CITY OF FAIRBORN
COUNCIL MEETING
May 18, 2026, at 6:00 p.m.
Council Chambers

COUNCIL MEMBERS	Present	Absent
Dan Kirkpatrick, Mayor	☒	☐
Clint Allen, Councilman	☒	☐
Sylvia Chess, Councilwoman	☒	☐
Brian Dodd, Councilman	☒	☐
Rodney McCubbins, Deputy Mayor	☒	☐
Mary Reaster, Councilwoman	☒	☐
Tana Stanton, Councilwoman	☒	☐

STAFF MEMBERS PRESENT

Gebhart, McClure, McNamee, Riggs, Schell, and Taylor.

Everyone stood for the Pledge of Allegiance and a moment of silence.

APPROVAL OF MINUTES

Councilwoman Reaster moved to approve the minutes of the May 4, 2026, Council Work Session. Councilman Allen seconded. Voice Vote. Motion carried. Mayor Kirkpatrick declared the minutes approved as written.

Deputy Mayor McCubbins moved to approve the minutes of the May 4, 2026, Regular Council Meeting. Councilwoman Chess seconded. Voice Vote. Motion carried. Mayor Kirkpatrick declared the minutes approved as written.

PRESCHEDULED BUSINESS

Mayor Kirkpatrick read a proclamation for Safety City. Shaun Pettit, Fairborn's DARE Officer, Ryan Williams, Fire Chief, "Sparky," Joann Collins and Terri Lynn Perkins accepted the proclamation. Fairborn City School Teacher, Laura Meder and Officer Shaun Pettit of the Fairborn Police Department will once again teach the program, continuing a tradition of excellence in youth safety education. This program strengthens community relationships by connecting children with educators, police officers and firefighters fostering trust and awareness at an early age. The 2026 Safety City Program will be held June 1-5 and June 8-12 with multiple daily sessions providing opportunities for participation. Mrs. Meder was not able to be present, but she has played a huge role in this program. Mayor Kirkpatrick publicly acknowledged her along with the committee.

Officer Pettit stated as mentioned earlier this program has been around since 1967. It has grown substantially through the support of the Fire Department, PD, Streets, Utilities, and every department in the City has a role in making this program successful. This program is deeply rooted in our community with tremendous help from the City Council, the City Manager's Office, and the Mayor's Office. He thanked Rich Renken for assembling the buildings, Terri Lynn for painting the buildings, Laura Meder and the Fire Department. He looks forward to the next 60 years of Safety City. They have 92 participants registered for this summer. It is getting to the point now that they may do a mid-summer program thanks to Emily Gay who has been a tremendous help in getting the registrations done and Laura Meder is fantastic to work with as well.

Mayor Kirkpatrick made a plaque presentation to Commander Dustin C. Richards and Chief Master Sergeant Tess M. Fontaine of the 88th Air Force Wing of Wright Patterson AFB thanking them for their service at Wright Patterson AFB and for their collaboration with the City and the Base. They have been here for two years and they are moving on. The City wanted to recognize the wonderful relationship we have with Wright Patterson AFB, especially because of these two individuals. Mayor Kirkpatrick is an old Air Force guy, and we have had wonderful Base Commanders and wonderful Command Chiefs, but these two have stood out as being particularly engaged in the community. He thanked them for all they have done for Fairborn and the other communities that surround the Base.

Colonel Richards thanked everyone for honoring them today. It is the honor of their careers to be able to serve in this capacity and he thinks they recognize as representatives of the Base how many military friendly people whether they are retirees, currently serving, whether they work on the installation or one of their family members are one of those people, how closely linked they need to be with the community. It has been an honor to help facilitate those relationships. Whether it is a memorandum of agreement and understanding with the Police and Fire Department, whether that is their continued engagement with the community, participating in one of the best Fourth of July parades that the country even knows. Just many opportunities to engage and partner with the community. It is one of the things that makes Wright Patterson so special is the surrounding communities and particularly Fairborn. They relish the partnership and the community, and they appreciate everything they do. The Chief and he are both going to share and pass on everything they have learned so that the next team can come in and be set up for success and immediately benefit from this amazing partnership. He thanked everyone for the recognition and partnership.

Chief Master Sergeant Fontaine thanked everyone. She added that when they showed up the community immediately embraced them. It was the first time for her coming to Ohio. They immediately felt like family, and it felt like that the entire two years in Fairborn. She thanked the entire community and the Mayor for embracing them. As she moves onto her 12th assignment since she has been serving, she continues to say that this is the most supportive community in which she has ever served. A lot of other communities have something to strive for in their community relations with the installation. She thanked everyone.

NEW BUSINESS

ORDINANCE 13-26 AN ORDINNANCE AMENDING THE PAY GRADE ALLOCATION LIST OF THE CITY OF FAIRBORN, OHIO TO CREATE THE POSITION OF FIREFIGHTER (EMT) AND FINANCE SPECIALIST II.

Councilwoman Stanton made a motion to read Ordinance 13-26 for the first time by title only. Councilman Allen seconded. Voice Vote. Motion carried. Mike McNamee, City Solicitor, read Ordinance 13-26 by title only.

Mayor Kirkpatrick set the public hearing of Ordinance 13-26 for Monday, June 1, 2026.

ORDINANCE 14-26 AN ORDINANCE LEVYING ASSESSMENTS FOR THE 2026 CURB, SIDEWALK AND APPROACH PROGRAM.

Councilwoman Reaster made a motion to read Ordinance 14-26 for the first time by title only. Deputy Mayor McCubbins seconded. Voice Vote. Motion carried. Mike McNamee, City Solicitor, read Ordinance 14-26 by title only.

Mayor Kirkpatrick set the public hearing of Ordinance 14-26 for Monday, June 1, 2026.

RESOLUTION 23-26 A RESOLUTION AUTHORIZING THE CITY MANAGER TO ENTER INTO A FULL-SERVICE STREET LIGHTING AGREEMENT WITH MIAMI VALLEY LIGHTING, LLC.

Councilwoman Stanton made a motion to read Resolution 23-26 for the first time by title only. Councilwoman Reaster seconded. Voice Vote. Motion carried. Mike McNamee, City Solicitor, read Resolution 23-26 by title only.

Mike Gebhart, City Manager, explained Resolution 23-26 is a new contract with Miami Valley Lighting for our streetlights throughout the City that would expire on December 31, 2032. The current street lighting agreement expired in December of last year. It was extended while negotiations moved forward. So, the new agreement is negotiated collectively through the Miami Valley Communications Council (MVCC). There were approximately 25 communities that went together for these negotiations. It was a difficult negotiation. They are a sole-source supplier, but they have always been good partners with MVCC. They eventually were able to hammer out a new agreement. The proposed agreement would date from January 1, 2026, through December 31, 2032. It maintains full-service street lighting throughout the City. Miami Valley Lighting is responsible for operation, maintenance, repairs, and infrastructure. It includes continued LED conversion and replacement options. It preserves collective municipal negotiation process for future agreements and provides improved maintenance standards and outage response requirements. MVCC advised the negotiated rates remain among the lowest in the Dayton area and the State of Ohio. The agreements reflect the increase in labor material and infrastructure costs since the last contract in 2020. Pole installation costs have increased more than 120% since 2019. The annual rate adjustments are included through 2032. Miami Valley Lighting remains the primary full-service provider for existing regional

infrastructure. Miami Valley Lighting owns almost all of the light poles and lights in Fairborn and elsewhere in the Miami Valley area. The existing service levels and maintenance responsibilities continue under this newly proposed agreement. There will be a 5.5% increase in 2026, 4% in 2027, 3.25% in 2028, 2.75% for years, 2029-2032. They are pleased there is a new agreement in place. Staff recommends approval of Resolution 23-26.

Councilman Dodd thanked Mr. Gebhart for the presentation.

Councilman Allen appreciated the read ahead information. He also thanked Mr. Gebhart for the presentation.

Deputy Mayor McCubbins asked if this rate structure is shared amongst all 25 communities in this agreement. Mr. Gebhart responded, yes, everyone has the same percentage rate increase throughout the life of the contract.

Councilwoman Chess had no questions.

Councilwoman Reaster had no questions.

Councilwoman Stanton appreciates that they received the best rates around. Great work on everyone's part.

Mayor Kirkpatrick stated it is unfortunate that anything has to be raised in rates, but they understand why and the fact that it is kept to a minimum.

Councilwoman Chess moved to adopt Resolution 23-26. Councilwoman Stanton seconded. Yeas, seven: Chess, Stanton, Allen, Dodd, McCubbins, Reaster and Kirkpatrick. Nays, none. Motion carried. Mayor Kirkpatrick declared Resolution 23-26 duly adopted.

RESOLUTION 24-26 A RESOLUTION OF THE COUNCIL OF THE CITY OF FAIRBORN, OHIO RESCINDING RESOLUTION NO. 8-25 RELATING TO ENFORCEMENT ACTIONS ASSOCIATION WITH ORDINANCE 49-19.

Councilwoman Reaster made a motion to read Resolution 24-26 for the first time by title only. Deputy Mayor McCubbins seconded. Voice Vote. Motion carried. Mike McNamee, City Solicitor, read Resolution 24-26 by title only.

Mike Gebhart, City Manager, stated Resolution 8-25 was adopted by City Council on March 3, 2025. It is a resolution related to enforcement of actions associated with Ordinances 49-19, which was the admissions fee for venues larger than 200 seats. This proposed action would rescind Resolution 8-25, and it is intended to support continued cooperative discussions with Wright State University and there is no direct fiscal impact associated with this Resolution. Staff recommends approval of Resolution 24-26 rescinding Resolution 8-25 from March of 2025.

Councilwoman Chess did not have any questions and thanked Mr. Gebhart for his diligence and patience.

Councilwoman Reaster had no questions or comments.

Councilwoman Stanton had no questions.

Councilman Dodd had no questions and thanked Mr. Gebhart for the read ahead.

Councilman Allen had no questions.

Deputy Mayor McCubbins had no questions or comments.

Mayor Kirkpatrick thanked Mr. Gebhart for the presentation. He also had no questions.

Deputy Mayor McCubbins moved to adopt Resolution 24-26. Councilwoman Reaster seconded. Yeas, seven: McCubbins, Reaster, Allen, Chess, Dodd, Stanton, and Kirkpatrick. Nays, none. Motion carried. Mayor Kirkpatrick declared Resolution 24-26 duly adopted.

RESOLUTION 25-26 A RESOLUTION AUTHORIZING THE FINAL PLAT FOR PHASE SIX (6) OF THE ARDEN PLACE SUBDIVISION FOR THIRTY-TWO (32) RESIDENTIAL LOTS AND THREE (3) OPEN SPACE LOTS ON APPROXIMATELY TWENTY-THREE (23) ACRES LOCATED AT 1479 TREBEIN ROAD, PARCEL NO. A02000200460000800.

Councilman Dodd recused himself from the discussion of this Resolution.

Deputy Mayor McCubbins made a motion to read Resolution 25-26 for the first time by title only. Councilman Allen seconded. Voice Vote. Motion carried. Mike McNamee, City Solicitor, read Resolution 25-26 by title only.

Kathleen Riggs, City Planner, explained this is the final plat for the overall development. She reviewed the owner and applicant information. Phase six is on the eastern side of the entire Arden Place development. It is south of Garland, west of Trebein Road, north of Dayton Yellow Springs Road and then east of Commerce Center Blvd. It is located in a PUD surrounded by additional PUD for residential mostly. There is an agricultural area on the eastern side in Bath Township. She displayed a map showing the surface waters and wetlands inventory. There are no wetlands in the residential neighborhood and definitely none in phase six. She explained the plat consists of 23 acres. It will be 32 dwelling lots which will extend to Windemere Grove. There are three open space lots that consist of approximately 12 acres of open space. So, it is almost half and half for the roadway and the number of lots equal the same amount of acreage and open space. There will be a detention pond in the open space. She explained these lots have a setback of 325 feet from Trebein Road. There will be some landscaping added with plants that are native to Ohio. It will also be filled in with grass seed as well. She pointed out areas where they are trying to maintain some of the landscaping that currently exists.

There are some older trees out there which they may have seen, but the area that is just east of an existing detention pond which is east of Heathgate as well as an area that is just west in the newest section, they are really going to try to preserve what is planted out there as much as they can. She reviewed the elevations of the development. This final plat is consistent with the preliminary plan that was approved. The streets and lots are suitable to accommodate this development. Planning Board did recommend approval with a few conditions which she reviewed. Staff recommends approval of Resolution 25-26.

Councilman Allen had no questions.

Deputy Mayor McCubbins did not have any questions. He appreciated her including the wetland diagram.

Councilwoman Chess had no questions.

Councilwoman Reaster stated she appreciates them keeping as much of the existing vegetation as possible and keeping the native trees.

Councilwoman Stanton agreed with Councilwoman Reaster.

Mayor Kirkpatrick is glad to see that the houses on the eastern side are not butted up against Trebein Road and there will be an area of wooded trees and plants. It is nice to see a development like this that has really taken off right next to the High School. He is also glad to see that the wetlands to the north were not disturbed in any way.

Councilman Allen moved to adopt Resolution 25-26. Councilwoman Reaster seconded. Yeas, six: Allen, Reaster, Chess, McCubbins, Stanton and Kirkpatrick. Nays, none. Motion carried. Mayor Kirkpatrick declared Resolution 25-26 duly adopted.

CITIZENS COMMENTS

Mayor Kirkpatrick opened Citizens Comments

Julius Jackson, 1301 Artesian Lane, Fairborn, Ohio greeted the Council. He has lived in Fairborn for 13 years. He is the father of three small humans. He stated he wanted to speak on Ernie Ap and Fairborn Sport Park Master Plan. He believes this is a project that should be looked in not just as a cost, but as an investment in Fairborn's future. This plan gives the children safer and better places to play. It supports youth sports, after school activities, clinics, tournaments, and community events. They already have hundreds of kids participating in the local leagues and improved fields would give the families the facility that reflects the value we place on our children in the community. There is also a broader community benefit. Modern sports parks can bring families into Fairborn for weekend events and tournaments. Those families buy gas, eat at our restaurants, visit local shops, and support small businesses. Strong parks also make neighborhoods more attractive to help Fairborn compete as a place where families want to live, work and invest. He understands that the full master plan has a significant cost.

That is why transparency matters. Residents need clear information on what the full plan costs, what a phased approach could look like and their yearly household impact on what that would be. They can handle that through grants, sponsorship, partnerships, and concessions. There are a number of ways they can attack this and he wanted to bring it forth to Council for some consideration.

He also brought some printouts for the Council on how they could start the process of framing the conversation from a cost perspective. Comparing some short- and long-term options for them to help support this project. His request is simple, please keep this project moving forward with clear public information, realistic funding options and a maintenance plan that protects the investment long term. Fairborn has an opportunity to build something that serves kids, families, neighborhoods, and local businesses. He hopes that Council will continue to explore this project seriously and as aggressively as they possibly can. Mayor Kirkpatrick asked Mr. Jackson to leave the handout with the Clerk of Council, Julie Taylor. He thanked Mr. Jackson for his comments.

Joann Collins, 173 Erie Avenue, stated she had two things to discuss. Monday May 25th is Memorial Day. She asked everyone to reach out to the Veterans in this town, to their neighbors, their families and friends and give them a nice welcome. They need that. They did not get that when they came home. She thinks it is important that they remember Memorial Day and that we go to the services that are being held at Byron and the other places around town and support them as much as we can. Her second item is Honor Flight from Dayton is on the 30th at Dayton Airport. It is something that our veterans look forward to and it is very important to them. They get to go back in time and share their memories, heartaches, and joys with every other veterans on a trip to Washington DC. They leave the Dayton Airport that morning around 6:30 a.m. and they return that evening at 7:30 p.m. It would be wonderful if everyone from Fairborn could please come out and say hello to the veterans and thank them.

James Baker, 427 Grant Street, greeted the Mayor, City Manager and Council. First, he thanked the citizens of Fairborn. He also wanted to thank everyone who attended the last council meeting along with everyone watching and listening from home. Your involvement matters and your voice matters. He especially wanted to thank the citizens of Fairborn for voting yes on Amendment 4. As many of you know we are now moving forward with the process involving Councilmember Sylvia Chess. This process is being handled properly, legally and by the book and will continue that way until completion. He also wanted to address statements made during several prior council meetings. Sylvia Chess public encouraged everyone to review the video. He did exactly that. He watched it and took detailed notes. He documented what was said regarding our city and our citizens. The speech given at her alma mater, Paul Quinn College, has since been removed or blocked from public viewing. However, copies exist and are available for anyone who wants to see and hear the full context for themselves. Serious allegations were made regarding incidents involving our community including claims of property damage and racial incidents. To this date there have been no publicly available police reports or official record produced to substantiate those specific claims. The citizens of Fairborn deserve facts, not accusations. They deserve accountability, not statements that damage the reputation of this community without evidence. This process is not about politics. It is about responsibility and it will be about making sure public statements about

this city, and its people are accurate and supported by facts. At the conclusion of tonight's meeting, he will have petition forms available for anyone who wishes to sign the recall petition involving Sylvia Chess. If they are not permitted to do this inside the lobby area, he will be outside in the parking lot after the meeting. If you cannot stay but still want to participate, he will provide contact information so he can be reached directly. Thank you again to the citizens of Fairborn for their support and for voting yes on Amendment 4. Thank you.

Mayor Kirkpatrick closed Citizens Comments.

CITY MANAGER COMMENTS

Mike Gebhart, City Manager, congratulated the Senior Class of 2026 who will be graduating Friday night from Fairborn High School. That is Friday, May 22, 2026. Congratulations to them and all the seniors on whether they go to Fairborn, the Career Center or to another High School in the area that are from Fairborn.

He also congratulated David Yates. He was the interim Chief Building Official over the last two years. Mr. Yates received notification that he passed the third and final exam required by the State of Ohio to be Chief Building Official Friday night. So, David is now no longer the interim Chief Building Official, he is our Chief Building Official. So, congratulations to David.

The only other thing he had was that Memorial Day is coming up on the 25th. The offices will be closed, but public safety will be on a normal schedule for the holiday.

COUNCIL COMMENTS

Councilwoman Chess stated it is Memorial Day and they do want to celebrate those who served. Of course, we all have family or someone you know that served. She thanked Joann Collins for reminding them. She thanked everyone who voted at the polls. She asked everyone to stay safe out there and keep moving forward.

Councilwoman Reaster spoke to Julius. She was at the master plan presentation at the High School. It is a beautiful plan. It is very robust and ambitious, but she has faith if we take this in slices and they attack it as a community that they will get there. It is going to be a long road, but we were able to get four new schools in this community, and she hopes the rest of the community can get behind this plan as well. She thanked Julius. Memorial Day weekend, like everyone has already said, make sure that you take time on Monday to pause and understand why we are not working that day; if you are not working that day, be appreciative that we live in the land of the free because of the brave. So, thank you all who have served. Not only those who put on uniforms, but their families as well. To tag on to Joann's comment about Honor Flight, if you have never been to a return, it is truly a site to behold. She encouraged everyone to get out there. She thanked everyone for their attendance and comments at the meeting. She wished everyone a safe and wonderful week.

Councilwoman Stanton thanked everyone for coming out tonight and thanked them for their comments. She always appreciates them.

Councilman Dodd thanked everyone for their attendance. Council does listen and they appreciate the citizens' attendance. He was also told this week is National EMS Week. So, we should appreciate all the EMS and what service they provide to our community. The Honor Flight would be a great opportunity for people to attend. Also, congratulations to all the 2026 graduates.

Councilman Allen thanked everyone for attending the meeting tonight. He wanted to reiterate something that is near and dear to his heart. He mentioned it at the last meeting, and this is still Mental Health Awareness Month. He encouraged everyone to just take a moment and learn something else about Mental Health Awareness. It is truly tough in this environment. When he grew up, they did not have all the distractions that we have now. They did not have an instantaneous computer in your hand 24/7 and access to everything. It is very challenging for a young person to have access and be interrupted mentally by so many of those things. So, he asked that people pause and think about that. The other thing he wanted to recognize is this past Saturday was Armed Forces Day. Sometimes, that gets passed over a little bit because we are on the heels of Memorial Day. Armed Forces Day recognizes those who are actively serving. That is their recognition and thanks for those who have answered the call and actively raise their hands and are serving in our military services today. Memorial Day is coming and that is an opportunity to honor our fallen. He thinks sometimes it gets blurred, but that is to honor the fallen and those who are no longer here. Veteran's Day, again, to add more cloudiness to this sometimes, Veteran's Day is for those who have served. Appreciation for those who are currently serving and in remembrance of those who have passed on.

Deputy Mayor McCubbins began with an interesting fact that he heard this week, and it surprised him. The last week or two in the State of Ohio they have seen nearly 33 million birds come through the State of Ohio as they migrated during their spring migration. What captured his interest on this was if you watch the weather, they showed up on radar and it looked like rain in the green, but it was actually 33 million birds coming across our area. As is the case with being a military community, Wright Patterson Air Force Base this week is conducting emergency management exercises. So, for those of us that have lived in this community for a long time you are going to hear noise, blasts, traffic is going to be horrible for a day or two as they open and close gates so just be cognizant of that as you are out and about. The good news that no one shared today is that he read the Splash Pad opened for the kiddos. The Farmer's Market is also open every Wednesday from 10:00 a.m. to 1:00 p.m. He does appreciate the Master Plan approach also. He spent 8 or 10 years down there himself with his children. He invested a ton of his time and energy into that place. He likes Mary's approach that the best way is the analogy, how do you eat an elephant? It's one bite at a time and you will get it figured out. He left with a safety tip. It is summer, he himself was out doing some yard work yesterday and did not anticipate because it has not been warm lately on the high temperatures, so please hydrate as you are out and about in these warmer weathers. Most importantly please look after your elderly neighbors in the community. If you see something, say something. It is better to have these folks checked on than to look at a negative outcome. Last but

not least, please watch out for the kids as school will be out really soon and they are going to be out and about darting in and out of the road.

Mayor Kirkpatrick reiterated on everyone that participated and helped out with the Safety City program that was coming up. That is a huge program. He has never lived anywhere else in the country in his military career where a community did something quite like that. It is really something special that our Police and Fire and citizens of the community help put that program together. It is a great thing for our young kids. If you want to see something really cool go to their graduation where their kids demonstrate some of the things they learned at Safety City. It is a great program. He thanked Julius for bringing up the issue of Ernie Aps Field. Like it has already been said, it is long overdue and it is something that really benefits our kids and people again who have made comments that there is nothing for the youth to do in the City of Fairborn, they have not spent a day out at Ernie Aps Field when it is in use. It is packed with kids and adults that are helping them. Anything the community can do to help get that program moving, like has been said, a bite at a time, let's get that done and get it revamped. It is a wonderful opportunity for our youth.

It has already been talked about, the Honor Flight some of them have had the opportunity to go on an Honor Flight. It is the opportunity of a lifetime. If you have not done it and you are eligible, please check into it and find out how you can go. There are members of the audience who have been on it, and they would attest to the fact that it is a once in a lifetime opportunity. The high school graduating class banners are now down and going back to the kids who are graduating. Congratulations to all of those. Yesterday, along with some folks in the audience, he had the opportunity to attend the Blessing of the Bikes, which was held at the Deruna Raceway. There were over 500 motorcyclists there and there were all kinds of booths there. The message here is that the weather is getting nice, please watch out for the motorcyclists. It was a wonderful event yesterday, recognizing the motorcyclists. Memorial Day events are coming up next Monday. There is an event at Byron Cemetery early in the morning and a little bit later at Fairfield Cemetery. If you have the opportunity, please attend those events. He was at an event about a week ago at the Miami Valley Military History Museum where they talked about what Memorial Day is. It is not about mattress or tire sales. It is about our veterans and those that did not come home. Let's remember it for what it is and not for the commercialization of it. It is a very special day to recognize those who gave all for this country. He mentioned that the Fourth of July is coming up and the Parks and Recreation Department is taking registration for floats and other entries for the Fourth of July Parade. Our parade is the biggest and best in Ohio. If you have never been to the parade, it is certainly a must do. If your organization is interested in putting a float in the parade this is the 250th anniversary of our great country we want to make that parade the biggest and the best ever in this part of the state. Please consider your organization having an entry and possibly even a float in the parade. He cautioned people to watch out for the geese who may be in the road as well.

RECESS INTO EXECUTIVE SESSION

Councilwoman Reaster moved to recess into executive session to consider the appointment, employment, dismissal, discipline, promotion, demotion, or compensation of a public employee or official in accordance with Ohio Revised Code Section 121.22 (G) (1). Councilman Allen seconded. Yeas, seven: Reaster, Allen, Chess, Dodd, McCubbins, Stanton, and Kirkpatrick. Nays, none. Motion carried. The Mayor announced that no action will be taken after they return from the Executive Session. The meeting recessed into executive session at 6:51 p.m.

RECONVENE

Councilwoman Reaster made a motion to reconvene into open session. Councilman Allen seconded. Yeas, seven: Reaster, Allen, Chess, Dodd, McCubbins, Stanton and Kirkpatrick. Nays, none. Mayor Kirkpatrick stated as a part of the process of returning from executive session, as Mayor I am certifying that our discussions in executive session were limited to considering the appointment, employment, dismissal, discipline, promotion, demotion, or compensation of a public employe or official in accordance with Ohio Revised Code Section 121.22(G)(1). The meeting was reconvened at 7:37 p.m.

ADJOURNMENT

Councilwoman McCubbins made a motion to adjourn the meeting. Councilwoman Stanton seconded the motion. Yeas, seven: McCubbins, Stanton, Allen, Chess, Dodd, Reaster, and Kirkpatrick. Nays, none. Motion carried. The meeting was adjourned at 7:37 p.m.

MAYOR

CLERK, CITY OF FAIRBORN
