coated 2x2 or 2x4 wire mesh to the inside of the fence.

3. **Open Space Uses:**
The following uses and structures shall be permitted within the open spaces of this development, but are not required:
   a) Trails (paved and unpaved)
   b) Benches and Seating
   c) Community pavilions / shelters
   d) Tot-lots and play structures
   e) Dog parks
   f) Gardens
   g) Other similar or appropriate uses subject to the approval of the City of Marysville

4. **Prohibited Uses:**
All uses not described above as permitted Principal or Accessory uses shall be prohibited within this PUD.

B. Site Development Standards

The following standards establish the minimum site development requirements for this PUD:

1. **Maximum Number of Units:** A total of 190 single-family houses shall be permitted within this PUD.

2. **Maximum Density:** A maximum of ±1.90 Dwelling units per acre is being proposed for this PUD

3. **Minimum Lot Size:** Lots within this development shall be a minimum of 70' wide and 130' deep. The development shall incorporate a variety of lot sizes within the community including 70', 75', 80', 90' and 100+' wide lots, as shown on the Preliminary Development Plan Exhibit.

4. **Maximum Lot Coverage:** The maximum lot coverage for all lots shall be 55% as defined by the City of Marysville Zoning Code.

5. **Minimum lot setbacks:**

The minimum lot setbacks are as follows:

a) Front yard setback: 25' from the right-of-way from main facade.

b) Side yard setbacks:

i. Lots from 70' to 90' in width - 6' from each side lot line

ii. Lots from 90' to 100' in width - 8' from each side lot line

iii. Lots 100'or more in width - 10' from each side lot line

c) Rear yard Setback: 25' from the rear lot line.

d) Exceptions: The following exceptions to the setbacks established above shall be permitted within this PUD.

i. For corner lots, the front setback on the secondary street shall be 20' from the right-of-way. The secondary street shall be defined as the street facing the side of the home.

ii. Front stoops and porches shall be permitted within the front yard setback to allow better interaction between the porch and the public realm.

iii. Cantilevered fireplace chases, cantilevered condensing units, window wells, eves and overhangs shall be permitted to extend a maximum of 2' in the side yards.

iv. Above ground decks shall be permitted to encroach a maximum of 10' into the rear yard setback subject to the approval of the HOA, but shall not be permitted to encroach into the required side yard setbacks.

v. At-grade patios shall be permitted within all side or rear yard setbacks provided that such patios maintain a minimum distance of 5' from any property line, and do not include any walls or other structures within the setback encroachment.

vi. Trellises, pergolas, gazebos, or other garden structures are permitted in the rear yard of any lot provided such structures maintain a minimum 5' setback from any side or rear property line.

vii. Play structures shall be permitted in the rear yards only and shall be set back a minimum of 5 feet from any side or rear property line.

6. **Minimum floor area:** The minimum livable floor area for single-family homes shall be measured exclusive of the garage or basement, and shall be as follows:

a) 1,800 square feet for a two-story dwelling unit

b) 1,500 square feet for a single-story dwelling unit

7. **Maximum height of buildings:**

Building height shall be measured as defined in the City of Marysville Planning and Zoning Code, and the maximum height for structures shall be as follows:

a) Principal buildings: No single-family home shall be erected or enlarged to exceed 2-½ stories or 35 feet above grade.

b) Accessory buildings / structures (as defined above in A(2)): 15 feet maximum.

8. **Minimum parking requirements**
Each dwelling unit shall provide a minimum 2-car garage and 2 driveway spaces.

9. **Streets:**
The following standards shall be applied for all streets within the Hickory Woods Development:

a) A 5' concrete sidewalk shall be installed on both sides of the public streets throughout the development. All tree lawns shall be a minimum of 9' wide in accordance with the city's typical street section.

b) Sidewalks are required to connect the front door, driveway, and street sidewalk.

c) Lot numbers 2 through 19 shall have vehicular access provided via a private alley located at the rear of the lots. No lots shall be permitted driveway access to Boerger Road.

d) Street Trees: Street trees shall be installed on both sides of the public streets throughout the development as shown on the site landscape plans, Exhibit B-1. Street trees shall be provided in accordance with Section 1125.06. Tree lawns shall be a minimum of 9' in accordance with Marysville standards. Trees shall be spaced in accordance with Marysville standards, and spacing shall be coordinated with the locations of driveways, street signs, utilities and hydrants, and street lights. Species shall be selected from those meeting the definition of "large" trees and shall be selected from the City's approved Street Tree Species list.

10. **Landscaping / Existing Trees / Buffers:** Except where noted in this development text, and on the approved development plan exhibits, all landscaping shall be in accordance with the requirements of Marysville City Code chapter 1125. The following landscape standards will be required / approved for Hickory Woods:

a) It is the intent of the developer to maintain the existing trees along all property lines, and within the large tree stands on the site. The developer expects some impacts to existing trees along lots 138-141. All existing trees meeting the tree preservation requirements of the City of Marysville, within the buildable areas (outside of the lot setbacks) of lots 138-141, shall be considered removed and shall be replaced on site in accordance with the City of Marysville replacement schedule (see landscape exhibits). All trees meeting the preservation

requirements, within the side and rear yard setbacks of those lots, or any other lots, shall be tagged for preservation and any such trees removed by the builder shall be replaced by the builder per the city's replacement schedule on the lot from which it was removed.

b) Any portion of a developed lot upon which a building or driveway is not constructed shall be landscaped with lawn as a minimum. Those areas designated as landscape buffers, tree lawns, entry features or other landscape features shall be maintained meeting the minimum standards in Marysville City Code Chapter 1125.08 or as thereafter amended.

c) All homes shall have foundation plantings across the frontage of the home at a minimum.

d) Quality: all plant materials used in conformance with the provisions of this text shall conform to the standards of the American Association of Nurserymen and shall have passed any inspection required under state regulations.

10. **Trash Collection:** The single-family homes shall have individual trash collection using standard rolling collection bins. No dumpsters or community compactors are proposed within this PUD.

11. **Mailboxes**: Mail delivery for the development shall be provided through the use of Cluster Maibox Units, location and final design to be approved by the Postmaster for this area, as required for all new residential developments. All mailbox locations shall have temporary pull-off parking spaces located adjacent to the mailboxes as indicated on the plans. Conceptual location and design of Cluster Mailbox Units are included with the Development Plans, Exhibits B1 and C2.

C. Architectural Standards

The following standards establish the minimum architectural requirements for the Hickory Woods PUD:

1. Color Palette:

A variety of siding colors are encouraged throughout the development to help provide for diversity and richness in architectural design. Neon or florescent colors are prohibited for any exterior surface of the home. Accent colors are permitted for building accent features only such as doors, trim, etc. Garage doors are permitted to be accent colors consistent with the architectural theme of the home.

2. Façades / Porches:

The following standards shall apply to all homes within the Hickory Woods PUD

a) Completely blank facades, devoid of windows or doors, shall not be permitted on any exterior elevation of the home.

b) All homes shall have a front porch or front stoop, appropriate to the architectural style of the home, which shall be a minimum of 6’ deep.

c) If a home is constructed with a front porch deck, it shall not have an uncovered space below the deck. Porches that do not utilize brick / stone walls for screening shall have decorative lattice or framing to conceal the view underneath the porch.

d) Window Muntins – All exterior windows facing a street, or a walkable pathway, shall have window muntins in at least the top pane of the windows.

3. Exterior Materials:

Only the following exterior cladding materials shall be approved for use on all principal structures within the Hickory Woods PUD.

a) Exterior cladding materials may include: Stone, Cultured Stone, Brick, Brick Veneer, Wood Siding, Engineered Wood Siding (LP Smart Siding or approved equal), Composite Cement siding (Hardie Board or approved equal), or polymer composite siding (Everlast or equal). Siding is permitted to have the following profiles:

i. 4.5” and 5" Ship Lap, Dutch Lap
ii. Molded to replicate board and batten vertical siding
iii. Molded to replicate wood shakes

b) Vinyl or wood shutters, trim, and soffit.

c) The use of aluminum as an exterior material is limited to gutters, fascia, window frames, and vented soffit.

3. Roofs:

a) Main pitched roofs with gables or hips at ends shall have a minimum slope of 6:12.

b) Only the following roof materials shall be permitted within the Hickory Woods subdivision.
i. Minimum 30-year dimensional shingles.
ii. Standing seam metal with minimum 50-year paint warranty.
iii. Metal shingles and shakes
iv. Cedar shingles and shakes
v. Composite shingles and shakes
vi. Concrete shingles and shakes
vii. Slate

4. Garages:

a) Side loaded garages are encouraged where lot width and conditions permit, such as corner lots.

b) Garage doors shall incorporate either windows, decorative hardware, or both.

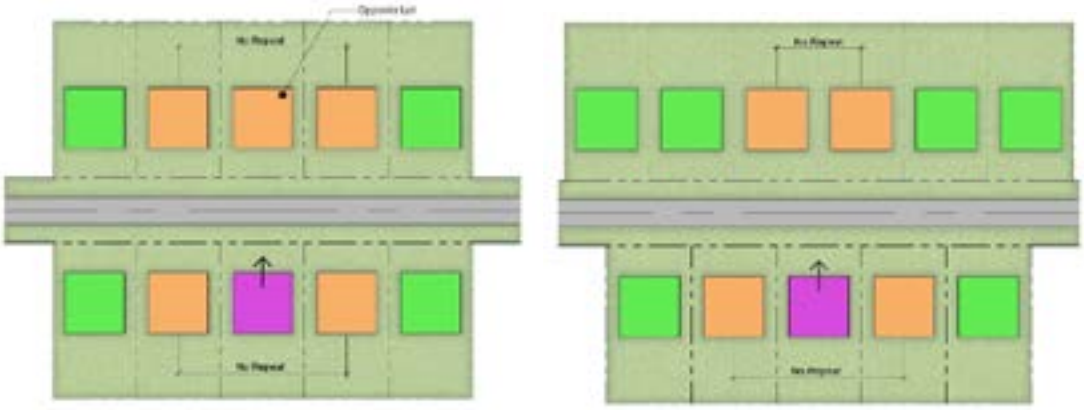

c) On lots 75’ or wider, the face of the garage shall be set back a minimum of 6’ from the face of the house. On lots under 75’ in width, garages are permitted to be even with the front of the house, but the front porch or stoop shall still be required to protrude past the face of the garage.

5. Design Review

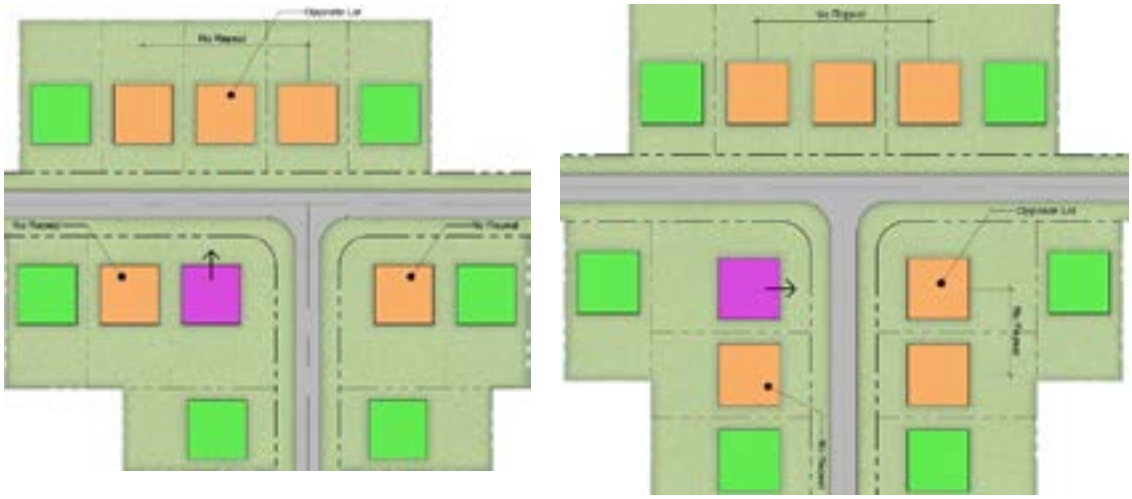

As the desire for the development is to allow multiple builders to construct custom / semi-custom homes throughout the development, it is the intent of the developer to establish architectural / style guidelines for the development that each builder will be responsible for meeting. The developer will provide an internal design review board, and will review and approve all site plans, and architectural elevations for each lot, prior to any lot / permit being submitted for approval by the City of Marysville.

6. Architectural Diversity:

The development is required to maintain a diversity of homes, elevations, and colors throughout the development. While similar home footprints / floor plans may be duplicated, front elevations meeting the proximity standards established herein shall be required to vary either in architectural style, or in materials, details, and color. No home elevation may be repeated on either home directly adjacent on the same side of the street, on the closest two homes on the opposite side of the street where houses offset, or within a home directly opposing and each home on either side of a directly opposing home. The following diagrams are intended as a guide to indicate the proximity standards where elevations are required to be varied:

Appendix A

D. Lighting

a) All site lighting shall meet the requirements of the City of Marysville Planning and Zoning Code.

b) Landscape lighting may be provided at the main project entry to include lighting for the proposed sign.

c) At edge of property, all light fixtures must be designed/located to eliminate spillage onto adjacent property.

Overall Development:

A. Overall Site Development Standards

1. Signs permitted

Except as otherwise noted herein, and as shown on the approved development plan exhibits, the Marysville Sign Code (section 1129) shall apply to the Hickory Woods PUD.

a) To help establish an individual sense of project identity, the Hickory Woods development shall be permitted one free standing monument at each main entry/exit to the development located on Boerger Road as indicated in the Landscape Details, Exhibit B3.

b) Monument signs shall be placed in a landscaped area as shown on the Landscape Details, Exhibit B2.

2. Open space / sidewalks

Open space for the Hickory Woods PUD will be dedicated to, owned by, and maintained by the Hickory Woods Homeowners Association and shall generally be configured as follows:

a) Based on requirements outlined in Marysville City Code Section 1135.06, open space shall be a minimum of 10% of the gross acreage, which for this

development would be ±10.01 acres. The attached development plan for Hickory Woods is proposing a variety of open space areas totaling approximately ±33 Acres (33%), which are composed primarily of pocket parks, woodland preserves, and the retention pond and path / seating areas surrounding the pond. The approximate open space subtracting the ± 5 acre pond would be ± 28 acres.

b) The applicant will install natural paths through the wooded area for the enjoyment of the residents. Paths shall generally be as indicated in the development plans, and shall be routed to avoid removal or disturbance of existing trees.

c) A 5' Sidewalk will be provided on both sides of the street as indicated on the development plans. All tree lawns shall be a minimum of 9' in accordance with the City of Marysville typical street sections.

d) All homes within the development shall have a minimum 4' wide sidewalk connecting the front porch / stoop of the home to the public street sidewalk. Homes fronting on Boerger Road shall be exempt from this requirement.

e) Within the retention pond, a minimum of 1 fountain or aerator shall be installed to prevent water stagnation and to provide visual appeal.

3. Project Phasing

The developer may construct the project in several phases depending on market timing and engineering considerations.

B. Divergences from General Code Items

The following divergences, identified above in the development standards text, are requested for approval as part of the Hickory Woods PUD.

1. Divergences from the General Standards:

None Requested
