**NATIONAL CITY TRAFFIC SAFETY COMMITTEE
AGENDA REPORT FOR AUGUST 13, 2025**

ITEM NO. 2025-11

ITEM TITLE: REQUESTING INSTALLATION OF TWO (2) PARALLEL “15-MINUTE” PARKING SPACES IN FRONT OF MY SUPER SWEET FAMILY DAYCARE LOCATED AT 2110 L AVENUE TO PROVIDE PARKING FOR CUSTOMERS

PREPARED BY: Carlos Perdomo, Civil Engineering Technician
Engineering & Public Works Department

DISCUSSION:

Ms. Maria Miranda, owner of My Super Sweet Family Daycare (Child Care), located at 2110 L Avenue, has requested the installation of two limited parking spaces in front of her property. Ms. Miranda stated that the unrestricted parking spaces currently located in front of her property are frequently occupied by vehicles from the apartments across the street; and parents temporarily park their vehicles in the middle of the road in order to drop off or pick up their kids from the Child Care. Ms. Miranda also stated that installing two limited parking spaces in front of her property will allow the parents to safely drop off and pick up their kids.

Staff visited the site and confirmed that the Child Care is located in a residential area. The 2100 block L Avenue is a 2-lane local roadway with parallel unrestricted parking on both sides of the street. Staff confirmed that the Child Care has a driveway that can accommodate one vehicle. In addition, staff confirmed that there is a manual gate located at the driveway. During the site visit, it was noted that most of the parallel unrestricted parking spaces around the property were occupied by vehicles. Based on staff's due diligence, it was determined that the Child Care hours are 6 a.m. to 6 p.m., Monday through Friday.

It shall be noted that per National City Municipal Code Section 11.32.190 - Curb Markings, Green curb parking zones allow for stopping, standing or parking for no longer than fifteen or thirty minutes, as marked or signed. The parking restriction is valid any time between seven a.m. and six p.m. of any day except Sundays and holidays, unless otherwise indicated on posted signage. If the request receives final approval, the staff recommends requiring the resident to pay the fee of \$800 for the work performed by Public Works since it will benefit the single business.

STAFF RECOMMENDATION:

Staff recommends the installation of two, 15-minute, parallel green curb parking spaces in front of My Super Sweet Family Daycare for the hours of 6:30am to 8:30am and 4:00pm to 6:00pm, Monday through Friday.

Dear Sir/Madame:

The City of National City would like to invite you to our next public Traffic Safety Committee Meeting scheduled for **Wednesday, August 13, 2025, at 2:00 P.M.** in the 2nd Floor Large Conference Room of the Civic Center Building, 1243 National City Boulevard, to discuss the above-referenced item.

The City Hall is ADA-compliant. There are two disabled persons parking spaces in front of City Hall on the east side of National City that provide direct access on the 2nd Floor of City Hall via a pedestrian bridge.

If you have any questions, comments, and/or concerns, please contact the Engineering Department at 619-336-4380 and reference Traffic Safety Committee Item Number 2025-11.

Sincerely,

NATIONAL CITY TRAFFIC SAFETY COMMITTEE
AGENDA REPORT FOR AUGUST 13, 2025

ITEM NO. 2025-12

ITEM TITLE: REQUEST FOR INSTALLATION OF A BLUE CURB DISABLED PERSONS PARKING SPACE WITH SIGNAGE IN FRONT OF THE RESIDENCE AT 402 RACHAEL AVENUE

PREPARED BY: Carlos Perdomo, Engineering Technician – Civil
Engineering & Public Works Department

DISCUSSION:

Ms. Petra Becerra, resident of 402 Rachael Avenue, has requested a blue curb disabled persons parking space in front of her residence. The residence is located at the southwest corner of Rachael Avenue and E. 4th Street. The resident possesses a valid disabled persons placard from the California Department of Motor Vehicles. Ms. Becerra stated that sometimes it is difficult for her to find parking in front of her residence; therefore, a disabled persons parking space in front of her residence would provide safer access to her house.

Staff visited the site and observed that Ms. Becerra residence does not have a garage but does have a driveway. The driveway, however, is located at the west side of the property with no ADA accessible path of travel.

Currently, there is one existing on-street handicap parking space provided in the immediate vicinity of the area: 1) 405 Rachael Avenue (approved per TSC Item 2022-05). Per National City Disabled persons parking zone requirements, the total number of blue curb disabled persons parking spaces (including the proposed space in front of 402 Rachael Avenue) would not exceed 4% of the total number of on-street parking spaces available in the area.

Chapter 11.32.225 of the National City Municipal Code is used to evaluate requests for disabled persons parking spaces. The City's Disabled persons parking zone requirements for Special Hardship Cases are as follows:

1. Applicant (or guardian) must be in possession of valid license plates or placard for "disabled persons" or "disabled veterans". *Ther condition is met.*
2. The proposed disabled parking space must be in front (or side if on a corner lot) of the applicant's (or guardian's) place of residence. *Ther condition is met.*
3. The residence must not have useable off-street parking available or an off-street space available that may be converted into disabled parking. *Although there is usable off-street parking in the rear yard of the property, there is no ADA accessible path of travel. Therefore, the condition is met.*

It shall be noted that disabled persons parking spaces do not constitute "personal reserved parking" and that any person with valid "disabled persons" license plates or placards may park in handicap spaces.

Please see attached exhibit for the location of existing blue curb disabled persons parking spaces within a 4-block radius from the proposed location for the request.

STAFF RECOMMENDATION:

Since all three conditions of the City's Disabled persons parking zone requirements for Special Hardship Cases is met, staff recommends the installation of a blue curb disabled persons parking space with signage.

**NATIONAL CITY TRAFFIC SAFETY COMMITTEE
AGENDA REPORT FOR AUGUST 13, 2025**

ITEM NO. 2025-13

ITEM TITLE: **REQUEST FOR INSTALLATION OF RED CURB “NO PARKING” AT THE INTERSECTION OF PALM AVENUE AND E. 11TH STREET TO ENHANCE VISIBILITY AT THE INTERSECTION**

PREPARED BY: Ricardo Rodriguez, Assistant Engineer – Civil
Engineering & Public Works Department

DISCUSSION:

Mrs. Stella Rodriguez, resident of 1640 E 11th Street, has requested a red curb “No Parking” at the north east corner of the intersection of Palm Avenue and E 11th Street. Mrs. Rodriguez stated that visibility is impacted when vehicles are parked along the east side of Palm Avenue, making the intersection dangerous.

Staff visited the site and observed that Palm Avenue is a two-way collector road with parking on both sides and a posted speed limit of 30 mph, and E 11th Street is a residential street with parking on both sides and a speed limit of 25 mph. During the site evaluation, staff confirmed the presence of red curb “No Parking” on the southeast corner of the intersection along Palm Avenue. Staff was also able to confirm the visibility issue for vehicles turning left from E 11th Street on to Palm Ave.

STAFF RECOMMENDATION:

Based on the evaluation of existing conditions, staff recommends the installation of 14 feet of red curb “No Parking” at the north east corner of the intersection of Palm Avenue and E 11th Street, along the west side of Palm Avenue. This will allow for the on-street parking space to remain.

**NATIONAL CITY TRAFFIC SAFETY COMMITTEE
AGENDA REPORT FOR AUGUST 13, 2025**

ITEM NO. 2025-14

ITEM TITLE: **REQUEST FOR THE INSTALLATION OF RED CURB “NO PARKING” AT THE INTERSECTION OF HARBISON AVENUE AND 7TH STREET TO ENHANCE VISIBILITY FOR VEHICLES EXITING 7TH STREET ONTO HARBISON AVENUE**

PREPARED BY: Luca Zappiello, Associate Engineer - Civil Engineering & Public Works Department

DISCUSSION:

James Nethers, a local resident, has requested the installation of red curb "No Parking" signs at the intersection of Harbison Avenue and E. 7th Street to improve visibility for vehicles exiting E. 7th Street onto Harbison Avenue. Mr. Nethers stated that parked vehicles on the west side of Harbison Avenue, near the intersection with E. 7th Street, create visibility issues, making it difficult for vehicles exiting E. 7th Street to safely enter Harbison Avenue. He also provided a petition signed by 62 people acknowledging the visibility constraints for vehicles exiting E. 7th Street to enter Harbison Avenue. A copy of the petition is included with the report.

Staff performed a site evaluation. E. 7th Street and Harbison Avenue are currently 2-lane roadways with parking available on both sides of the streets. The intersection is currently stop controlled for eastbound traffic on E. 7th Street. The posted speed limit on Harbison Avenue is 30 mph. Staff confirmed that there is no red curb on Harbison Avenue at the intersection. Staff evaluated line of site for vehicles attempting to exit E. 7th Street onto Harbison Avenue and confirmed that it is difficult for drivers to see oncoming traffic when vehicles are parked too close to the intersection. Additionally, there are visibility issues for eastbound traffic exiting E. 7th Street onto Harbison Avenue due to the electrical power poles located on the northwest and southwest corner of the intersection.

To improve visibility at the intersection, and with over 62 individuals signing the petition acknowledging the visibility issues, staff recommends the following improvements:

- installing 40 feet of red curb “No Parking” on the west side of Harbison Avenue, north of E. 7th Street.
- installing 60 feet of red curb “No Parking” on the west side of Harbison Avenue, south of E. 7th Street. This will extend the existing red curb, which currently reaches the intersection of Harbison Avenue and 8th Street.

Staff also reviewed the traffic collision history for this location, which confirmed there were no “reported” traffic collisions within the past four years.

STAFF RECOMMENDATION:

Based on evaluation of existing conditions, staff recommends the following safety enhancements:

- installing 40 feet of red curb “No Parking” on the west side of Harbison Avenue, north of E. 7th Street. This will result in the loss of one (2) on-street parking space;
- installing 60 feet of red curb “No Parking” on the west side of Harbison Avenue, south of E. 7th Street. This will extend the existing red curb, which currently reaches the intersection of Harbison Avenue and 8th Street. This will result in the loss of three (3) on-street parking space;

Dear Recipient:

Request to paint curb Red "No Parking" at the E. 7th St. and Harbison Ave. intersection approximately two cars length (west side of Harbison at E. 7th St.).

Video provided.

Note: When exiting E. 7th St., turning onto Harbison Ave., parked cars cause a dangerous blind exit, making it impossible to see oncoming traffic moving at full speed. There have been accidents at the E. 7th St. and Harbison Ave. intersection. I spoke with several garbage truck drivers, and they stated that when autos are parked on the west side of Harbison Ave. at E. 7th St., they must go into the oncoming lane to avoid side swiping parked cars, making it difficult to turn. MTS busses, USPS postal carriers, Amazon, UPS, street sweepers, police, and emergency vehicles also find it difficult to turn from E. 7th St. onto Harbison Ave.

Please consider the safety of drivers who are currently forced to risk injury due to car collisions when exiting E. 7th St and turning onto Harbison Ave. Crashes at this intersection can be prevented by painting the curb Red "No Parking" at the E. 7th St. and Harbison Ave. intersection approximately two cars length (west side of Harbison at E. 7th St.).

Thank you,

James Nethers

Subject: TRAFFIC SAFETY COMMITTEE (TSC) ITEM NO. 2025-14

**REQUEST FOR THE INSTALLATION OF RED CURB “NO PARKING” AT
THE INTERSECTION OF HARBISON AVENUE AND 7TH STREET TO
ENHANCE VISIBILITY FOR VEHICLES EXITING 7TH STREET ONTO
HARBISON AVENUE.**

Dear Sir/Madame:

The City of National City would like to invite you to our next public Traffic Safety Committee Meeting scheduled for **Wednesday, August 13, 2025, at 2:00 P.M.** in the 2nd Floor Large Conference Room of the Civic Center Building, 1243 National City Boulevard, to discuss the above-referenced item.

The City Hall is ADA-compliant. There are two disabled persons parking spaces in front of City Hall on the east side of National City that provide direct access on the 2nd Floor of City Hall via a pedestrian bridge.

If you have any questions, comments, and/or concerns, please contact the Engineering Department at 619-336-4380 and reference Traffic Safety Committee Item Number 2025-14.

Sincerely,

Stephen Manganiello
Director of Public Works/City Engineer
