Agenda Caption:

Receive a presentation and update regarding the Parks, Recreation, and Open Space Master Plan.

Background:

City Council is committed to fostering a healthy, safe, and engaged community. During the June 2025 strategic planning session, City Council identified enhancing our parks and park programming as a priority.

The Parks, Recreation, and Open Space Master Plan, adopted in 2020, provides a framework for evaluating the city's park system, prioritizing park infrastructure and programming. The Master Plan serves as a 10-year guiding document, which is routinely updated at the end of each 10-year cycle. The city is currently in the fifth year of the existing plan.

City Council and the Parks Advisory Board will receive a presentation on the plan.
