CITY OF FAIRBORN
COUNCIL MEETING
June 1, 2026, at 6:00 p.m.
Council Chambers

COUNCIL MEMBERS	Present	Absent
Dan Kirkpatrick, Mayor	☒	☐
Clint Allen, Councilman	☒	☐
Sylvia Chess, Councilwoman	☒	☐
Brian Dodd, Councilman	☒	☐
Rodney McCubbins, Deputy Mayor	☒	☐
Mary Reaster, Councilwoman	☒	☐
Tana Stanton, Councilwoman	☒	☐

STAFF MEMBERS PRESENT

Adkins, Gebhart, McClure, McNamee, Schell, Taylor, and White.

Everyone stood for the Pledge of Allegiance and a moment of silence.

APPROVAL OF MINUTES

Councilman Allen moved to approve the minutes of the May 18, 2026, Council Work Session. Councilwoman Reaster seconded. Voice Vote. Motion carried. Mayor Kirkpatrick declared the minutes approved as written.

Deputy Mayor McCubbins moved to approve the minutes of the May 18, 2026, Regular Council Meeting. Councilman Allen seconded. Voice Vote. Motion carried. Mayor Kirkpatrick declared the minutes approved as written.

OLD BUSINESS

ORDINANCE 13-26 AN ORDINNANCE AMENDING THE PAY GRADE ALLOCATION LIST OF THE CITY OF FAIRBORN, OHIO TO CREATE THE POSITION OF FIREFIGHTER (EMT) AND FINANCE SPECIALIST II.

Deputy Mayor McCubbins made a motion to read Ordinance 13-26 for the second time by title only. Councilman Allen seconded. Voice Vote. Motion carried. Mike McNamee, City Solicitor, read Ordinance 13-26 by title only.

Robin McClure, HR Director, explained she would be discussing a couple of additions to the pay-grade allocation list. The first one is a Firefighter/EMT. They heard a little bit about that in the work session. The Fire Department has some struggles with recruitment, and this is a lesser tapped market of Firefighter/EMTs. There are tons of them in the Ohio

area. So, the City is going to be recruiting and hiring those to help in our Departments. They will be required to obtain paramedic certification over a three-year timeline. The course and time spent will be an obligation to the employer. Although staffing policies will assist in keeping overtime at a minimum, the Fire Department is confident that adding this position will help meet the operational needs of the Department while maintaining fiscal responsibility and reaching long-term community goals. There will be no service delivery decreases in the community, as advanced life support care will be maintained on all medics and fire apparatus.

The other position they are going to add is Finance Specialist II. This position will be added to create a structured career ladder within the Finance Department which mirrors what they already have successfully in place in the Utilities Division with Revenue Clerk I, II, III. This position would establish a Finance Specialist II position. The responsibilities within the Finance Department continue to expand. Staff members are increasingly required to perform higher levels of financial analytical administrative functions that extend beyond the scope of the current Finance Specialist position. This one would recognize those items and also support the operational continuity by developing internal expertise and preparing employees for future leadership and supervisory opportunities within the department. The Personnel Advisory Board approved the paygrade allocation list changes/additions on May 10, 2026. Staff recommends approval of Ordinance 13-26.

Mayor Kirkpatrick opened the public hearing.

Mayor Kirkpatrick closed the public hearing.

Councilman Dodd had no questions. He thinks this Finance position is good. There are always steppingstones within a department. The presentation by the Fire Department during the work session was really good. He agrees with this.

Councilman Allen had no questions. He thanked Ms. McClure for her presentation.

Deputy Mayor McCubbins stated during the work session Council received another great briefing from Ryan Williams. One of the things they wanted to point out here is for those that are familiar with medicine there is a distinct difference between a paramedic and EMT. There will be no reduction in services with the addition of EMTs which we have never had in Fairborn before. This is a tool being used to fulfill a recruitment need that not only exists in Fairborn, but in every City in Ohio and probably across the nation. They are hard to recruit. As a health care professional himself and he does recruiting at his job, it is hard. Recruiting is difficult. Having a nine-person vacancy right now and fulfilling those with an EMT assures us better care in the community. It is only going to get better. He thanked Chief Ryan for what he did for the City with that.

Councilwoman Chess had no questions.

Councilwoman Reaster had no questions.

Councilwoman Stanton had no questions.

Mayor Kirkpatrick had no questions. He echoed what Deputy Mayor McCubbins said. This is a step to get everyone to be a paramedic, but it is step they need to take at this point. Again, Chief Williams, great presentation at the work session.

Councilman Allen made a motion to waive the requirement that Ordinances be read on three separate occasion and Ordinance 13-26 be read for the third time by title only. Councilwoman Reaster seconded. Yeas, seven: Allen, Reaster, Chess, Dodd, McCubbins, Stanton, and Kirkpatrick. Nays, none. Mike McNamee, City Solicitor, read Ordinance 13-26 by title only.

Councilwoman Chess moved to adopt Ordinance 13-26. Councilwoman Reaster seconded. Yeas, seven: Chess, Reaster, Allen, Dodd, McCubbins, Stanton and Kirkpatrick. Nays, none. Motion carried. Mayor Kirkpatrick declared Ordinance 13-26 duly adopted.

ORDINANCE 14-26 AN ORDINANCE LEVYING ASSESSMENTS FOR THE 2026 CURB, SIDEWALK AND APPROACH PROGRAM.

Councilwoman Reaster made a motion to read Ordinance 14-26 for the second time by title only. Councilman Allen seconded. Voice Vote. Motion carried. Mike McNamee, City Solicitor, read Ordinance 14-26 by title only.

Janel Regelski, Interim Finance Director, explained Ordinance 14-26 authorizes the City to levy special assessments for the 2026 Curb and Sidewalk Approach Program. She explained that Council adopted Resolution 17-26 on April 6, 2026, approving the list of the parcels and actual project costs authorizing the publication of the assessment information. The required notice was published in the Fairborn Daily Herald once per week for three consecutive weeks ending on April 24, 2026. The objection period expired on May 8, 2026, and no objections were received from property owners. This ordinance is the final step that allows the City to formally levy the assessments associated with this program. Following the effective date of the Ordinance invoices will be issued to the affected property owners. These invoices are scheduled to be mailed on July 1, 2026, and will be due on August 1, 2026. Property owners will have three payment options available to them, including paying the entire amount by the invoice due date either in one lump sum or partial payments before the due date, making partial payments and having the remaining balance certified as a special assessment or make no payments and allow the full amount to be certified to their property taxes. Any balance remaining unpaid after the invoice's due date will be certified and assessed to the property owner's real estate taxes over a five-year period. Assessment certifications are generally due to the County Auditor by the second Monday of September. Council should also note that the Greene County Auditor applies a 5% service charge to any amount certified for assessment. Additionally, if the property is to be sold before the assessment is fully paid the remaining balance becomes due and is typically paid at closing. Initial assessments under $25 are billed in full on the first property tax bill.

In summary, all statutory notice requirements have been completed. The objection period has passed without any objections, and this Ordinance allows the City to proceed with collecting the costs associated with this program. Staff recommends approval of Ordinance 14-26.

Mayor Kirkpatrick opened the public hearing.

Ken Stanley, 358 North Elm, Fairborn stated he has no problem with this he just wishes that Council knows that if we are going to apply this then it should apply to all streets in the City of Fairborn. There should be no public streets in the City of Fairborn that do not have sidewalks. We have plenty of those now. It is not fair for some property owners to have to pay for sidewalks while others do not.

Mayor Kirkpatrick closed the public hearing.

Councilwoman Chess thanked Mrs. Regelski for her hard work.

Councilwoman Reaster had no questions or concerns.

Councilwoman Stanton had no questions.

Councilman Dodd had no questions.

Councilman Allen agreed with the citizen who spoke. They would love to have sidewalks on all those areas as it makes for a safer pattern. He thanked Mrs. Regelski for the presentation.

Deputy Mayor McCubbins had no comments or questions.

Mayor Kirkpatrick stated the neighborhood he lives in does not have sidewalks and that was a decision made by the developer years ago when the neighborhood was developed. He moved in afterwards and he is not sure how that happened, but it did happen.

Deputy Mayor McCubbins made a motion to waive the requirement that Ordinances be read on three separate occasion and Ordinance 14-26 be read for the third time by title only. Councilman Allen seconded. Yeas, seven: McCubbins, Allen, Chess, Dodd, Reaster, Stanton, and Kirkpatrick. Nays, none. Mike McNamee, City Solicitor read Ordinance 14-26 by title only.

Councilwoman Stanton moved to adopt Ordinance 14-26. Councilman Allen seconded. Yeas, seven: Stanton, Allen, Chess, Dodd, McCubbins, Reaster and Kirkpatrick. Nays, none. Motion carried. Mayor Kirkpatrick declared Ordinance 14-26 duly adopted.

NEW BUSINESS

RESOLUTION 26-26 A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF FAIRBORN, OHIO, APPROVING AMENDMENTS TO SECTION 5 (CITY MANAGER ANNUAL PERFORMANCE EVALUATION) AND SECTION 12 (CENSURE AND DISCIPLINE) OF THE RULES OF COUNCIL HANDBOOK ORIGINALLY ADOPTED BY RESOLUTION NO. 45-25.

Councilman Dodd made a motion to read Resolution 26-26 for the first time by title only. Councilwoman Reaster seconded. Voice Vote. Motion carried. Mike McNamee, City Solicitor, read Resolution 26-26 by title only.

Mike Gebhart, City Manager, explained this is an update to the Rules of Council which were last updated in October of 2025. This is specific to two sections. Section Five which is Administrative Affairs of the City and Section Twelve which is censure and discipline. Section Five they are adding a subsection 7 that specifically discusses the City Manager's annual performance evaluation with a process chart. This actually sets in motion what the timeline should be each year for whomever is the City Manager at the time. Usually, the contract that the City Manager has calls for an annual review by January of the following year. All they are doing is formalizing that process. There is a yearly basis which begins towards the end of September where the Department Directors are solicited for their opinions on the City Manager's performance. Once those are collected by the end of October then they go on to City Council for their first meeting in November. There will be an Executive Session, and they will review those notes and by the second meeting in November in Executive Session Council will make their final review and then the Mayor and the HR Director will review that with the City Manager. It formalizes the process.

Censure and Discipline is an update to the existing Section 12 that we discussed in work session. It turns the process into a two-meeting process. Especially centers on a due process for the person that the censure is being requested against. A councilmember would need to make a formal written intention of a censure request to the Clerk of Council. Then the Clerk of Council would place it on the agenda for the next meeting. Again, two meeting process with the notice of introduction, hearing and deliberation would be conducted over those two meetings. The opportunity for the affected Council member to respond and participate. At the second meeting there would be a roll call vote. This also clarifies regarding legal limitations of censure. This does not allow Council to remove a duly elected member of Council. That is again the public voted someone in, and the public must reverse that. Staff recommends approval of Resolution 26-26 amending Section Five by adding subsection 7 and Section 12 of the Rules of City Council.

Councilman Dodd had no questions. It is what they have been working on for quite a while.

Councilman Allen totally agreed that they need to establish sound processes so they can stay in alignment and stay compliant and follow through so they don't find themselves in a pickle. He appreciated the presentation.

Deputy Mayor McCubbins stated this is a live document so they could go back and make changes.

Councilwoman Chess stated this is amazing, It is a very professional way of doing things.

Councilwoman Reaster appreciates the clearly outlined process and timelines for both of those. She is thankful everyone had good productive conversation around that.

Councilwoman Stanton liked it. She thanked Mike Gebhart and all of her colleagues for their work on this.

Mayor Kirkpatrick agreed with everything that had been said. They needed to have this process in place for both issues.

Councilwoman Reaster moved to adopt Resolution 26-26. Councilman Allen seconded. Yeas, seven: Reaster, Allen, Chess, Dodd, McCubbins, Stanton and Kirkpatrick. Nays, none. Motion carried. Mayor Kirkpatrick declared Resolution 26-26 duly adopted.

RESOLUTION 27-26 A RESOLUTION AUTHORIZING THE CITY MANAGER TO SUBMIT AN APPLICATION TO THE OHIO DEPARTMENT OF DEVELOPMENT FOR FUNDING THROUGH THE RESIDENTIAL ECONOMIC DEVELOPMENT DISTRICT (REDD) GRANT PROGRAM FOR FY 2027, AND TO ENTER INTO AN AGREEMENT WITH THE OHIO DEPARTMENT OF DEVELOPMENT TO EXPEND SUCH FUNDS IF AWARDED.

Deputy Mayor McCubbins made a motion to read Resolution 27-26 for the first time by title only. Councilman Allen seconded. Voice Vote. Motion carried. Mike McNamee, City Solicitor, read Resolution 27-26 by title only.

Jalen White, Economic Development Specialist, stated Resolution 27-26 authorizes the City Manager to apply for the State's Residential Economic Development District Grant Program. He explained at the January 5, 2026, meeting the City Council authorized the submission of a REDD grant application through Resolution 1-26. While the project was not selected for funding for fiscal year 2026 it remains eligible for resubmission and can be considered for fiscal year 2027 funding. The application they are planning to submit remains largely unchanged although they have updated several supporting documents to strengthen the application. The City plans to secure letters of support from several partners to strengthen the application, and they have also reviewed successful REDD grant applications to refine the submission. This grant program was created to support work force housing near major economic development projects across the state. To be eligible the proposed location must be within in 20 miles of a major economic development project as defined in the ORC. With two projects located near Wright Patterson within the state, all parcels in the city limits are eligible to receive funding from this grant. As far as funding is concerned approximately $10 million will be available for the fiscal year 2027and applications are open between now and June 15, 2026. The minimum grant amount is $250,000 and the maximum is $2.5 million. The City plans to continue working with Zink & Barker Development Company to resubmit an application for the proposed

multi-family projects at 526 Legion Lane. This project will consist of 104 market rate units on 2.13 acres of land. They plan to use these funds for site readiness and administrative costs. Staff recommends approval of Resolution 27-26.

Councilwoman Chess thanked him for the read ahead information.

Councilwoman Reaster is excited for this opportunity, and she appreciates the effort of going after the "free money" that helps for the vision they have for downtown.

Councilwoman Stanton thanked him for his work.

Councilman Dodd thanked Mr. White for his work. He is excited for this project as well.

Councilman Allen congratulated Mr. White on a good job.

Deputy Mayor McCubbins hopes the City gets the funding this time. These type of funds help to bring the projects into the City.

Mayor Kirkpatrick thanked Mr. White for all of his work that went into this. Hopefully, this year the City will get some money from this program.

Deputy Mayor McCubbins moved to adopt Resolution 27-26. Councilwoman Stanton seconded. Yeas, seven: McCubbins, Stanton, Allen, Chess, Dodd, Reaster, and Kirkpatrick. Nays, none. Motion carried. Mayor Kirkpatrick declared Resolution 27-26 duly adopted.

RESOLUTION 28-26. A RESOLUTION AUTHORIZING THE CITY MANAGER TO ENTER INTO A CONTRACT WITH RUMPKE OF OHIO, INC. FOR COMMERCIAL SOLID WASTE REMOVAL, RECYCLING, AND DISPOSAL SERVICES FOR THE CITY OF FAIRBORN, OHIO.

Councilwoman Stanton made a motion to read Resolution 28-26 for the first time by title only. Councilman Dodd seconded. Voice Vote. Motion carried. Mike McNamee, City Solicitor, read Resolution 28-26 by title only.

Terry Adkins, Public Works Director, greeted Council. He explained he was coming forward to discuss commercial solid waste removal and disposal services under Resolution 28-26. The current contract has been held by Rumpke since 1995 on commercial hauling. This service does some commercial properties, and it is mandatory service for all apartment buildings with four or more units. The current contract ends at the end of June. This has been taken out for bid. In doing so, they are working on their residential as they would like them to flow together. Council will see this contract is actually a 5.5-year contract. That will put both of those on the same timeframe. The base bid when they put that out was a per cubic yard including one weekly bulk pickup at no additional service. It provides solid and recycling dumpster service. The hand collection service has some apartment buildings that are elected to not have dumpsters; they would

rather have the carts like residential properties. That is included in the contract. Again, it is a 5.5-year set rate.

Staff received two companies that were interested in the bid that submitted bids. That was Rumpke Waste and Recycling of Ohio and Waste Management of Ohio. Again, if this contract is approved it will take effect on July 1, 2026. It will run through December 1, 2031. He reviewed the pricing provided by each company. It was close. There was a little bit of confusion on the Waste Management side for recycling, but the hand service per pull charge was quite a bit higher. Staff recommends approval of Resolution 28-26.

Councilman Dodd had no questions. He likes the idea of keeping the same company. It would make it easier on the residents as they would not have to go through a change.

Councilman Allen had no questions.

Deputy Mayor McCubbins asked when the residential contract expires. Mr. Adkins stated it expires December 31, 2026.

Councilwoman Chess asked if we knew why Waste Management's cart handling is so much more. Mr. Adkins stated he did not know.

Councilwoman Reaster had no questions.

Councilwoman Stanton stated it says it has recycling, so if it is an apartment building does that mean that if she moves into an apartment building in Fairborn once this is in place does that mean she will have access to a bin that takes recycling or is that up to the apartment owner. Mr. Adkins stated they are not mandatory so that depends on the ownership of that property. Some do have recycling dumpsters, and some do not. It really just depends on where you live and what the offer is. They are not mandated to provide recycling dumpsters, it is kind of mixed, but it is not mandatory that they have them. Councilwoman Stanton stated it is mandatory that Rumpke has to provide them if the owner of the property would request it, but it is not mandatory that it is available to the citizens who live there.

Mayor Kirkpatrick had no further questions and thanked Mr. Adkins for the work that went into putting those packages together.

Councilwoman Reaster moved to adopt Resolution 28-26. Councilman Allen seconded. Yeas, seven: Reaster, Allen, Chess, Dodd, McCubbins, Stanton and Kirkpatrick. Nays, none. Motion carried. Mayor Kirkpatrick declared Resolution 28-26 duly adopted.

CITIZENS COMMENTS

Mayor Kirkpatrick opened Citizens Comme

James Douglas Chess, III, 455 Coronado Drive, Fairborn, Ohio commended Council for re-updating the handbook Sections Five and 12. It was unfortunate the way it came about,

but it needed to be done. This is a living document, and he knows they will be going back revisiting this every now and then; but he applauded them for doing so.

Ken Stanley, 358 N. Elm, asked if there is any place on the website where they can check on projects throughout the City. He knows there is supposed to be an Engineering building being built on Kauffman over by the courthouse. There was supposed to be a Wawa going in on North Broad that still has a for sale sign on the property. There was a moratorium passed for the dispensary in Fairborn and a lot of these things he has heard nothing about them since. Is there someplace they can check on this stuff to get updates? Mr. Gebhart responded, currently there is not on the website. It is something they continue to talk about. The Wawa had to finish up with an annexation. He assumes in the next 60 to 90 days you will see that construction start. The space over on Kauffman Avenue is still being negotiated through the development agreement. The moratorium was lifted and the zoning code was updated at the end of last year. There are no current applications from anyone to go into that site, as far as he knows.

Mayor Kirkpatrick closed Citizens Comments.

CITY MANAGER COMMENTS

Mike Gebhart, City Manager, reviewed the June milestones including milestones ranging from 30 years down to one year. He thanked everyone for their service.

Community Movie Night went very well last Friday night at Central Park. Zootopia was the movie. He thanked the residents and the Parks and Recreation staff for making this event a success.

Today started Safety City and we always want to give a shout out to Laura Meder and Officer Pettit and the members of our public safety team for all they do over the next two weeks for kindergarteners entering the first grade this year. The kids love it. Chief Williams is a graduate of that program. We hope that it continues strong for decades to come. Today was the first class there are two sessions this week and two next week. There is some consideration to adding classes to the 2027 Safety City Program. Thanks to all of our staff that make this happen. Kids have a great time and they learn a lot.

COUNCIL COMMENTS

Councilwoman Chess thanked everyone for their attendance at the meeting. The weather is looking good now so watch out for the motorcycles. Drink plenty of water and be safe. There is a lot going on in Fairborn. When you look at the website and social media there is so many events that you can attend. The only thing is that we have to be safe out there. Safety is always priority. Think of those people who are still in need. The storms have torn up people's homes and trees are falling down. You find yourself helping neighbors continue to be kind and nice to each other. Help one another out. That is what Fairborn is all about.

Councilwoman Reaster thanked the milestone recipients, as always, for choosing to serve the citizens of Fairborn. The last thing she had is that school is obviously out so make sure you watch for those little kids they like to dart out in traffic, especially in those residential areas. So, when the speed limit is 20 or 25, please do it.

Councilwoman Stanton congratulated the milestone recipients. She wishes she could put herself in a time machine and go back to Safety City because she is not a graduate of it. She hopes all the kids have fun with that event.

Councilman Dodd congratulated the milestone recipients. Like Mary said he is glad they chose Fairborn to work here. It is always nice. He had a few out-of-town visitors and he spoke very highly of our Safety City program, and they were really impressed with it. He thinks that it is a great item in the City of Fairborn. Like Mary said, the kids are out of school so please be safe. Watch your speed. The weather is starting to get warm so make sure you hydrate.

Councilman Allen stated it was great to see everyone at the meeting. It is always good. Just a couple of things from him. They have already mentioned Safety City. He just thinks it is awesome to see the kids do what they do and they learn that over a week. It is beautiful. There are two events happening this month. The Pride event is going to happen on the 13th at the Amphitheater and then also Juneteenth, which will happen on the 19th at Central Park. There are two opportunities to celebrate and again, this is summertime and the time for celebrations. The last thing he has to say is just be kind. It costs nothing to be kind.

Deputy Mayor McCubbins reminded everyone that it is grass cutting season. Please get your grass cut. If you have issues with equipment, Fairborn has a lending closet that is open 10:00 a.m. to 3:00 p.m. Monday through Friday by appointment. All you have to do is call 754-3060 and they will help you. If you are having issues, if there is a delay of some sort if you give them a call and work something out so they don't end up giving you a citation and that $200 or $300 bill. They will work with you. It is festival season, so a lot of events are going on in the City itself. In addition to the two that Clint talked about we also have the Free on Friday concerts at Community Park. There will be one on the 12th and another one on the 26th. He ended by giving the first responders a big thank you. He is always praising the first responders. During the Council work session, they had a discussion with Chief Williams about how busy it has been for them this past week. He enlightened them to a lot of the activities that have gone on in the last 10 days. Something to the tune of three water rescues, three or four active structure fires, two of which required mutual aid and in all that it is not just the Fire Department that responds, the Police respond also. Thanks to our first responders for all they do and showing up and keeping our public safe. He is proud to report that we had no fatalities out of any of that. They do all of that on top of their daily work, which is about 20 runs per day, training, and everything else they have to do. Those people are busy, so when you see them thank them.

Mayor Kirkpatrick thanked the milestone recipients for their dedication to the community and being a part of what goes on. A lot has been happening, and a lot is going to be happening as has already been mentioned. A week ago, they had several Memorial Day

events in Fairborn. Those went very well. There are a lot of 250th anniversary events being planned throughout the rest of the year. Be aware of some of those. We have an active committee that is meeting on a regular basis to help plan and make sure those events happen. The Fourth of July is only a month away. We are trying to make this year's parade biggest and best ever. So. if you are even remotely thinking about having a float, this is the year to do it. There is a committee working with that and you can register your floats with the Parks and Recreation Department.

It has already been mentioned about Pride Day and Juneteenth Day. There are a lot of kids' activities. One of the messages is to please be aware there are kids all over. One of the things he has noticed this year more than ever is the number of scooters and little motorbikes on the road. Kids riding them. A lot of them unfortunately are without helmets. Please be aware. He was watching a teenager the other day on one of those scooters that you stand up to ride, and he was actually sitting on the scooter with his hands up like he was riding a chopper, and he was on a sidewalk and suddenly swerved right out into the street in front of some cars. Please be aware as we don't want our Fire Department to have to respond to things like that. Be aware of the kids' activities going on. The Safety City has already been mentioned. He threw out a big thanks to Rich Renken and Terri Lynn Perkins who worked very hard to redo those buildings, getting them painted and built. Special thanks to them. Last Saturday there was an Honor Flight out at Dayton Airport. If you have never been to an Honor Flight this was a really special one. One of the founders of Honor Flight, Al Bailey, who is from the Enon area was recognized for all the work he has done and not only getting our Honor Flight moving forward but starting Honor Flight chapters all over the United States. He was recognized. He is stepping down as the President of the local area Honor Flight and a new person is taking over. If you know a veteran who meets the criteria for the Honor Flight, it is a wonderful opportunity.

We have had a number of Breakfasts with the Mayor that have been set up by a local resident and sponsored by the Senior Center and comments have been made as to why they don't do one in the evening so they are looking at having an evening event on June 29, 2026 at the Senior Center with more information to follow. Those are there for strictly as an opportunity to ask questions and provide information. Again, those are open to anyone. The Senior Center has been a big sponsor for that. It has already been mentioned about cleaning up. If you need tools the City has that program. Be aware there are lots of things going on this Summer. Let's make safety and security a number one issue. We have the best Police and Fire Department in the State of Ohio, but let's not overwork them. Let's be safe and secure.

ADJOURNMENT

Councilwoman Chess made a motion to adjourn the meeting. Deputy Mayor McCubbins seconded the motion. Yeas, seven: Chess, McCubbins, Allen, Dodd, Reaster, Stanton, and Kirkpatrick. Nays, none. Motion carried. The meeting was adjourned at 6:44 p.m.

MAYOR

CLERK, CITY OF FAIRBORN
