CITY OF FAIRBORN
COUNCIL MEETING
June 2, 2025, at 6:00 p.m.
Council Chambers

COUNCIL MEMBERS	Present	Absent
Dan Kirkpatrick, Mayor	☒	☐
Clint Allen, Councilman	☒	☐
Sylvia Chess, Councilwoman	☐	☒
Adam Fritzsche, Councilman	☒	☐
Rodney McCubbins, Councilman	☒	☐
Mary Reaster, Deputy Mayor	☒	☐
Tana Stanton, Councilwoman	☒	☐

Councilman Allen moved to excuse Councilwoman Chess from the meeting. Councilwoman Stanton seconded. Voice Vote. Motion carried. Mayor Kirkpatrick excused Councilwoman Chess from the meeting.

STAFF MEMBERS PRESENT

L. Adkins, Browning, E. Gay, Gebhart, McNamee, and Taylor.

Everyone stood for the Pledge of Allegiance and a moment of silence.

APPROVAL OF MINUTES

Deputy Mayor Reaster moved to approve the May 19, 2025, Work Session Meeting Minutes. Councilman Allen seconded. Voice Vote. Motion carried. Mayor Kirkpatrick declared the minutes approved as written.

Councilman McCubbins moved to approve the May 19, 2025, Regular Council Meeting minutes. Councilwoman Stanton seconded. Voice Vote. Motion carried. Mayor Kirkpatrick declared the minutes approved as written.

PRESCHEDULED BUSINESS

Mayor Kirkpatrick read a proclamation declaring June as Pride Month in the City of Fairborn. Councilwoman Stanton and Susan Hieber accepted the proclamation on behalf of the entire Fairborn Community Pride Planning Group. The group is comprised of Fairborn residents and business owners who believe passionately in our annual theme, "No worries, everyone is welcome here." The 2025 Fairborn Community Pride 5K and celebration will be on Saturday, June 21, 2025, at Community Park Amphitheater. The 5K and Fun Walk begins at 8:00 a.m. and the Pride Celebration with vendors, resources, food trucks and live performances runs from 10:00 a.m. to 2:00 p.m. She sent a special

shout out to Tiffany Clark who designed the 2025 Pride T-Shirt. She thanked all the volunteers and organizations involved in spreading their message that everyone is welcome here.

Ryan William, Fire Chief, read a brief summary of the history of Josh Lawrence and Pat Ricketts throughout their continuing 25 years of employment with the City of Fairborn. He presented each with their 25-year milestones.

Hilary Browning, Finance Director, recognized Christy Lawless, the Lead Revenue Clerk for the City of Fairborn with her 10-year milestone. Christy has 10 years with the City of Fairborn and before that she was a public servant with Montgomery County, Ohio. Christy brings wonderful dedication to the department. Christy leads with fire, passion, and heart.

OLD BUSINESS

ORDINANCE 12-25 AUTHORIZING THE SALE OF SURPLUS PARCELS OWNED BY THE CITY OF FAIRBORN KNOWN AS 125 W. MAIN STREET AND ITS ADJACENT PARCELS TO THE FAIRBORN DEVELOPMENT CORPORATION (FDC).

Deputy Mayor Reaster motioned to read Ordinance 12-25 for the second time by title only. Councilman Fritzsche seconded. Voice Vote. Motion carried. Mike McNamee, City Solicitor, read Ordinance 12-25 by title only.

Matt Halpin, Downtown Revitalization Specialist, explained Ordinance 12-25 is for the transfer of 125 W. Main Street or more commonly known as the old Fifth Third Bank Building and the associated parcels to the Fairborn Development Corporation. The purpose of doing so is to expedite redevelopment and revitalization of the downtown area by placing these buildings and properties on the market and getting them out to the private sector. He reviewed the background of the Fairborn Development Corporation. The property in question is 125 W. Main Street. The building itself was constructed in 1962 and purchased by the City in 2019 for $250,000. At that time, it was on the market and listed for $400,000. It previously operated as the Fifth Third Bank Building. It is adjacent to Main Street Commons, and it is between Wright and Grand Avenues. He highlighted the parcels that were included. There is a parcel at 119 W. Main Street and one on Wright Avenue. He pointed out this does not include the city-owned property parking lot to the north, and it does not include Main Street Commons. The total appraised value for the property is $692,000, but the property itself can't receive a Certificate of Occupancy without repair or replacement of the elevator. With that in mind the property will be listed with HRI Commercial Realty and listed at $440,000 to reflect the needed repairs to the building and other critical upgrades. Staff recommends approval of Ordinance 12-25.

Mayor Kirkpatrick opened the public hearing.

Mayor Kirkpatrick closed the public hearing.

Councilman Allen stated the FDC is the business arm of the City in trying to stay within the Economic Development Plan and the Strategic Plan. He wanted to share that point with everyone.

Councilwoman Stanton stated she is happy to see them do this.

Deputy Mayor Reaster moved to waive the rule requiring that Ordinances be read on three separate occasions and Ordinance 12-25 be read for the third time by title only. Councilwoman Stanton seconded. Yeas, six: Reaster, Stanton, Allen, Fritzsche, McCubbins and Kirkpatrick. Nays, none. Motion carried. Mike McNamee, City Solicitor, read Ordinance 12-25 by title only.

Councilman McCubbins moved to adopt Ordinance 12-25. Councilman Allen seconded. Yeas, six: McCubbins, Allen, Fritzsche, Reaster, Stanton, and Kirkpatrick. Nays, none. Motion carried. Mayor Kirkpatrick declared Ordinance 12-25 duly adopted.

ORDINANCE 13-25 AN ORDINANCE PROVIDING FOR THE ISSUANCE AND SALE OF NOTES IN THE MAXIMUM PRINCIPAL AMOUNT OF $1,760,000, IN ANTICIPATION OF THE ISSUANCE OF BONDS, FOR THE PURPOSE OF PAYING THE COSTS OF IMPROVING THE CITY'S PUBLIC ROADWAY SYSTEM.

Councilwoman Stanton motioned to read Ordinance 13-25 for the second time by title only. Deputy Mayor Reaster seconded. Voice Vote. Motion carried. Mike McNamee, City Solicitor, read Ordinance 13-25 by title only.

Hilary Browning, Finance Director, stated pursuant to last week's work session we have a debt issuance, and it is for the Valle Green TIF. We are issuing a short-term bond anticipation note for the Valle Green TIF for the Spangler Road improvements and the 675 Corridor TIF. This will pay off the remaining principal of that BAN so that they can reissue it. We have $1,836,400 that has rolled over from prior years. We have made a substantial paydown since then and our new BAN will be issued for $1,706,000. We have put significant effort into making mandatory paydowns over the last three years in regard to this TIF specifically. We will issue $1,706,000 moving forward. She noted in the prior year's issuance last year for the 2024 issuance B they had some curb and sidewalk debt that was issued, and we have opted to pay for that debt service inhouse so this amount also reflects that lower amount of us not issuing that type of debt any longer. Staff recommends approval of Ordinance 13-25.

Mayor Kirkpatrick opened the public hearing.

Mayor Kirkpatrick closed the public hearing.

Councilman McCubbins stated the City has done such an excellent job of managing their finances that this year when Moody's re-evaluated our municipal bond rating, we saw an increase and that is a very good thing. Rest assured that we take these finance issues very seriously and that is evidence of what a good job the Finance Department is doing.

Councilman Fritzsche moved to waive the rule requiring that Ordinances be read on three separate occasions and Ordinance 13-25 be read for the third time by title only. Councilman McCubbins seconded. Yeas, six: Fritzsche, McCubbins, Allen, Reaster, Stanton, and Kirkpatrick. Nays, none. Motion carried. Mike McNamee, City Solicitor, read Ordinance 13-25 by title only.

Councilwoman Stanton moved to adopt Ordinance 13-25. Councilman Allen seconded. Yeas, six: Stanton, Allen, Fritzsche, McCubbins, Reaster 'and Kirkpatrick. Nays, none. Motion carried. Mayor Kirkpatrick declared Ordinance 13-25 duly adopted.

NEW BUSINESS

ORDINANCE 14-25 AUTHORIZING THE CITY MANAGER TO ENTER INTO A PURCHASE AGREEMENT WITH BT3 RENOVATIONS, LLC FOR THE PROPERTIES LOCATED AT 223 MARCHMONT DRIVE, 445 ORVILLE STREET AND 1025 S. MAPLE.

Deputy Mayor Reaster motioned to read Ordinance 14-25 for the first time by title only. Councilman McCubbins seconded. Voice Vote. Motion carried. Mike McNamee, City Solicitor, read Ordinance 14-25 by title only.

Mayor Kirkpatrick set the public hearing of Ordinance 14-25 for Monday, June 16, 2025.

RESOLUTION 16-25 RESOLUTION TO AUTHORIZE THE SUBMITTAL OF THE HUD COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) 5-YEAR CONSOLIDATED PLAN.

Councilwoman Stanton motioned to read Resolution 16-25 for the first time by title only. Councilman Allen seconded. Voice Vote. Motion carried. Mike McNamee, City Solicitor, read Resolution 16-25 by title only.

Lesley Adkins, Development Coordinator, explained she is presenting the proposed five-year consolidated plan. This document outlines how they intend to invest Community Development Block Grant funds over the next five years. As part of receiving CDBG funding the City is required to develop a comprehensive five-year consolidated plan which serves as a road map outlining goals, priorities, and specific activities the City intends to carry out using CDBG funds. The primary objective of this money is to benefit individuals and families who meet the low to moderate income guidelines established by the US Department of Housing and Urban Development. These funds are intended to address a wide range of community development needs including affordable housing, neighborhood improvements, public services, and economic development. She reviewed the new income limits released in May of 2025. Historically most of our funding recipients have fallen into the 80 percent LMI range. Our elderly or disabled population usually falls in the 30 to 50 percent LMI range. These amounts represent a 1.7 increase from last year.

They created a community needs survey that helped with the creation of the plan but was also instrumental for them in preparing their one-year annual action plan. This survey included the various approved CDBG activities and residential input on prioritization.

Since 1994 the City has received over $10,000,000 in CDBG funding. Each year they have consistently invested more than 60 percent of these funds in addressing housing and improvement needs. Looking ahead to the next five years they intend to continue this focus by providing safe decent and affordable housing to our low-to-moderate income residents. They will also work to ensure that the infrastructure supporting neighborhood revitalization remains intact or is improved. Additionally, they are committed to preserving the current housing stock through owner-occupied rehabilitation, repairs, and code enforcement. To support rental rehab, they offer a rehabilitation program to help landlords make necessary improvements so they can provide quality homes for our low to moderate income families. A component of the CDBG administrative funding is to conduct fair housing outreach. They do a fair share of outreach at various events around the community. This outreach educates the public and residents about their fair housing rights and their landlord/tenant rights. Many outreach opportunities were undertaken at various dates and locations and events since mid-2024. Two public meetings were conducted, and a draft of the consolidated plan was placed at the Fairborn library, on the city website and posted on social media. Submission of this plan was due in November of 2024, but there was a delay at the federal level. We can now submit our plan, and it is due by August 16, 2025. Once approved the HUD funding will be available. Staff recommends approval of Resolution 16-25.

Councilman McCubbins stated this program is vital to Fairborn and he always worries during every election cycle that this funding will get yanked. So far, it has not. We have been lucky.

Councilwoman Stanton asked how much participation they received during the public meetings. Ms. Adkins responded, not much. She received more participation with the surveys than actual residents showing up at the meetings.

Councilman Fritzsche thanked her for all of her work on this plan.

Councilman Allen thanked her for the presentation. As Rodney expressed, there is a need out there and he is glad they are able to support those needs. People will fall on tough times, and they just need help every now and then.

Mayor Kirkpatrick thanked Ms. Adkins, saying he knows a lot of work goes into this presentation.

Deputy Mayor Reaster moved to adopt Resolution 16-25. Councilman Allen seconded. Yeas, six: Reaster, Allen, Fritzsche, McCubbins, Stanton and Kirkpatrick. Nays, none. Motion carried. Mayor Kirkpatrick declared Resolution 16-25 duly adopted.

RESOLUTION 17-25 A RESOLUTION BY THE CITY OF FAIRBORN CITY COUNCIL AUTHORIZING THE CITY MANAGER TO ENTER INTO AN AGREEMENT BETWEEN THE GREENE COUNTY, OHIO BOARD OF COUNTY COMMISSIONERS AND THE CITY OF FAIRBORN FOR THE RELEASE OF DELINQUENT REAL ESTATE TAXES.

Councilwoman Stanton motioned to read Resolution 17-25 for the first time by title only. Deputy Mayor Reaster seconded. Voice Vote. Motion carried. Mike McNamee, City Solicitor, read Resolution 17-25 by title only.

Mike McNamee, City Solicitor, gave Nate Rose and Christina Cox the recognition for putting this one together. He explained this agreement is about efficiently redeveloping economically distressed residential properties that the City has acquired in a tax forfeiture. The goal of the agreement is to facilitate the redevelopment of Fairborn delinquent tax property. Said differently, it is to put unproductive property back to being productive and generating taxes. This benefits Greene County and the City of Fairborn and its citizens. The legal basis for this agreement is found in ORC 5722.21 and allows cities to acquire tax delinquent property and seek release of tax claims from taxing authorities. That is the problem we have been doing it with three different options. You can do it on a case-by-case basis. The problem with that is in Greene County there are nine different taxing authorities that we have to get releases for. The other option is for the County to create a landbank and Greene County does not want to do that. The best option is this agreement. The Board of County Commissioners authorizes tax levies, and he showed a list of the entities that they would have to get releases from in Greene County. The BOCC has a claim on all of the delinquent tax levies which is why you have to get the release. He discussed the highlights of the agreement which includes the BOCC releasing the delinquent taxes and associated costs. It applies to tax delinquent residential properties forfeited to the City through foreclosure. He explained that Brandon Huddleson, the Greene County Administrator, has the authority to release those delinquent taxes and it runs through him. He must make the decision, but we are just dealing with one entity. Greene County has been helpful in facilitating getting this and they have already signed the agreement. We are awaiting Council's approval. The third point of the agreement deals with the sales proceeds and distribution. The City acquires the property, all the tax lines are released, and the City spends money to redevelop the property and get it in position to sell it. Once the City sells it the City gets all of its costs back as well as any special assessments, then the Board of County Commissioners receive a pro-rata share of any remaining proceeds. For commercial industrial properties we do have to go back to the County on a case-by-case basis. This agreement only applies to residential properties with the key exception of section D of the agreement where BOCC waived all taxes and delinquencies on the Skyway property on Kauffman Avenue. Staff recommends approval of Resolution 17-25.

Councilman Allen stated this makes the process much more efficient. Mr. McNamee agreed that the properties can be moved a lot quicker. He thanked Mr. McNamee's staff for putting the slides together. They did a good job.

Councilman McCubbins stated for the citizens to know we did this before a couple of years ago with three properties. They put an RFP out and a local Fairborn company won the bid and built houses on these properties, and they sold very quickly. This is a good investment for the City.

Councilwoman Stanton asked the length of the agreement. Mr. McNamee stated it is an evergreen agreement which goes on until either party decides they want to terminate it,

Mayor Kirkpatrick thanked the office staff and everyone who worked on the power point and the legislation.

Deputy Mayor Reaster moved to adopt Resolution 17-25. Councilman Fritzsche seconded. Yeas, six: Reaster, Fritzsche, Allen, McCubbins, Stanton and Kirkpatrick, Nays, none. Motion carried. Mayor Kirkpatrick declared Resolution 17-25 duly adopted.

CITIZENS COMMENTS

Mayor Kirkpatrick opened Citizens Comments.

Charlie Deer, 1819 N. Broad Street, Fairborn stated he believes 1.4 or 1.8 acres was annexed into Fairborn for the gas station. He is wondering if that can also be done on his property because it is about the same amount of land. The reason he is asking this is because 2, 3, 4 months ago when the trucks were parking in front of house and had his driveway blocked he called the Police Chief and he said let me check it out Charlie and he got right back with him and said there is not anything I can do. He said where those trucks are at, right in front of Charlie's house is Bath Township. You must call the Greene County sheriff. Charlie did that and they more or less acted like he was a nuisance. He thinks the City took that part of it in the 80's when they were going to make that side road. That has been closed, and it is not in use, and he has been told it is never going to be in use anymore. His question is if he can reimburse the City for whatever money they had invested in getting that in the first place. He has no problem with that. If that is something he can do. He would like to be able to call the Fairborn Police, and they respond to him if he has a problem. He was looking for some direction on how to accomplish this.

Mike McNamee, City Solicitor, stated he could give him his office number, and his mobile number and he could call him. He explained Mr. Deer would have to go through the annexation process and that is pretty straightforward, and he could help him out with that. He should probably get legal counsel to help him with that. The basic aspect of it is that he would have to move for the annexation and then the City has to pass an Ordinance confirming they will accept the annexation and provide the services to the property. That is exactly what he is seeking. That will be a decision the Council would have to make, but that is the general process. The County Commissioners will have to approve the annexation if he gets the approval of the City to provide the services. Since he is a single property owner and the only property owner requesting annexation, the County has no choice but to approve it. That is the process. If Mr. Deer would like to call him, he could help him out a little bit and they can go from there. Mr. Deer thanked him.

Mike Gebhart, City Manager, stated he would connect them through email also.

Mayor Kirkpatrick closed Citizens Comments.

CITY MANAGER COMMENTS

Mike Gebhart, City Manager, reviewed the June milestones. He congratulated the milestone recipients and thanked them for their work. He continued by making the following comments: He returned to the March 3rd Council meeting, during discussion of Resolution #8-25 concerning the City's Entertainment Admissions Fee ordinance, I shared several examples of services and infrastructure the City of Fairborn provides to support venues such as the Wright State University and Nutter Center — including the roadway improvement project at Colonel Glenn Highway and North Fairfield Road, which is a major access point for both the Nutter Center and Wright State University.

I did not explicitly state during that meeting that the project was fully funded by the City, and I recognize that omission may have contributed to some confusion or concern.

It has since come to my attention that the Wright State community may have been offended by a perceived comment that the university is 'not paying its fair share.' While I do not recall using that exact phrase, I understand how that interpretation may have arisen from the discussion.

To that end, I want to state publicly and clearly: I regret any misunderstanding, and I apologize for any offense caused by comments related to the notion of a 'fair share.' That was not my intent.

Wright State is an important part of our community, and I remain committed to working collaboratively with the university for the benefit of our residents, students, and regional partners.

I'd like to clarify the City's position on whether or not to allow marijuana dispensaries in Fairborn. On March 21, 2025, City Council approved Resolution 10-25 to extend the City's Moratorium on the issuance and processing of permits to allow marijuana dispensaries to operate within the City until August 31, 2025. This does mean that City Council will approve and disapprove issuing permits for dispensaries, whether they are recreational or medical, in the City of Fairborn. We are awaiting information with regards to Ohio Senate Bill 56. It is my understanding that Senate Bill 56 is before the House Judiciary Committee at this time and are hopeful that any changes to the State's marijuana laws are enacted before August 31, 2025.

There has been no other legislation presented to and/or approved by City Council on this topic since Resolution 10-25 on March 21, 2025.

Safety City for 2025 began today. Starting in 1967, Safety City provided valuable safety lessons to incoming first graders who have signed up for the Daily session. We are thrilled that Fairborn City Schools Teacher Laura Meder will again teach the class with assistance

from members of the Fire and Police Department Staff. There are three (3) sessions this week (8:00AM, 10:30AM and 1:00pm). There are two (2) sessions daily next week at 1:30pm and 4:00pm. There may be limited space left for next week's sessions. Cost is $10/per child. Please contact Fairborn Police for additional information

Congratulations to Captain Mark Stannard of the Fairborn Police Department on his retirement last Friday, May 30th after 33 years of service to the City of Fairborn. We have several members of our public safety team retiring this year after decades of service to Fairborn and we will miss them.

Councilman Allen thanked Mr. Gebhart for clearing up those two points. It speaks volume on clarity of communication and then also transparency. We speak about transparency being one of our pillars in this community. He thanked him for clearing that up.

COUNCIL COMMENTS

Councilman McCubbins congratulated the milestone recipients. Something the citizens didn't see very well through the cameras is the other firefighters that were standing in the back of the room. One of the common themes amongst many of the firefighters particularly the males is not a lot of hair on those guys. He congratulated all of them. School is out. The last day was last Thursday or Friday so be mindful of the little ones running around out there. He stated there was an advisory today by the MVRPC for an air quality alert for tomorrow due to the Canadian fires. They anticipate smoke coming down. It goes back to looking out for your neighbors and your loved ones. If they have breathing problems as they are out and about make sure they are taking rescue inhalers with them. He left with this thought because there is a lot of crazy stuff going on in the world. He does not think it ever ends. A lot of the negativity constantly pulls our attention particularly toward conflict, unpredictability, and uncertainty that is going on in the world. He recently read an article and seen a quote from Marcus Arillus who is a philosopher that basically said you have power over your mind and not outside events realize this and you will find strengths. What he took from that was the message that he would like to relay today and that is strength is not about controlled chaos that is going on around us but learning how to master your reaction to that controlled chaos, because when we can master that reaction and harness in our thoughts and choices and emotions it will better enable us to reclaim the power during this time of uncertainty which we do see a lot of it in the world. With that be safe everyone.

Councilwoman Stanton congratulated the milestone recipients. She thanked everyone at the City who has been working on the issue of taking the vacant or not vacant properties in the case of the Fifth Third Bank building and taking the city-owned properties and getting them put back into a revenue generating state. She knows it has been in progress for a long time to get to that point and especially with what Mike McNamee presented tonight to help us make that even more efficient she thinks that is a wonderful program.

Councilman Fritzsche congratulated the milestone recipients. He thanked them for their service and their continued service. He also thanked all those that came in to support the

milestone recipients. It is great to see that. He also thanked Mr. Gebhart for his clarifying comments.

Councilman Allen thanked everyone for coming to the meeting. It is always good to be talking to people as opposed to just seats. He congratulated all of the milestone recipients. They had a conversation at the work session today where the Chief was telling them about the ideas and opinions on hiring more firefighters and the conversation talked a little bit about culture that has developed. He thinks the Fire and Police Department, even the City, is transitioning to be a great place to work. A great place to raise a family. He can't say it enough. A lot of thanks go to our Chiefs, our department heads, and our HR Director who sits in the back. She sets in on a lot of those discussions on bringing people on board. He can't say enough about that as they continue to move forward as a City. He congratulated all of the graduates. This is graduations season. It is truly summer, and we have everything out runners, walkers, bicyclists, motorcycle riders and more traffic he just asked that we be cognizant of where we are and look out for the other person as we move through the City.

Deputy Mayor Reaster had nothing to add that hasn't already been said so she yielded her comments.

Mayor Kirkpatrick stated the milestone recipients do a fantastic job for our City, and they truly appreciate them. There are a number of events coming up. He started off by thanking Emily Gay, the Communications Manager, for putting together some new ways of connecting with Council and staff. They did their first "Ask the Mayor" today where they took questions that had been submitted last week just in general comments, and they have been addressed in several different ways. They video taped the "Ask the Mayor" responses this morning right at the school grounds where they are starting to build the Middle School. In fact, they got interrupted by the tractors moving dirt while they were out there giving responses. He thanked Mike Gebhart for answering the question on the marijuana moratorium. There were a lot of misperceived comments in the community about that. He thanked Mr. Gebhart for clarifying that. In light of what Emily put together you are going to see an event coming up on the 10th of June called "Coffee with Council". Look at the City website and you can get information on where and what time in the morning. There will be another one "Council Conversations" on June 30, 2025. These are opportunities to meet with Council members and ask questions and get their thoughts on different things in the community. This is all because of our efforts to be more open to the Fairborn citizens. There is also going to be a Lunch with Law Enforcement on June 11, 2025, at the Senior Center. He encouraged anyone to attend that would like to sit down with the Police Department who will be scattered throughout the room and get to know your local police officers better. It is a great opportunity to interact with them.

There are a lot of 75th anniversary events coming up over the next month or so. This coming Saturday there is the picnic at the Bath Township facilities. There will be a bunch of fun things for family members. There are going to be sack races for the kids. They are actually doing a Fairborn/Bath Township Pinewood Derby contest. This is something they borrowed from the Cub Scouts for a chance to race your cars on a genuine Pinewood Derby track. Again, that will be at the Bath Township facility. Also, that evening there is going to be a root beer tasting contest. There will also be the opportunity for several of

your City Council members, including the Mayor, to be sitting in a dunk tank out there. June 19th is Juneteenth at Central Park. It is a great opportunity to learn about the history of Juneteenth. July 3rd is the Block Party downtown. There are a lot of food trucks and vendors at that event and then of course the big event is the July 4th Parade. It will be going down Central Avenue. That is the best 4th of July Parade in the state. Coming up a little bit later this summer is the Air Force Marathon, and the car show the day after. This year the Honor Flight will be on the same day as the car show, but they are planning big things for the September Honor Flight.

He announced the June 16, 2025, work session in the Fire Training Room at 5:00 p.m. and June 16, 2025, Regular Council meeting in the Council Chambers at 6:00 p, m,

ADJOURNMENT

Councilman Fritzsche made a motion to adjourn the meeting. Councilwoman Stanton seconded the motion. Yeas, six: Fritzsche, Stanton, Allen, McCubbins, Reaster and Kirkpatrick. Nays, none. Motion carried. The meeting was adjourned at 7:03 p.m.

MAYOR

CLERK, CITY OF FAIRBORN
